Paul The Letter Writer:

Paul the Letter-Writer and the Second Letter to Timothy Michael Prior, 1989-03-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul's letters especially the fact that many of them are co-authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy's courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team *Paul the Letter-writer* Jerome Murphy-O'Connor, 1995 How did Paul use his secretaries Did he rely on co-authors Did his rhetorical education affect the way he organised his material This book confronts these questions on the basis of extensive quotations from classical Greek and Latin authors A synoptic survey of the beginnings and ends of the letters brings out the extent to which Paul both used and adapted current epistolary conventions The intention of the book is to humanize the Pauline letters and make their complex theology less daunting Adapted from back cover **Paul, the Letter Writer** M. Luther Stirewalt, 2003 This engaging study shows how Paul's stylized use of the official Roman letter a form of communication of great social import in his day played a crucial role in his apostolic ministry conveying both his self identity and sense of authority M Luther Stirewalt describes the logistics of letter writing in the first century Mediterranean world and shows how official letters served to substitute for speeches to an audience to convey executive official or bureaucratic matters or to bring complaints or petitions from citizens to officials He then shows how Paul structured his apostolic correspondence after these models of writing drawing evidence directly from seven Pauline epistles 1 Thessalonians 1 and 2 Corinthians Philippians Philemon Galatians and Romans Cutting a new angle on Paul's purposes his ministry and his pastoral concerns Stirewalt's *Paul the Letter Writer* will appeal to readers of the Bible and ancient history *Paul and First-Century Letter Writing* E. Randolph Richards, 2004-10-22 Informed by the historical evidence and with a sharp eye for telltale clues in the Apostle Paul's letters E Randolph Richards takes us into his world and places us on the scene with Paul the letter writer offering a glimpse that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be **Paul, the Letter Writer** Martin Luther Stirewalt (Jr.), 2003 *Paul the Ancient Letter Writer* Jeffrey A. D. Weima, 2016-11-15 This clear and user friendly introduction to the interpretive method called epistolary analysis shows how focusing on the form and function of Paul's letters yields valuable insights into the apostle's purpose and meaning The author helps readers interpret Paul's

letters properly by paying close attention to the apostle's use of ancient letter writing conventions Paul is an extremely skilled letter writer who deliberately adapts or expands traditional epistolary forms so that his persuasive purposes are enhanced This is an ideal supplemental textbook for courses on Paul or the New Testament It contains numerous analyses of key Pauline texts including a final chapter analyzing the apostle's Letter to Philemon as a test case to demonstrate the benefits of this interpretive approach **Paul and the Ancient Letter Form** Stanley E. Porter, Sean A. Adams, 2010-03-22 Throughout the last century there has been continuous study of Paul as a writer of letters Although this fact was acknowledged by previous generations of scholars it was during the twentieth century that the study of ancient letter writing practices came to the fore and began to be applied to the study of the letters of the New Testament This volume seeks to advance the discussion of Paul's relationship to Greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components These features are evaluated alongside Paul's letters to better understand Paul's use and adaptations of these traditions in order to meet his communicative needs *Paul, The Letter Writer* Tim Hegg, 2001

Paul the Letter-writer: His World, His Opinions, His Skills Jerome Murphy-O'Connor, 1995 *Paul the letter-writer and the Second Letter to Timothy* Michael Prior, 1989 **The Letter Writer** Tim Hegg, 2008-06-01 **The Letters of Paul** Calvin J. Roetzel, 2009-01-01 This 5th edition has been updated to reflect developments in the scholarship since 1998 It is an introduction to St Paul and his writings aimed at students Paul, Apostle to the Nations Walter F. Taylor, 2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Paul's thought on gender and sexuality Paul Michael Prior (c.m.), 1989 God as Father in Paul Abera M. Mengestu, 2013-08-28 God as Father in Paul explores Paul's use of the kinship term Father to refer to God along with related familial terms children of God and Christ followers as brothers and sisters as part of a study of the use of kinship language in the identity formation of early Christianity Mengestu argues that these kinship terms are shared modes of identity constructions within the wider textual and cultural settings the Roman Empire the Roman Stoic philosophers the Hebrew Bible and ancient Jewish literature from which Paul draws on as well as contests Employing theoretical kinship and social identity theory as well as interpretative approaches imperial critical and narrative approaches to Paul he contends that Paul uses God as Father consistently strategically and purposefully in both stable and crisis situations to develop a narrative orienting framework that images the community of Christ followers as a family that belongs to God who together with the Lord Jesus Christ bestows on them equal but diverse membership in the family The narrative so constructed forms the foundation for referring to Christ followers as children of God and brothers and sisters of one another It constructs boundaries and serves as nexus of transformation and negotiation The Making of the New Testament Arthur G. Patzia, 2025-11-04 The story of the making of the New Testament is one in which scrolls bumped

across cobbled Roman roads and pitched through rolling Mediterranean seas finally finding their destinations in stuffy dimly lit Christian house churches in Corinth or Colossae There they were read aloud and reread handled and copied forwarded and collected studied and treasured And eventually they were brought together to make up our New Testament This revised and expanded edition of *The Making of the New Testament* is a textbook introduction to the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading subtle whispers of evidence biblical scholars have studied the trail of clues and pieced together the story of these books Arthur Patzia tells the story answering our many questions How were books and documents produced in the first century What motivated the early Christians to commit teaching and narrative and vision to papyrus How were the stories and sayings of Jesus circulated handed down and shaped into Gospels What do we know about ancient letter writing secretaries and copy shops Why were four Gospels included instead of just one How were Paul's letters sent here and there gathered into a single collection Who decided and by what criteria which documents would be included in the New Testament Explore these questions and more about these Scriptures whose everyday gritty story rings true to their extraordinary message the palpable mystery of the Word made flesh

