Contemporary Spanish American Novels by Women Susan Carvalho, 2007 A reading of contemporary women's fiction in Spanish America in which space rather than time is seen as the driver of the narrative Space is critical to

imaginative writing As English novelist Elizabeth Bowen has observed nothing can happen nowhere This book offers an interdisciplinary framework for reading novels and in particular women s fiction in Spanish America with a focus on geoplots on space rather than time as the narrative engine Following the work of Lefebvre and Friedman the author examines recent works by Spanish America s most visible women novelists Angeles Mastretta Mexico Isabel Allende Chile Rosario Ferr Puerto Rico Sara Seefchovich Mexico and Laura Restrepo Colombia and the ways in which their female protagonists challenge the spatial barriers erected by capitalist hegemony Margins borders liminal spaces the chora space and the body are emphasized as potential sites of transgression The analysis identifies spatial negotiation as a mechanism both for cementing and for undermining authority thus exposing the strategies through which literature constructs and represents power SUSAN CARVALHO is Associate Professor of Hispanic Studies at the University of Kentucky and Director of the Middlebury College Spanish School

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike
