## **Paul Celan Eine Biographie Seiner Jugend:**

*Paul Celan* Hugo Bekker, 2008-01-01 Paul Celan Studies in His Early Poetry scrutinizes the influences detectable in the poems written during 1938-48. Among German writers Bchner, Goethe, Gottfried von Strassburg, Gryphius, Mrike, the poet of the Nibelungenlied, Novalis, Rilke, and Trakl all provided motifs that often repeated, make for a dense network inviting attention to the self-referential and self-revealing patterns in Celan's early work. In addition, there are many poems that contain motifs gleaned from Greek mythology and/or biblical data. These references, on occasion quite clear, more often so obscure as to be hazy allusions, yield the view that during his first decade of poetic activities Celan becomes increasingly recondite. When these references or allusions stand side by side in a given poem, they acquire a surrealistic tint and threaten to withhold clear meaning. Ambiguities deliberately cultivated in the earliest poems begin to boomerang and read like so many preludes to the struggles with language evident in the poetry of Celan's maturity. It is a certainty that Celan reacted quickly, if not immediately, to the events befalling the scenes of his early years: Czernowitz and the forced labor camp. This phenomenon mandates the view of his poems as so many pieces of autobiography. It thus is inevitable that as early as 1940 he wrote against the backdrop of war and soon thereafter in the shadow of the Holocaust that was destined to brand his mind forever. This volume is meant for anyone interested in Celan, close reading of modern poetry in general, comparative literature, motif studies, poetic reactions to Holocaust events, or even in a Jew's concept regarding the role of the deity in the destruction of those for whom the poet speaks.

### **Western Art and Jewish Presence in the Work of Paul Celan** Esther

Cameron, 2014-10-15 *Western Art and Jewish Presence in the Work of Paul Celan: Roots and Ramifications of the Meridian* Speech addresses a central problem in the work of a poet who holds a unique position in the intellectual history of the twentieth century. On the one hand, he was perhaps the last great figure of the Western poetic tradition, one who took up the dialogue with its classics and who responded to the questions of his day from a global concern, if often cryptically. And on the other hand, Paul Celan was a witness to and interim survivor of the Holocaust. These two identities raise questions that were evidently present for Celan in the very act of poetry. This study takes the form of a commentary on Celan's most important statement of his poetics and beliefs, *The Meridian*, which is an extraordinarily condensed text packed with allusions and multiple meanings. It reflects his early work and anticipates later developments so that the discussion of *The Meridian* becomes a consideration of his oeuvre as a whole. The commentary is an act of listening, an attempt to hear what these words meant to the poet, to see the landscapes from which they come and the reality they are trying to project, and in the light of this to arrive at a clear picture of the relation between Celan's Jewishness and his vocation as a Western writer.

**Paul Celan's Encounters with Surrealism** Charlotte Ryland, 2017-12-02 Paul Celan (1920-1970), one of the most important and challenging poets in post-war Europe, was also a prolific and highly idiosyncratic translator. His post-Holocaust writing is inextricably linked to the specific experiences that have shaped contemporary European and American identity, and at the

same time has its roots in literary philosophical and scientific traditions that range across continents and centuries surrealism being a key example Celan s early works emerge from a fruitful period for surrealism and they bear the marks of that style not least because of the deep affinity he felt with the need to extend the boundaries of expression In this comparative and intertextual study Charlotte Ryland shows that this interaction continued throughout Celans lifetime largely through translation of French surrealist poems and that Celans great oeuvre can thus be understood fully only in the light of its interaction with surrealist texts and artworks which finally gives rise to a wholly new poetics of translation Charlotte Ryland is Lecturer in German at St Hughs College and The Queens College Oxford Paul Celan Petre Solomon,2019-02-28 In the immediate aftermath of World War II Paul Celan moved to Bucharest where he spent more than two years working as a translator at Carta Rusa publishing house During that time he was introduced to poet and translator Petre Solomon and began a close friendship that would endure many years despite the distances that separated them and the turbulent times in which they lived In this poignant memoir Solomon recalls the experiences he shared with Celan and captures the ways in which Bucharest profoundly influenced Celan s evolution as a poet He recounts the publication of the famous Todesfuge for the first time in the Romanian magazine Agora and his fertile connection with the Romanian surrealist movement Through Solomon s vivid recollection and various letters Celan sent to friends readers also get an intimate glimpse of Celan s personality one characterized by a joyful appreciation of friendship and a subtle sense of humor Translated from the original Tegla s edition makes this remarkable memoir available to a much deserved wider audience for the first time **Paul Celan Today** Michael Eskin,Karen Leeder,Marko Pajević,2021-08-23 Marking Paul Celan s 100th birthday and the 50th anniversary of his death this volume endeavours to answer the following question why does Celan still matter today more than ever perhaps And why should he continue to matter tomorrow In other words the volume explores and assesses the enduring significance of Celan s life and uvre in and for the 21st century Boasting cutting edge research by international scholars together with original contributions by contemporary artists and writers this book attests to on the one hand the extent to which large swathes of contemporary philosophy poetics literary scholarship and aesthetics have been indebted to Celan s legacy and are simply unthinkable without it and on the other hand to the malleability adaptability breadth and depth of Celan s poetics which like the music of The Beatles Led Zeppelin or Queen is reborn and rediscovered with every new generation **Paul Celan** John Felstiner,2001-01-01 Paul Celan Europe s most compelling postwar poet was a German speaking East European Jew His writing exposes and illumines the wounds that Nazi destructiveness left on language John Felstiner s sensitive and accessible book is the first critical biography of Celan in any language It offers new translations of well known and little known poems including a chapter on Celan s famous Deathfugue plus his speeches prose fiction and letters The book also presents hitherto unpublished photos of the poet and his circle Drawing on interviews with Celan s family and friends and his personal library in Normandy and Paris as well as voluminous German commentary Felstiner tells

