Two little runaways (adapted from *Les aventures de Jean-Paul Choppart, par L. Desnoyers*). James Buckland (novelist.), 1898 **Paul's Letter to the Romans** Colin G. Kruse, 2012-06-14 Paul's Letter to the Romans may well be the most influential book in Christian history In this Romans commentary Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator judge and redeemer of the world Valuable additional notes on important theological themes and difficult texts such as Paul's discussion of same sex relationships the salvation of all Israel and the woman Junia who was well known among the apostles further connect Romans to contemporary issues Throughout his commentary Kruse expertly guides readers through the plethora of interpretations of Romans providing a reliable exposition of this foundational epistle Contesting Nietzsche Christa Davis Acampora, 2013-05-06 A brilliant exploration of a significant and understudied aspect of Nietzsche's philosophy In this groundbreaking work Christa Davis Acampora offers a profound rethinking of Friedrich Nietzsche's crucial notion of the agon Analyzing an impressive array of primary and secondary sources and synthesizing decades of Nietzsche scholarship she shows how the agon or contest organized core areas of Nietzsche's philosophy providing a new appreciation of the subtleties of his notorious views about power By focusing so intensely on this particular guiding interest she offers an exciting original vantage from which to view this iconic thinker Contesting Nietzsche Though existence viewed through the lens of Nietzsche's agon is fraught with struggle Acampora illuminates what Nietzsche recognized as the agon's generative benefits It imbues the human experience with significance meaning and value Analyzing Nietzsche's elaborations of agonism his remarks on types of contests qualities of contestants and the conditions in which either may thrive or deteriorate she demonstrates how much the agon shaped his philosophical projects and critical assessments of others The agon led him from one set of concerns to the next from aesthetics to metaphysics to ethics to psychology via Homer Socrates Saint Paul and Wagner In showing how one obsession catalyzed so many diverse interests Contesting Nietzsche sheds fundamentally new light on some of this philosopher's most difficult and paradoxical ideas Jesus Col. S.K. Bose, 2020-12-28 This book on Jesus Christ is by a devotee of Sri Sathya Sai Baba The devotee happens to be a man who spent a prolonged period of his life in the Indian army as a civil engineer His distinguished service in the cause of the nation was acclaimed and awarded by the Indian army Later the colonel devotee answered the call of Baba and he became an ashramite at Prasanti Nilayam Puttaparthi in Andhra Pradesh At Prasanti Nilayam the engineer devotee Samir Bose was chiefly instrumental in helping to build the Chaitanya Jyothi Museum Baba appointed him as its administrative director Now in his 80s he still remains actively engaged as its founder director Here his latent talents as an artist and as an author surfaced In the best tradition of the all embracing heritage of India's spirituality where every religious faith is considered to be true and equal author Samir Bose has served the reader with his own view of Christ and Christianity We are honoured to include some pen sketches of Col Bose to reveal his versatility The book is bound to generate interest

Spiritual Exercises Based on Paul's Epistle to the Romans Joseph A. Fitzmyer,2004 Paul's letter to the Romans is often regarded as the most profoundly doctrinal book in the Bible While not

overlooking its complex theology Joseph Fitzmyer here shows Romans to be also a wellspring of devotional insight accessible and deeply rewarding to all Christians In this book Fitzmyer recasts the text of Romans into the form of meditations for devotional reflection in spiritual retreats Bible studies church classrooms small groups and other prayerful gatherings Styled after the famous Spiritual Exercises of St Ignatius Loyola the book includes twenty four meditations that can be divided in a variety of ways and fit to a range of reading schedules Accompanying each meditation are questions to encourage reflection on the passage of Romans being considered and also a colloquy in the form of a psalm or New Testament hymn that matches the sentiment of the Pauline passage A truly fulfilling approach to spirituality Fitzmyer s Spiritual Exercises demonstrates the role of Scripture in properly ordering the Christian life

Barnes Steveni,1915 *Ten Circles Upon the Pond* Virginia Tranel,2004-04-27 A beautifully written collection of essays for anyone who s ever lived in that unwieldy group called family a story that takes us from Iowa to the high country of Wyoming and Montana as a woman and her husband search for the perfect place to raise their five daughters and five sons Rooted in real life experience this unique essay collection of passion intimacy work religion puberty love and loss and the struggle to be steadfast in times of enormous social change reads like a novel full of lively characters spirited dialogue and a landscape that takes you from Iowa to the high country of Wyoming and Montana As the chapters unfold one focused on each child Virginia Tranel and her husband search for the ideal place to raise the five daughters and five sons born to them between 1957 and 1978 Tranel artfully weaves daily moments with world events as she reflects on how our culture affects our decisions She offers candid observations on everything from her reproductive choices and feminism s influence on her thinking to sibling rivalries and her family s emotional response when an architect son emails firsthand reports of the horrors of September 11 Whether considering the issues intrinsic to marriage and child raising or questioning her own common sense her insights are always provocative and deeply moving

St. Paul and Epicurus Norman W. De Witt,1993 **John Calvin's Bible Commentaries On St. Paul's First Epistle To The Corinthians Vol.1** John Calvin, Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation The Epistles of Paul to the Corinthians form a most important part of the Sacred Writings Though not so systematic as the Epistle to the Romans they contain many passages bearing directly on the fundamentally important doctrines of the Christian system while they are of the highest utility in connection with Practical Theology The disorders that had unhappily crept into the Church at Corinth gave occasion for the Apostle s handling at greater length than in any of his other Epistles various important points as to doctrine and worship while the relaxed state of discipline that had begun to prevail among them rendered it necessary to exhibit more fully the principles which ought to regulate the administration of the Christian Church In this the overruling hand of Him who

brings good out of evil is strikingly apparent This volume contains chapters 1 to 14 please find chapters 15 and 16 along with the whole Second Epistle in the next volume Celtic Mythology for Kids Chris Pinard,2025-06-17 The magic of myths comes to life in this Celtic mythology book for kids 8 to 12 Imagine a world where fearsome giants mischievous fairies charming witches and ageless queens wander the land In Celtic Mythology for Kids you ll be taken on a guided journey through the mystical realm of the Celts told through folklore and tall tales This engaging book for kids ages 8 to 12 will keep your imagination running as wild as Ireland s emerald green forests Featuring a handful of famous and lesser known myths from places like Wales Ireland Scotland and Brittany this is your introduction to a faraway world of wonder With vibrant colorful illustrations at the beginning of every myth you ll feel like you re part of the action whether you re chasing deep sea treasure or starting off on a quest Celtic Mythology for Kids includes 20 stories 20 different myths of Celtic culture come together in this captivating book Dive deeper Along with each myth you ll find thought provoking questions to help you talk about each story Speak the Celtic way Use the extensive glossary of Celtic mythology terms to better understand words like banshee brownie and selkie Enter the magical universe of Celtic mythology with this riveting book for kids
