Paula Pryke's Flower School Paula Pryke, 2006-02-14 Paula Pryke is one of the world's leading floral designers and an inspiration to novices and experts alike. Her flower school in London, which attracts students worldwide, provides one of the most sought-after credentials for anyone serious about mastering the art of floral design. Now with Flower School, Pryke offers the essentials of her London program in gorgeously illustrated text, allowing readers to feel as if they have enrolled in her school. Simple step-by-step instructions and clearly defined photographs make even the most ambitious design achievable. Drawing on her signature designs, she discusses design rules, color concepts, equipment, and flower preparation, and then offers a series of formal lessons on hand-tied bouquets, the use of water in containers, wirework, and designing for special events. This impressive collection is rounded out with a flower directory detailing those flowers and plants best suited to Pryke's dramatic approach to floral artistry. Packed with original ideas and invaluable techniques, this comprehensive volume is an inspirational sourcebook for flower arrangers of any level. **Classic Paula Pryke** Paula Pryke, Kevin Summers, 2008 This guide presents the very best of Paula Pryke's ideas for creating stunning floral displays. Paula shares her artistic vision and explains her use of colour, shape, and style to set the mood for any occasion. She also looks at the unique demands of fulfilling a client's briefer, responding to seasonal restrictions. Over 80 arrangements are illustrated, each with instructions on how to recreate them. 65 of these are covered in more detail with a personal commentary by Paula. Divided into two styles, Classic and Contemporary, these include arrangements that have stood the test of time and become classics, as well as those that are at the cutting edge of flower artistry today. Accompanying text explains what makes each arrangement unique. Using florist bouquets, cut garden flowers, and even vegetables and other items, Paula's instructions allow anyone to create ingenious compositions that will add colour and style to the home. Paula Pryke's Simple Flowers Paula Pryke, 2006 Bursting with stunning yet achievable designs, Paula Pryke's Simple Flowers proves that brilliant arrangements are within everyone's reach. Single Flowers shows how to make the most of large architectural blooms such as lilies. In Mixing Flowers, Paula looks at scale, proportion, texture, and different sizes of arrangement. Containers includes stylish ideas for customizing any receptacle you may have at home. Wrapped Tied suggests ideas for creating your own bouquets at home. In four seasonal chapters, Paula presents hundreds of ideas for using spring's delicate blooms, summer's riot of colour, autumn's intense shades, and winter's rich greens, including Christmas arrangements. An essential source book from innovative floral artist Paula Pryke. Over 200 glorious photographs by James Merrell illustrate ideas for you to create at home, from customizing containers to making gift bouquets.
