Paulus Und Barnabas In Der Provinz Galatien Studien Zu Apostelgeschichte:

Rhetorical Adaptation in the Greek Historians, Josephus, and Acts vol II John M. Duncan, 2022-10-24 Greco Roman rhetorical theorists insist that speakers must adapt their speeches to their audiences in order to maximize persuasiveness and minimize alienation Ancient historians adorn their narratives with accounts of attempts at such rhetorical adaptation the outcomes of which decisively impact the subsequent course of events These depictions of speaker audience interactions moreover convey crucial didactic persuasive insights to the historians own audiences This monograph presents a detailed comparative analysis of the intra and extra textual functions of speeches and audience responses in Greek historiography Josephus and Acts with special emphasis on Luke s distinctive depiction of the apostles as adaptable yet frequently alienating orators This is volume II of a set of two volumes *Calendar and Chronology, Jewish and Christian* Roger T. Beckwith, 2018-11-26 Judaism and Christianity are both religions of history and remembrance and rely on calendars and accurate chronologies to recall and reenact the signal events in their histories The import of dividing the day and night of knowing the moment of Sabbath and Lord s Day of properly timing Passover and Easter cannot be overstated Throughout the history of both religions these issues were central to worship and practice of religion and had far reaching effects from messianism to prophecy But their very centrality meant they were issues of controversy and debate Roger Beckwith looks carefully at the Jewish and Christian records concerning calendar and chronology compares contrasts and challenges rival solutions to these complex questions His breadth of research from the ancient Near East to Qumran from Josephus and Philo to the Maccabean writings and from the points of view of Paul and Jesus to the Fathers of the church and his focus on the more controversial issues of dating make *Calendar and Chronology* an essential book for any serious scholar of history liturgy worship and interpretation This publication has also been published in paperback please click here for details [Hebrew Poetry from Late Antiquity](#) Wout van Bekkum, 2018-12-10 The discovery of the Genizah manuscript collection is nothing less than a revolution for the knowledge of Hebrew literature and Jewish culture in Late Antiquity and the Middle Ages One of the main results of one hundred years of Genizah research is the rediscovery of Hebrew liturgical poetry which shed much light on various aspects of Jewish studies For the last half century it has been almost commonplace to discover new poems unknown poets novel uses of poetry and unfamiliar poetic versions of familiar prose texts within liturgical settings being revealed among the manuscripts and manuscript fragments The products of the composers and reciters of synagogue poetry convincingly demonstrate the importance of poetry in Jewish worship and communal life The major corpora of Palestinian liturgical poetry bear evidence to the prolific literary activity of a number of famous poets who laid the foundations for the development of Hebrew poetry in later periods Yossi ben Yossi Yannai Simon bar Megas Elazar birabbi Kilir and Yohanan ha Kohen One of these mostly Byzantine Jewish melodists was Yehudah who composed a cycle of poems in accordance with the reading tradition of the Pentateuch and Prophets on the sabbath This study presents Yehudah s oeuvre with commentaries

and deals with its historical and literary context in four introductory chapters The edition is complemented by indices and a bibliography

Mine and Yours are Hers Ilan, 2018-12-10 This book discusses the interaction between history rabbinic literature and feminist studies Recent approaches to rabbinic literature have overturned the traditional view of these writings and new literary methods were suggested mostly denying them all historical value But rabbinic literature constitutes the main source for the lives of Jews in Palestine and Babylonia during the late Roman period and thus should not be totally rejected This study suggests a new post literary approach i e it discusses the residue of the texts after these have been analyzed and dissected by literary critics But mainly this is a book about women s history adopting many assumptions of feminist criticism about the androcentric nature of all ancient texts and approaches them with due suspicion The Rabbis treated women differently from the way they treated men This resulted in the former s marginalization and manipulation by the texts On the other hand however it created an ironic situation whereby principles useful for the recovery of historical information on women are useless when applied to men This study describes such principles and demonstrates them with the help of many examples

Wrestling with Angels Kevin Sullivan, 2018-12-10 This monograph explores the relationship between angels and humans during the late Second Temple and early Christian period 200BCE 100CE The issue of the similarity of appearance between humans and angels is considered in the first part of the book In the second part three topics are covered humans and angels living together in communities angels as recipients of human hospitality and the possibility of human angel hybrid offspring This study provides insight into how the ancient Jews and Christians defined angel and it argues that a clear distinction was maintained between angels and humans These analyses have implications for our understanding of nascent Christology as well as soteriology and also for our understanding of early Jewish Mysticism

