Family Is an Island Ilana Gershon, 2012-05-08 Government bureaucracies across the globe have become increasingly attuned in recent years to cultural diversity within their populations Using culture as a category to process people and dispense services however can create its own problems and unintended consequences In **No Family Is an Island** a comparative ethnography of Samoan migrants living in the United States and New Zealand Ilana Gershon investigates how and when the categories cultural and acultural become relevant for Samoans as they encounter cultural differences in churches ritual exchanges welfare offices and community based organizations In both New Zealand and the United States Samoan migrants are minor minorities in an ethnic constellation dominated by other minority groups As a result they often find themselves in contexts where the challenge is not to establish the terms of the debate but to rewrite them To navigate complicated and often unyielding bureaucracies they must become skilled in what Gershon calls reflexive engagement with the multiple social orders they inhabit Those who are successful are able to parlay their own cultural expertise their Samoanness into an ability to subtly alter the institutions with which they interact in their everyday lives Just as the cultural is sometimes constrained by the forces exerted by acultural institutions so too can migrant culture reshape the bureaucracies of their new countries Theoretically sophisticated yet highly readable **No Family Is an Island** contributes significantly to our understanding of the modern immigrant experience of making homes abroad **Soil and Stone** Frances Fowle, 2017-07-05

The Impressionists are world renowned for their vibrant depictions of the atmospheric effects and shimmering beauty of the French countryside These paintings often produced in Paris found an enthusiastic market in the city The inhabitants of that hub of modernity had an apparently paradoxical interest in the mythologies of rural living As the city became more and more the motive force of social change so the country was understood as the anchor of changelessness and nostalgia The essayists in this volume examine the complex relationship between country and city Their work draws widely on the contemporary

culture exploring folklore and children's literature anarchism and urbanism and offers significant new insights into the work of major artists and writers including Courbet Millet Monet Van Gogh and Zola **Subjects of Advice** Ivan

Lupić,2019-09-30 In *Subjects of Advice* Ivan Lupi uncovers the rich interconnectedness of dramatic art and the culture of counsel in the early modern period While counsel was an important form of practical knowledge with concrete political consequences it was also an ingrained cultural habit a feature of obligatory mental moral and political hygiene To be a Renaissance subject Lupi claims one had to reckon with the advice of others Lupi examines this reckoning in a variety of sixteenth century dramatic contexts The result is an original account of the foundational role that counsel played in the development of Renaissance drama Lupi begins by considering the figure of Thomas More whose influential argument about counsel as a form of performance in *Utopia* set the agenda for the entire century Resisting linear narratives and recovering instead the simultaneity of radically different kinds of dramatic experience he shows the vitality of later dramatic engagements with More's legacy through an analysis of the moral interlude staged within *Sir Thomas More* a play possibly coauthored by Shakespeare More also helps explain the complex use of counsel in Senecan drama from the neo Latin plays of George Buchanan discussed in connection with Buchanan's political writings to the historical tragedies of the mid sixteenth century If tyranny and exemplarity are the keywords for early Elizabethan drama of counsel for the plays of Christopher Marlowe it is friendship Lupi considers Marlowe's interest in friendship and counsel most notably in *Edward II* alongside earlier dramatic treatments thus exposing the pervasive fantasy of the ideal counselor as another self *Subjects of Advice* concludes by placing *King Lear* in relation to its dramatic sources to demonstrate Shakespeare's deliberate dispersal of counsel throughout his play Counsel's customary link to plain and fearless speech becomes in Shakespeare's hands a powerful instrument of poetic and dramatic expression **Misfire** Shirley Burton,2024-02-07

Ginger Phillips was so moved by Brad's earnest pleadings for her hand in marriage that she consented She was comfortable in his love perhaps too comfortable for deeper intimacy Her intrigue with gods and goddesses resulted in a new narrative away from her blissful life Her study of mythology indicated that Hera goddess of marriage was active throughout her life In Brad's life Ginger believed Dionysus was an influence in him and not in a good way for his work life Nevertheless Ginger and Brad two opposites joined together in matrimony Such a pairing could have been no other way for Ginger because dreams and mythology converged for her to conclude these archetypes were at work in their fate **Writing The Broadway Musical** Aaron Frankel,2009-09-09