the poet's gripping story his birth in 1920 in Romania the overnight loss of his parents in a Nazi deportation his experience of forced labor and Soviet occupation during the war and then his difficult exile in Paris The life's work of Paul Celan emerges through readings of his poems within their personal and historical matrix At the same time Felstiner finds fresh insights by opening up the very process of translating Celan's poems To present this poetry and the strain of Jewishness it displays Felstiner uncovers Celan's sources in the Bible and Judaic mysticism his affinities with Kafka Heine Hlderlin Rilke and Nelly Sachs his fascination with Heidegger and Buber his piercing translations of Shakespeare Dickinson Mandelshtam Apollinaire First and last Felstiner explores the achievement of a poet surviving in his mother tongue the German language that had passed Celan said through the thousand darknesses of deathbringing speech Arts of Incompletion ,2021-07-19

**Between Celan and Heidegger** Pablo Oyarzun, 2022-06-01 The relevance of Martin Heidegger s thinking to Paul Celan s poetry is well known Between Celan and Heidegger proposes that while the relation between them is undeniable it is also marked by irreducible discord Pablo Oyarzun begins with a deconstruction of Celan s Todtnauberg written after the poet visited Heidegger in his Schwarzwald cabin The poem stands as a milestone not only in the complex relationship between the two men but also in the state of poetry and philosophy in late modernity in the aftermath of the Holocaust Discussion then turns to The Meridian Celan s acceptance speech for the prestigious B chner Prize for German language literature Other issues are insistently addressed place art language pain existence and the Heideggerian notion of dialogue as Oyarzun revisits several essential poems from Celan s oeuvre A rare translation of Oyarzun s work into English Between Celan and Heidegger affirms the uniqueness of Celan s poetry in confrontation both with Heidegger s discourse on Dichtung a poetic saying centered in the idea of gathering and with Western philosophical notions of art techn mimesis poesis language and thinking more broadly

*The Sense of Semblance: Philosophical Analyses of Holocaust Art* Henry W. Pickford, 2013 Holocaust artworks intuitively must fulfill at least two criteria artistic lest they be merely historical documents and historical lest they distort the Holocaust or become merely artworks The Sense of Semblance locates this problematic within philosophical aesthetics as a version of the conflict between aesthetic autonomy and heteronomy and argues that Adorno s dialectic of aesthetic semblance describes the normative demand that artworks maintain a dynamic tension between the two The Sense of Semblance aims to move beyond familiar debates surrounding postmodernism by demonstrating the usefulness of contemporary theories of meaning and understanding including those from the analytic tradition Pickford shows how the causal theory of names the philosophy of tacit knowledge the analytic philosophy of quotation Sartre s theory of the imaginary the epistemology of testimony and Walter Benjamin s dialectical image can help explicate how individual artworks fulfill artistic and historical desiderata In close readings of Celan s poetry Holocaust memorials in Berlin the quotational artist Heimrad Becker Claude Lanzmann s film Shoah and Art Spiegelman s graphic novel Maus Pickford offers interpretations that in their precision specificity and clarity inaugurate a dialogue between contemporary analytic philosophy and contemporary art The Sense of Semblance is the
