extraordinarily enterprising family focuses on patriarch Robert R F W Allston his wife Adele Petigru Allston and their daughter Elizabeth Allston Pringle Scarborough Scarborough shows how Allston in the four decades before the Civil War converted a small patrimony into a Lowcountry agricultural empire of seven rice plantations all the while earning an international reputation for the quality of his rice and his expertise Scarborough also examines Allston s twenty eight year career in the state legislature and as governor from 1856 to 1858 Upon his death in 1864 Robert Allston s wife of thirty two years Adele found herself at the head of the family Scarborough traces how she successfully kept the family plantations afloat in the postwar years through a series of decisions that exhibited her astute business judgment and remarkable strength of character In the next generation one of the Allstons five children followed a similar path Elizabeth Bessie Allston took over management of the remaining family plantations upon the death of her husband and in order to pay off the plantation mortgages embarked on a highly successful literary career Bessie authored two books the first treating her experiences as a woman rice planter and the second describing her childhood before the war A major contribution to southern history *The Allstons of Chicora Wood* provides a fascinating look at a prominent southern family that survived the traumas of war and challenges of Reconstruction *South Carolina Historical Magazine* ,1995 **The Purist at Pawleys** ,2006 *Speaking for the Enslaved* Antoinette T Jackson,2016-06-16 Focusing on the agency of enslaved Africans and their descendants in the South this work argues for the systematic unveiling and recovery of subjugated knowledge histories and cultural practices of those traditionally silenced and overlooked by national heritage projects and national public memories Jackson uses both ethnographic and ethnohistorical data to show the various ways African Americans actively created and maintained their own heritage and cultural formations Viewed through the lens of four distinctive plantation sites including the one on which that the ancestors of First Lady Michelle Obama lived everyday acts of living learning and surviving profoundly challenge the way American heritage has been constructed and represented A fascinating critical view of the ways culture history social policy and identity influence heritage sites and the business of heritage research management in public spaces **The South Carolina Encyclopedia** Walter B. the Depression the Lachicotte family started making and selling distinctive rope hammocks the perfect symbol for the island's slow simple lifestyle By the 1960s many of the old plantations were turned into golf courses reviving the economy But the beating heart of Pawleys Island remains the rhythm of the sea and what one early visitor called the only beach in the world