Dreams and Dream Reports in the Writings of Josephus Gnuse, 2018-07-17 This volume analyzes the understanding of dreams and the corresponding literary forms used by Josephus in his writings Josephus reports dreams as either auditory message dreams symbolic visual dreams or dream image appearances In this regard he uses the format for auditory and visual dreams found in ancient Near Eastern and biblical texts while his dream image appearance reports show familiarity with traditional Greek modes of reporting dreams Close attention is given to the following topics 1 the development of dream reports in the ancient Near East the Bible and the Hellenistic world 2 Josephus views on dreams and prophecy 3 a form critical assessment of Josephus dream reports and 4 an evaluation of Josephan dream reports which exhibit a more complex traditio historical development

Angelomorphic Christology Gieschen, 2018-07-17 This study demonstrates that angel and angel related traditions especially those growing from the so called Angel of the Lord in the Hebrew Bible had a significant impact on the origins and early development of Christology to the point that an Angelomorphic Christology is discernable in several first century texts Significant effort is given to tracing the antecedents of this Christology in the angels and divine hypostases of the Hebrew Bible and Second Temple Jewish literature The primary content of this volume is the presentation

of pre 150 CE textual evidence of Angelomorphic Christology This religio historical study does not spawn a new Christology among the many scholarly Christologies already extant Instead it shows the interrelationship of various Christological trajectories and their adaptation from Jewish angelomorphic traditions **The Spirit in First Century Judaism**

Levison,2018-12-10 Conceptions of the divine spirit underwent complex metamorphoses in Jewish biblical interpretation during the Greco Roman era This monograph explores those permutations in the writings of Philo Judaeus Josephus and Pseudo Philo Liber Antiquitatum Biblicarum The first section An Anomalous Prophet unfolds surprisingly divergent transformations of the inspiration of Balaam The second section An Eclectic Era unearths both faint and conspicuous traces of Greco Roman conceptions in early Jewish interpretations The third section An Extraordinary Mind undermines the view that the spirit was associated primarily with ecstasy rather than with intellectual insight By analyzing these interpretations in light of other contemporary Greco Roman and Jewish writings this volume offers original and essential data for further study of inspiration in Antiquity including early Judaism early Christianity and the Greco Roman world This publication has also been published in paperback please click here for details *The Ancient Synagogue from its Origins to 200 C.E.* Anders

Runesson,Donald Binder,Birger Olsson,2007-12-01 Despite the recent explosion of research on ancient synagogues investigators in the field have hitherto been forced to cull relevant evidence from a vast assortment of scholarly publications This volume gathers for the first time all of the primary source material on the early synagogues up through the Second Century C E In the case of literary epigraphic and papyrological evidence catalog entries contain the texts in their original language and in English translation For archaeological remains entries provide technical descriptions along with plans and photographs All listings are accompanied by bibliographic citations and interpretative comments An Introduction frames the current state of synagogue research while extensive indices and cross references allow for easy location of specific allusions An appendix to the catalog contains source materials on Jewish temples outside of Jerusalem **The Zondervan**

Oral Performance and the Veil of Text Ben F. van Veen, 2024-01-26 It is common opinion in biblical scholarship that the biblical documents functioned in a sociocultural context dominated by the spoken word Detextification is the result of addressing the complex relation between this formally acknowledged functioning in its original oral delivery and the daily praxis of biblical scholarship in which these documents function as autonomous texts in an ever expanding universe of texts The argument in this book is that in addition to acknowledging the difference in media oral performance there and then versus reading text here and now it is crucial to differentiate and explicate the mindsets behind these media A literate reader in the present structures thought vis vis text differently from someone intensively formed by oral aural communication in the moment of exposure to a performing orator The latter perspective was Paul s in the process of his letter composition Therefore this is a leading question in detextification How can a contemporary biblical scholar relate to the text of Paul s letters in such a way as to understand how the apostle envisioned his original addressees structuring their thoughts during the event of a letter s oral aural delivery Two test cases are provided from the Letter to the Galatians Gal 2 3 *The First Christian Historian* Daniel Marguerat, 2002-09-05 As the first historian of Christianity Luke s reliability is vigorously disputed among scholars The author of the Acts is often accused of being a biased imprecise and anti Jewish historian who created a distorted portrait of Paul Daniel Marguerat tries to avoid being caught in this true false quagmire when examining Luke s interpretation of history Instead he combines different tools reflection upon historiography the rules of ancient historians and narrative criticism to analyse the Acts and gauge the historiographical aims of their author Marguerat examines the construction of the narrative the framing of the plot and the characterization and places his evaluation firmly in the framework of ancient historiography where history reflects tradition and not documentation This is a fresh and original approach to the classic themes of Lucan theology Christianity between Jerusalem and Rome the image of God the work of the Spirit the unity of Luke and the Acts

