Present History Of West Bengal Essays In Political Criticism:

The Present History of West Bengal Partha Chatterjee, 1997 This volume collects Chatterjee's academic writings lectures reportage and editorial comments on the politics and history of Bengal He argues that the popular upsurge of the 1930s is central to understanding Bengal's experience *Employment, Poverty and Rights in India* Dayabati Roy, 2018-05-23 In comparison to other social groups India's rural poor and particularly Adivasis and Dalits have seen little benefit from the country's economic growth over the last three decades Though economists and statisticians are able to model the form and extent of this inequality their work is rarely concerned with identifying possible causes *Employment Poverty and Rights in India* analyses unemployment in India and explains why the issues of employment and unemployment should be the appropriate prism to understand the status of wellbeing in India The author provides a historical analysis of policy interventions on behalf of the colonial and postcolonial state with regard to the alleviation of unemployment and poverty in India and in West Bengal in particular Arguing that as long as poverty either as a concept or as an empirical condition remains as a technical issue to be managed by governmental technologies the poor will be held responsible for their own fate and the extent of poverty will continue to increase The book contends that rural unemployment in India is not just an economic issue but a political process that has consistently been shaped by various socio economic political and cultural factors since the colonial period The analysis which depends mainly on ethnography extends to the implementation of the New Rights Agenda such as the MGNREGA at the rural margin Challenging the dominant approach to poverty this book will be of interest to scholars working in the fields of South Asian studies Indian Political Economy contemporary political theories poverty studies neo liberalism sociology and social anthropology as well as development studies **Limits of Islamism** Maidul Islam, 2015-03-09 The book examines the dynamics from the formation of Islamist politics for the struggle for hegemony to failure to become a hegemonic force in Bangladesh The contradiction between Islamic universalism Islamist populism on one hand and a politics of Muslim particularism in India on the other is revealed in this study Art, Global Maoism and the Chinese Cultural Revolution Jacopo Galimberti, Noemi de Haro García, Victoria H. seeds of life and hope **Delimiting Modernities** Sven Trakulhun, Ralph Weber, 2015-02-12 This collection seeks to contribute to the many long standing discussions on modernity but also and more specifically to the more recent debates over trends to pluralize modernity These debates are current in many different academic disciplines such as sociology anthropology literature and postcolonial studies Hitherto most engagements with modernity in the plural have remained conspicuously confined to one or other intra disciplinary notion of modernities such as that of Shmuel Eisenstadt s multiple modernities which has triggered a host of conference papers and publications largely within sociology all the while it seems that the literatures for instance of multiple modernities and alternative modernities are each distinguished by the fact that one ignores the other It is the principal aim of this edited volume to subject these disciplinary discussions to a more encompassing view assembling contributions from different scholars who not only work in different disciplines and regional settings but who also engage with their research topics in a variety of approaches and at different levels of analysis The volume thus transcends the sometimes narrow boundaries of the debates over modernities within the established academic disciplines and seeks to turn the unavoidable friction brought about by this interdisciplinary setting into most original and insightful scholarship
