Refuse Making The Most Of What We Have:

No Waste Uly Ma, 2017-03-02 Sustainability is a critical issue for the construction industry In the short term sustainability is often seen as a must do item In the longer term all contractors will be seeing it as a source of competitive advantage Public sector construction infrastructure and other large projects such as the Thames Gateway and the Olympics in 2012 are all being driven down this route by pressure from Government Uly Ma's No Waste is an extremely practical guide to managing sustainability in construction that draws on input from all the related stakeholders the construction industry itself the clients designers and architects and the trades The book explores how the industry can transform itself from business as before to business as it should be from the micro level of good site practices to setting the right policies that drives a company onwards The text covers the management of sustainability and the accompanying CD ROM includes a wealth of material such as tool kits templates and activities that can be shared throughout the organisation and used for team meetings communication and training

The Preaching Life Barbara Brown Taylor, 1993-01-25 In her bestselling preaching autobiography Barbara Brown Taylor writes of how she came to be a preacher of the gospel as a priest in the Episcopal Church In this warm and poignant collection Barbara Brown Taylor's humor and wisdom delve into the meaning of Christian symbols and history both her own growing up in the Mid West and Georgia and the Church's from its earliest beginnings in the Near East Seamlessly Taylor weaves together reflections on her vocation with the long standing struggles of the Church to hear respond and remain faithful to its mission of holy love She moves effortlessly from reflection to homily concluding the volume with thirteen sermons illustrative of the answered call This rich meeting of memoir theology and sermon stands at the center of Taylor's work bringing into one book the origins and the vision of her remarkable preaching life But her voice is not sentimental Instead Taylor explores Christian meanings and histories in order to hear and speak in the present for God God has given us good news in human form and has given us the grace to proclaim it she writes but part of our terrible freedom is the freedom to lose our voices to forget where we were going and why While that knowledge does not yet strike me as prophetic it does keep me from taking both my ministry and the ministry of the whole church for granted This book on the calling to preach is itself a call to reawaken to the activating presence of God Because I am a preacher it is through a preacher's eyes that I see but because I am a baptized Christian too it is from that perspective I write Either way my job remains the same to proclaim the good news of God in Christ and to celebrate the sacraments of God's presence in the world Those two jobs are described as clearly in the baptismal vows as they are in the ordination vows which give all Christians a common vocation from Chapter One
