Pauls Idea Of Community The Early House Churches In Their Historical Setting:

Paul's Idea of Community Robert Banks, 1980 It is in Paul that the most profound and clearly developed understanding of community is found Indeed what the apostle has to say about community is relevant to far more than just the way people get together in churches In this timely study the author examines and clarifies Paul s idea of community placing it in its historical context comparing Paul and the Stoic and Epicurean and Cynical philosophers the Hellenistic mystery cults and first century Judaism and drawing out its significance both sociologically and theologically According to him the essence of Paul idea of community is freedom The freedom that Christ brings to a person means not only independence from selfish desires and from the law but also dependence for the freedom is given by Christ not earned and interdependence it must be lived out in the community Of the several images Paul uses to describe the community the author focuses on two body depicting the goal of development or growth and family depicting the goal of harmony He goes on to discuss the various aspects of the community the physical expressions of community spiritual gifts and their role in the community the role of women and racial minorities in the community and the relationship of Paul himself and his apostolic endeavours to the community Back cover **Paul in the Greco-Roman World** J. Banks, 2020-01-21 This highly readable investigation of the early church explores the revolutionary nature dynamics and effects of the earliest Christian communities It introduces readers to the cultural setting of the house churches of biblical times examines the apostle Paul s vision of life in the Christian church and explores how the New Testament model of community applies to Christian practice today Updated and revised throughout this 40th anniversary edition incorporates recent research updates the bibliography and adds a new fictional narrative that depicts the life and times of the early church The Theology of Paul the Apostle James D. G. Dunn, 2006-05-17 Using Paul s letter to the Romans as the foundation for his monumental study of Paul s theology James D G Dunn describes Paul s teaching on God sin humankind Christology salvation the church and the nature of the Christian life Paul's Idea of Community Robert J. Banks, 1992 **The Earliest Christian Meeting Places** Edward Adams, 2013-10-24 Edward Adams challenges a strong consensus in New Testament and Early Christian studies that the early Christians met almost exclusively in houses This assumption has been foundational for research on the social formation of the early churches the origins and early development of church architecture and early Christian worship Recent years have witnessed increased scholarly interest in the early house church Adams re examines the New Testament and other literary data as well as archaeological and comparative evidence showing that explicit evidence for assembling in houses is not nearly as extensive as is usually thought He also shows that there is literary and archaeological evidence for meeting in non house settings Adams makes the case that during the first two centuries the alleged period of the house

church it is plausible to imagine the early Christians gathering in a range of venues rather than almost entirely in private houses His thesis has wide ranging implications *Giving the Church* Michael Moynagh,2024-05-30 The nucleus of the church's vocation is to join the Spirit in giving communion in Christ to others in the form of new Christian communities for the benefit of the world But can the church be a welcome gift In *Giving the Church* leading ecclesialogist Michael Moynagh draws together recent thinking from the worlds of ecclesiology and missiology with significant sociological work on the idea of gift to provide a much needed theological rationale for some of the key missiological and ecclesiological movements in today's church Part 1 reworks some of the big themes in ecclesiology from this giving perspective the nature of the church the four marks the visible hidden church and inclusion exclusion Part 2 meanwhile draws on the extensive literature on gifts to offer an ethical framework for giving the church to others and uses this framework to provide fresh readings of liberationist herald and eucharistic models of the church It concludes by arguing that giving the church away can be a route to making the church a more attractive gift *That There May Be Equality* L.L. Welborn,2023-08-15 In the context of growing inequality in the twenty first century *That There May Be Equality* seeks to give new audibility to Paul's appeal to the principle of equality in the collection for the poor L L Welborn traces the history of the concept of equality in Greek history in order to convey the potency of the idea which Paul invokes He analyzes the structural inequality of the Roman economy particularly that of Roman Corinth and traces the emergence of Paul's concern about inequality in the ekklesia of Christ believers at Corinth Welborn then analyzes Paul's invocation of the principle of equality in his appeal for partnership in the collection for the poor in 2 Corinthians 8 and 9 bringing Paul's appeal to equality into the present day crisis of global inequality **The Gospel behind the Gospels** Ronald A. Alan Streett,2013-06-27 *Subversive Meals* examines the Lord's Supper within the sociopolitical context of first century Roman domination and concludes that it was an anti imperial praxis Although the Christian communal meal looked much like a

typical Roman banquet in structure with a deipnon and a symposion it was essentially different The Roman meal supported the empire's ideology honored Caesar and the gods reinforced stratification among the masses and upheld Rome's right to rule the world The Christian meal on the other hand included hymns that extolled Jesus as Lord prophecies that challenged Rome's ideological claims and letters read aloud that promoted egalitarianism and instructed believers on how to live according to kingdom of God principles Hence the Christian banquet was an act of nonviolent resistance or what James C Scott calls a hidden transcript

A Case for Mixed-audience with Reference to the Warning Passages in the Book of Hebrews C. Adrian Thomas, 2008 A Case for Mixed Audience with Reference to the Warning Passages in the Book of Hebrews discusses the nature of the warnings in Hebrews and how these warnings relate to the theological question of the eternal security of believers The main argument is that these warnings are intended to target a particular segment of the author's community about whose appropriation of and subsequent attitude toward the Christian message he was deeply concerned That is to say while the book of Hebrews is addressed as a message of encouragement to the community as a whole its warnings are aimed at a certain element in the community whose salvation is threatened by a possible dangerous course of action The book implies that while the author is persuaded that the majority in the community are genuine believers there are some about whose salvation he doubts hence the case for a mixed audience What is threatened therefore is not a salvation already possessed but the salvation of those in danger of coming up short Theologically the work falls within the sphere of the Calvinistic Arminian debate regarding the assurance of salvation and the perseverance of the saints It argues strongly for the Calvinistic position but does so within the confines of the discipline of biblical studies and lends extensive exegetical support to the Calvinistic position on the warning passages The book is highly recommended for Bible College and seminary students and professors as well as pastors and lay leaders who must give answers to their parishioners on those tough warning passages in Hebrews

Metaphors and Social Identity Formation in Paul's Letters to the Corinthians Kar Yong Lim, 2017-05-05 Why did Paul frequently employ a diverse range of metaphors in his letters to the Corinthians Was the choice of these metaphors a random act or a carefully crafted rhetorical strategy Did the use of metaphors shape the worldview and behavior of the Christ followers In this innovative work Kar Yong Lim draws upon Conceptual Metaphor Theory and Social Identity Theory to answer these questions Lim illustrates that Paul employs a cluster of metaphors namely sibling familial temple and body metaphors as cognitive tools that are central to how humans process information construct reality and shape group identity Carefully chosen these metaphors not only add colors to Paul's rhetorical strategy but also serve as a powerful tool of communication in shaping the thinking governing the behavior and constructing the social identity of the Corinthian Christ followers
