Pauls Concept Of Inheritance:

Jesus and Israel David Earl Holwerda, 1995 Revisiting the important topic of covenant fulfillment Reformed theologian David Holwerda argues that God's promises to Old Testament Israel cannot be understood apart from Jesus Christ Holwerda maintains that the Old Testament promises of God find their complete fulfillment in Jesus Christ and the church

The Future Inheritance of Land in the Pauline Epistles Miguel G. Echevarria Jr., 2019-01-25 The Apostle Paul's vision of eternity is centered on the inheritance theme Although Paul rarely unpacks this concept he employs the inheritance in a manner that encompasses the hope of a renewed cosmos promised to Abraham and his descendants Thus the apostle does not redefine a theme grounded in the Old Testament and Second Temple literature as if it now referred to heaven or some other spiritualized existence He expects what every pious Jew expected the tangible fulfillment of the promise when at last God's people will dwell in a land where they will experience rest under the rule of Messiah What Paul clarifies is that those who are in Christ are the beneficiaries of the inheritance Although believers do not currently possess what has been promised to them they have the hope that the Spirit will lead them on a new exodus through the wilderness of the present sinful age until they inherit the coming world

Sharing in the Son's Inheritance Esau McCaulley, 2019-09-05 This book explores the link between Paul's belief that Jesus is Israel's Messiah and his interpretation of the Abrahamic Land Promise in Galatians Countering claims that Paul replaces the Promised Land with the gift of the Spirit or salvation Esau McCaulley argues that Paul expands this inheritance to include the whole earth believing that as the seed of Abraham and David Jesus is entitled to the entire world as his inheritance and kingdom McCaulley argues that scholars have neglected Paul's expanded interpretation of the inheritance of the earth rarely appreciate the role that messianism plays in Galatians and fail to acknowledge that Second Temple authors often portrayed royal and messianic figures as God's means of fulfilling the

promises made to Abraham and Israel via the establishment of kingdoms Through a comparison of texts from the Pseudepigrapha apocrypha and the Dead Sea Scrolls with Galatians 3 1 4 7 5 21 McCaulley argues Paul s interpretation of Jesus s death is a manifestation of Second Temple messianism because it ends the covenant curses outlined in Deuteronomy and begins the restoration of the inheritance to Abraham s offspring through the establishment of Jesus s worldwide kingdom he concludes that Paul s interpretation of the Abrahamic inheritance is inseparable from his belief that Jesus is Israel s Messiah

The Politics of Inheritance in Romans Mark Forman,2011-04-21 Mark Forman explores the extent to which Paul s concept of inheritance in Romans and its associated imagery logic and arguments served to evoke socio political expectations that were different to those which prevailed in contemporary Roman imperial discourse Forman explores how Paul deploys the idea of inheritance in Romans and analyses the sources which inform and overlap with this concept Coins literature and architecture are all examined in order to understand the purpose hopes and expectations of first century society This book contributes to recent studies covering Paul and politics by arguing that Paul s concept of inheritance subverts and challenges first century Roman ideologies

Christ Jesus, the True Israel Brent E. Parker,2024-01-11 What is the relationship between the nation of Israel Jesus Christ and the church Pastors and theologians come to significantly different conclusions The reigning systems of evangelical theology covenant theology and dispensationalism answer this question by stressing the continuity of the Israel church relationship covenant theology or emphasizing discontinuity dispensationalism In more recent times progressive covenantalism has emerged as a via media between these two theological approaches by providing a different proposal for unpacking the biblical covenants and by highlighting that to rightly understand the people of God in biblical theology the person of Jesus Christ must be the focal point In Christ Jesus the True Israel Brent E Parker presents the case for the importance of typology in this debate arguing that national Israel is a type not unlike other Old Testament types e g the sacrificial system the temple etc that reaches its antitypical fulfillment in Jesus Christ Moreover the Israel church relationship is also typological but only through Christ Parker demonstrates that the progressive covenantal approach is a viable system of theology that seeks to preserve what the whole Bible says regarding the people of God from Israel to Christ and from Christ to the church

The Principle of the New Era in Galatians Ho-Hyung Cho,2023-05-11 This book is placed within broader scholarship s trajectory by explaining that in Gal 6 2 refers to principle unwritten law rather than written law such as the Mosaic law and another law Because diachronically and synchronically had various meanings in history the context in which it is found is significant Given the context of Galatians while Paul negatively depicts as the written Mosaic law throughout the letter he positively uses it as a device for striking the ears of the Galatians in the verse Remarkably 6 2 is in 5 13 6 10 called paraenesis namely exhortations that they should perform with the Christian principle of life made by the Spirit Being led by the Spirit is the sine qua non for believers in Christ All indications surrounding 6 2 show that the phrase in 6 2 means the principle created by Christ that is keeping in

step with the Spirit This principle results from the new era inaugurated by the crucified and risen Christ In 6 2 Paul exhorts the people of the new era to conform to the new era s principle created by Christ *Paul and His Story* Sylvia C.
