

The background of the image is a religious painting. It depicts St. Paul, a bearded man with a halo, wearing a green tunic and an orange cloak. He is shown from the side, gesturing with both hands raised as if in the middle of a sermon. He stands in a grand, classical interior with large columns and arches. In the lower right foreground, the heads and shoulders of several listeners are visible, looking towards the speaker. The overall style is that of a Renaissance or Baroque religious artwork.

His Letters F. B. A. Asiedu, 2019-11-20 Paul the apostle and historian Flavius Josephus spent considerable parts of their careers away from Jerusalem. They cultivated Roman audiences under very different circumstances. Paul with his Letter to the Romans and Josephus with the writings he produced in Rome after the Jewish War. Curiously, Paul's last visit to Jerusalem coincided with Josephus's entry into public life, a period about which Josephus is deliberately silent. In *Paul and His Letters: Thinking with Josephus*, F. B. A. Asiedu selects themes from Josephus's life to explore Paul's letters and biography that contribute to his uniqueness in Jewish history. He highlights, for example, the need to read Romans 9-11 as aporetic discourse to appreciate Paul as an existential thinker. Asiedu considers, among other things, the authenticity of Paul's letters and offers an alternative to the prevailing scholarly consensus. He also maintains that the Pauline collection in the New Testament first took shape in the house of Gaius in Corinth, where Paul composed his Letter to the Romans. Asiedu also suggests that the traditional view that Luke the physician wrote the Acts of the Apostles is probably a mistake. He argues that Titus the Greek, the coworker and friend of Barnabas and Paul, most likely authored it. *Jerome's Commentaries on the Pauline Epistles and the Architecture of Exegetical Authority* Andrew Cain, 2021-10-07 In the late fourth and early fifth centuries, during a fifty-year stretch sometimes dubbed a Pauline renaissance of the Western Church, six different authors produced over four dozen commentaries in Latin on Paul's epistles. Among them was Jerome, who commented on four epistles: Galatians, Ephesians, Titus Philemon, and 1 Timothy. In 386, after recently having relocated to Bethlehem from Rome, his commentaries occupy a time-honored place in the centuries-long tradition of Latin language commenting on Paul's writings. They also constitute his first foray into the systematic exposition of whole biblical books and his only experiment with Pauline interpretation on this scale, and so they provide precious insight into his intellectual development at a critical stage of his early career, before he would go on to become the most prolific biblical scholar of Late Antiquity. This monograph provides the first book-length treatment of Jerome's *opus Paulinum* in any language. Adopting a cross-disciplinary approach, Cain comprehensively analyzes the commentaries' most salient aspects: from the inner workings of Jerome's philological method and engagement with his Greek exegetical sources to his recruitment of Paul as an anachronistic surrogate for his own theological and ascetic special interests. One of the overarching concerns of this book is to explore and to answer, from multiple vantage points, a question that was absolutely fundamental to Jerome in his fourth-century context: what are the sophisticated mechanisms by which he legitimized himself as a Pauline commentator, not only on his own terms but also vis-à-vis contemporary Western commentators?

A Discourse Analysis of Galatians and the New Perspective on Paul David I. Yoon, 2019-04-09 In *A Discourse Analysis of Galatians and the New Perspective on Paul*, David I. Yoon outlines discourse analysis from the framework of Systemic Functional Linguistics for analyzing Paul's letter to the Galatians. From this analysis, he determines whether the context of the situation better reflects the New Perspective on Paul, covenantal nomism, or a more traditional perspective, legalism. The first half of the book introduces the New Perspective on Paul and discourse analysis, followed by a detailed model of SFL discourse

analysis with respect to register and context of situation The second half is a discourse analysis of Galatians This is the first monograph length study to address the New Perspective on Paul from a linguistic approach and will as such be of great interest to scholars of Pauline Studies linguistics and theology **From Pentecost to Patmos** Craig L. Blomberg, 2006 A companion to Jesus and the Gospels Blomberg's ECPA Gold Medallion winner From Pentecost to Patmos introduces serious Bible students to the depths of information found in Acts through Revelation **The Oxford Bible Commentary** John Barton, John Muddiman, 2007-01-25 CD ROM contains Introductions and verse by verse commentaries to Genesis and Mark's Gospel Logos Library System **Jesus in History, Legend, Scripture, and Tradition** Leslie Houlden, Antone Minard, 2015-06-23 This multifaceted work contextualizes Jesus in religion and culture by bringing together articles on folklore history literature philosophy popular culture and theology Many books have been written about Jesus but this two volume work takes a different approach than most What sets it apart is that it emphasizes Jesus' lasting impact on world history and his legacy in the imagination over 2 000 years Written as an introduction the encyclopedia is equally suitable for Christians who wish to better understand the history and philosophy of their religion and for non Christians who wish to grasp Christianity in its historical and social contexts Alphabetically arranged entries cover representations of Jesus in the bible and the writings of key theologians examining the essentials of philosophical and religious views across history The set also includes hundreds of entries that reflect on the role Jesus has played in popular culture and contemporary vernacular religion perspectives that are not usually placed alongside theology Through the encyclopedia students will see how artists writers philosophers church figures and others have imagined Jesus and been influenced by their perceptions of him At the same time primary documents will encourage students to compare and contrast ideas and evaluate arguments that have arisen over 20 centuries **Tentmakers** James W. Watson, Narry F. Santos, 2022-09-27 Tentmaking is a growing reality in Western society that necessitates more reflection and relevant response from pastoral and mission leaders The need to consider bivocational or multivocational ministries is catalyzed by established congregations wrestling with decline in attendance by new immigrant communities looking for sustainable ways to minister and by misunderstanding or lack of information on the nature of this ministry approach This need is also triggered by the urgency to address biblical theological and pragmatic issues of tentmaking that can forge a way forward for the Canadian church in the midst of an uncertain future This volume seeks to forge a way forward as a result of the Canadian Multivocational Ministry Project CMMP a qualitative and community based research project among tentmaking pastoral leaders across Canada This research partnered with the Wellness Project Wycliffe which uses online questionnaires to assess wellness in congregational ministry The CMMP research report and the wellness findings form the basis of the multifaceted reflections in the book by Canadian scholars researchers and multivocational practitioners This book offers an accurate pulse of the challenges opportunities and future of tentmaking in relation to Christianity and the church in these uncertain times **Paul** Robert Paul Seesengood, 2010-01-15 Seesengood

traces the life and impact of Paul one of Christianity's most influential figures through the major periods of Christian history Exploring the changing interpretations of Paul and his work the author throws new light on his writings and on religious history Offers a unique insightful journey through the many and varied interpretations of Paul's life and work over 2 000 years from the Gnostic controversy to Luther and the Reformation to contemporary debates over religion and science Explains Paul's pivotal role within Christian history and how his missionary journeys canonized epistles and theological insights were cornerstones of the early Church and central to the formation of Christian doctrine Argues that each new interpretation of Paul is the result of a fresh set of cultural social and ideological circumstances and so questions whether it is ever possible to discover the real Paul
