Jacques R. Pauwels,2016-04-06 Historian Jacques Pauwels applies a critical revisionist lens to the First World War offering readers a fresh interpretation that challenges mainstream thinking As Pauwels sees it war offered benefits to everyone across class and national borders For European statesmen a large scale war could give their countries new colonial territories important to growing capitalist economies For the wealthy and ruling classes war served as an antidote to social revolution encouraging workers to exchange socialism's focus on international solidarity for nationalism's intense militarism And for the working classes themselves war provided an outlet for years of systemic militarization quite simply they were hardwired to pick up arms and to do so eagerly To Pauwels the assassination of Archduke Franz Ferdinand in June 1914 traditionally upheld by historians as the spark that lit the powder keg was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired But what Europe's elite did not expect or predict was some of the war's outcomes social revolution and Communist Party rule in Russia plus a wave of political and social democratic reforms in Western Europe that would have far reaching consequences Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history **New York Magazine** ,1991-04-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *American Book Publishing Record* ,1982-04 [Focus On: 100 Most Popular Compact Cars](#) Wikipedia contributors, [The Highroad Around Modernism](#) Robert C. Neville,1992-01-01 Discussions of modernism

and postmodernism in philosophy and the arts are usually based on a narrow reading of the Western tradition and are not conscious of the narrowness. The modern period beginning with the European Renaissance spawned many developments not just the modernist one in terms of which the tradition has been read. From the standpoint of the highroad around modernism both modernism and post modernism look like nothing more than two late modern movements perhaps too preoccupied with themselves and their historical place to engage a swiftly changing world containing more than the Western tradition. The Highroad Around Modernism develops and defends an explicitly non modernist and non postmodernist extension of modernity applicable to the problems of world wide cultural interactions

**History, Philosophy and Science Teaching: A Personal Story** Michael R. Matthews, 2021-06-02 This book is an historical narrative of academic appointments significant personal and collaborative research endeavours and important editorial and institutional engagements. For forty years Michael Matthews has been a prominent international researcher, author, editor and organiser in the field of History, Philosophy and Science Teaching. He has systematically brought his own discipline training in science, psychology, philosophy of education and the history and philosophy of science to bear upon theoretical, curricular and pedagogical issues in science education. The book includes accounts of philosophers who greatly influenced his own thinking and who also were personal friends: Wallis Suchting, Abner Shimony, Robert Cohen, Marx Wartofsky, Israel Scheffler, Michael Martin and Mario Bunge. It advocates the importance of clear writing and avoidance of faddism in both philosophy and in education. It concludes with a proposal for informed and enlightened science teacher education.

**The Golden Corral** Ed Andreychuk, 1997-08-15 A perfect blend of characterization, action and poetic images, John Ford's Stagecoach (1939) made the Western a viable product for Hollywood in the sound era. By 1990 the Western had again been on a downswing when Dances with Wolves became both a critical and commercial success. This work examines these two films and twelve others: Red River, High Noon, Shane, The Searchers, Gunfight at the O.K. Corral, The Alamo, The Magnificent Seven, Ride the High Country, How the West Was Won, The Wild Bunch, Butch Cassidy and the Sundance Kid, and Unforgiven, that hold unique spots in the genre's history. Full filmographic data are provided for each, along with an essay that blends plot synopsis, historical perspectives and the movie's place in the Western genre.

Television Series and Specials Scripts, 1946-1992, 2009-10-21 In the early days of television many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming including comedies, soap operas, dramas, westerns and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production companies as well as a glossary of industry terms.
