Haggard, 2000-12-30 The Persistence of Victorian Liberalism examines the question of where to locate the ideological break between classical liberalism and the underlying principles of the modern Welfare State While most historians of 19th century Britain argue that such a shift occurred prior to 1900 Haggard challenges the contention that classical liberalism had been so undermined by this point that the modern Welfare State was largely inevitable He considers the public discussion of progress poverty charity socialism and social reform and he concludes that the vast majority of the Victorian middle and upper classes remained wedded to the tenets of classical liberalism up to the close of the century In contrast to traditional characterizations Haggard argues that progress individualism and character continued to resonate within Victorian society throughout the late Victorian period Private philanthropy grew increasingly active as a remedy to urban poverty The London Socialist movement the New Unionism the Independent Labour Party and the New Liberalism each proponents of socialistic reforms found themselves marginalized politically The key to the social debates of the day was the concept of the deserving versus the undeserving poor Although the deserving might expect some private or public aid the undeserving were to be punished for their lack of character Until this notion was overturned the Welfare State would remain outside the realm of practical politics     **A History of the English Poor Law in Connection with the State of the Country and the Condition of the People** George Nicholls, 2007 Reprint of the final edition containing revisions made by the author and a biography along with the supplementary volume by Thomas Mackay Nicholls 1781 1865 was a pioneering poor law reformer and administrator While Great Britain's Poor Law Commissioner he drafted the Irish Poor Law Act 1832 One of the first to assert that relief bred a culture of dependency and a resistance to work he advocated the abolition of relief except as a last resort In addition to the present study he wrote A History of the Scotch Poor Law 1856 and A History of the Irish Poor Law 1856 both of which are available in reprint editions by The Lawbook Exchange Ltd Like his other studies this one relates the evolution of poor laws since the medieval era to economic social and political history Notably sophisticated works they were held in high regard by Sir Leslie Stephen and F W Maitland     **A Directory of the Charitable and Beneficent Organizations of Boston Together with Legal Suggestions, Laws Applying to Dwellings** , 1880     Finding-list of the Buffalo Library ...