Entering the Fray T. Michael W. Halcomb, 2012-08-02 In modern times the relationship between the church and academy has been strained and tension filled Mainstream church culture has often been skeptical of Bible scholars depicting them as self serving intellectuals trying to out think God by devising new and controversial interpretations Just as well academics have often leveled harsh critiques against church culture painting pastors and laity as anti intellectual pseudo spiritualists *Entering the Fray* argues that in spite of the wide gap between the academic and ecclesiastical worlds the modern church should be aware of the key discussions taking place among biblical scholars To be sure the average churchgoer has not been tuned in to scholarly conversations concerning matters such as the Messianic Secret Q the Historical Jesus the pistis Christou debate and related topics In fact they may have purposefully tuned out Some however are simply unaware that any such dialogue has taken place and beyond the internet may not have the first clue as to how to explore the details This primer seeks to function as that first clue by helping congregants pastors and students of the Bible enter into the fray of scholarly discussions that over the last few hundred years have shaped both the academy and church

The Oxford Handbook of Pauline Studies Matthew V. Novenson, R. Barry Matlock, 2022-04-08 The *Oxford Handbook of Pauline Studies* brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the apostle Part Four uses a

number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul. It is demonstrated that reading Paul is not and never has been just one thing. It has always been a matter of the particular questions and interests that the reader brings to these very generative texts. The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today, paying particular attention to theory and method in interpretation. It considers traditional approaches alongside recent approaches to Paul, including gender, race, and ethnicity and material culture. Brought together, the chapters are an ideal resource for teachers and students of Paul and his letters.

Paul's Interlocutor in Romans 2 Runar

Thorsteinsson, 2015-12-22 Thorsteinsson's study of Romans poses a thoroughly argued challenge to Pauline scholarship. His argument has the potential of invalidating the reading of Romans 2 that has contributed to a perception of Paul as utterly negative towards his fellow Jews and first-century Judaism. Among matters of scholarly dispute is the function and identity of Paul's interlocutors in chapter 2 of Romans. Scholars agree universally that the individual addressed in 2:17-29 is a Jew, but with respect to the identity of the interlocutor of 2:1-5, there is no consensus. The majority of scholars hold that the interlocutor is a Jew throughout the chapter. A weighty minority argues that the individual addressed in 2:1-5 is a Gentile and that there is a shift of interlocutor in 2:17. In his investigation into the pros and cons of these positions, Thorsteinsson endeavors to challenge both majority and minority. Basic to his approach is to allow the larger context and framework of the letter to be of help in assessing the function and identity of Paul's partner(s) in dialogue. Thus, the epistolary structure and setting of Romans, the relationship between Paul and his audience, the identity of the audience, and the dialogical style of the letter are used to ascertain the function and identity of Paul's interlocutor(s) in Romans 2. By engaging an imaginary interlocutor, Paul utilizes a well-established epistolary technique in Greco-Roman antiquity. Thorsteinsson concludes that Paul wrote Romans to a particular group of people in a specific contemporaneous situation. The letter's message arose out of Paul's missionary obligation to proclaim God's good news to Gentiles in Rome. The minority view that Paul's interlocutor in 2:1-5 is a Gentile is combined with the majority opinion that there is but one interlocutor throughout the chapter. In sum, the common opinion that Romans 2 contains Paul's piercing critique of his fellow Jew should be rejected. The individual censured in the chapter is not a Jew but a Gentile who claims to be a Jew.

Mark and Paul Eve-Marie Becker, Troels

Engberg-Pedersen, Mogens Mueller, 2014-05-08 This volume brings together an international group of scholars on Mark and Paul respectively who reopen the question whether Paul was a direct influence on Mark. On the basis of the latest methods in New Testament scholarship, the battle over Yes and No to this question of literary and theological influence is waged within these pages. In the end, no agreement is reached, but the basic issues stand out with much greater clarity than before. How may one relate two rather different literary genres, the apostolic letter and the narrative gospel? How may the theologies of two such different types of writing be compared? Are there sufficient indications that Paul lies directly behind Mark for us to

conclude that through Paul himself and Mark the New Testament as a whole reflects specifically Pauline ideas What would the literary and theological consequences of either assuming or denying a direct influence be for our reconstruction of 1st century Christianity And what would the consequences be for either understanding Mark or Paul as literary authors and theologians How far should we give Paul an exalted a position in the literary creativity of the first Christians Addressing these questions are scholars who have already written seminal on the issue or have marked positions on it like Joel Marcus Margaret Mitchell Gerd Theissen and Oda Wischmeyer together with a group of up coming and senior Danish scholars from Aarhus and Copenhagen Universities who have collaborated on the issue for some years The present volume leads the discussion further that has been taken up in Paul and Mark ed by O Wischmeyer D Sim and I Elmer BZNW 191 2013