Grace, Reconciliation, Concord Cilliers Breytenbach, 2010-11-11 How did the first Christians interpret the death of Christ This volume sets out to construct some of the Jewish and Greco Roman patterns of thought which were initially utilised to express the meaning of the crucifixion

Christian Mission Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world The essays here first

investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism specifically in the Psalms Isaiah and Daniel The contributions then discuss the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels General Epistles and Revelation and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today

The Origins of Pauline Pneumatology Finny Philip,2005 Finny Philip inquires into Paul's initial thoughts on the Holy Spirit Paul's conviction that he was called to be an apostle to the Gentiles and that God bestowed the Spirit upon the Gentiles apart from Torah obedience is the basis for any inquiry on this subject Central to Philip's argument is Paul's conviction that God graciously endowed his Gentile converts with the gift of the Spirit an understanding that is rooted primarily in his conversion experience and secondarily in his experience with and as a missionary of the Hellenistic community in Antioch In examining the range of expectations of the Spirit that were present in both Hebrew scripture and in the wider Jewish literature the author comes to the conclusion that such a concept is rare and that it is usually the covenant community to which the promise of the Spirit is given Furthermore Paul's own pre-Christian convictions about the Spirit a result of his own self-perception as a Pharisee and persecutor of the church display continuity between his thought patterns and those of Second Temple Judaism Paul's Damascus experience was an experience of the Spirit His experience of the glory of God in the face of Jesus Christ 2 Cor 3 1 4 6 provided him with the belief that there was now a new relationship with God which was possible through the sphere of the Spirit In addition Paul was influenced by the Hellenists whose theological beliefs included the perception of the church as the eschatological temple in which the Spirit of God is the manifest presence of God It is in these notions that one may trace the origins of Paul's thoughts on the Holy Spirit

The Curse of the Law and the Crisis in Galatia Todd A. Wilson,2018-09-12 Todd Wilson assesses Paul's references to the Law in the so-called ethical section of Galatians in light of a fresh appraisal of the Galatian crisis He contributes to the continuing debate over the relevance of this section of the letter for the rest of Galatians and for the situation in Galatia

Paul the Missionary Eckhard J. Schnabel,2010-01-28 Drawing on his monumental scholarly study Early Christian Mission Volume 2 Eckhard J. Schnabel's gives us an overview of Paul's missionary practices strategies and methods and then weighs contemporary evangelical missiology and practice in light of Paul

Witch Hunt in Galatia Jeremy Wade Barrier,2020-09-29 Approximately 2 000 years ago some Jewish communities of Galatia in central Asia Minor believed they had fallen under a curse argues Jeremy Wade Barrier A fellow Jew named Paul wrote the letter we call Galatians to help them escape its effects In the letter Barrier argues Paul called for the Jews in Galatia to stop practicing circumcision The rite had fallen into disuse within many Jewish communities in the Roman Empire but Barrier argues the Galatian Jews believed it was a talisman that would protect them from harm As a further precaution they needed to deal with the person who had brought this evil to their community A

witch hunt was underway and some had concluded that the witch was none other than Paul Barrier provides a reconstruction of the original occasion of Paul's letter to the Galatians and shows how Paul defended himself from accusations of witchcraft by countering that the ritual that would protect them from the Evil Eye was not circumcision but rather baptism Through the ritual of baptism they could receive healing from a material yet divine breath of God Barrier also reconstructs an earlier understanding of this pneuma that was lost to subsequent Christianity under the influence of Neoplatonism

Galatians Reconsidered Neil Martin, 2022-10-20 What would the world look like if the Old Perspective on Paul was right about justification the New Perspective was right about Judaism and the Radical New Perspective was right to note ongoing differences between Jewish and Gentile converts Galatians Reconsidered is a compelling practical study of Paul the Apostle's writing that explores just that Emphasising the central role played by regression in Paul's argument on justification Neil Martin examines the dichotomy between faith and works and how the apostle envisaged the differences in how Jews and Gentiles should interact with the Law By re-establishing Galatians in its original Jewish and pagan context Martin exposes the problems faced by Galatian churches and shows how they still speak to modern churches today His insight not only helps us better appreciate Paul's message but challenges us to put his wisdom into practice in our own church settings Provocative and stimulating Galatians Reconsidered is a robust new look at the question of justification It will leave you with a thorough knowledge of the merits and failings of both the old and new perspectives on Paul as well as a broader understanding of the letter to the Galatians both in the context in which it was written and its continued relevance today
