upon the effect of immediacy at the expense of depth Featuring full colour artists inserts this is the first book to extensively explore the degree to which the grassroots popularity of Twitter and Facebook has been co opted into mainstream media institutional and curatorial characterisations of revolution and whether artists should be wary of perpetuating the rhetoric and spectacle surrounding political events In the process Uncommon Grounds reveals how contemporary art practices actively negotiate present day notions of community based activism artistic agency and political engagement

From Miniskirt to Hijab Jacqueline Saper, 2019-10-01 Jacqueline Saper named after Jacqueline Kennedy was born in Tehran to Iranian and British parents At eighteen she witnessed the civil unrest of the 1979 Iranian revolution and continued to live in the Islamic Republic during its most volatile times including the Iran Iraq War In a deeply intimate and personal story Saper recounts her privileged childhood in prerevolutionary Iran and how she gradually became aware of the paradoxes in her life and community primarily the disparate religions and cultures In 1979 under the Ayatollah regime Iran became increasingly unfamiliar and hostile to Saper Seemingly overnight she went from living a carefree life of wearing miniskirts and attending high school to listening to fanatic diatribes forced to wear the hijab and hiding in the basement as Iraqi bombs fell over the city She eventually fled to the United States in 1987 with her husband and children after in part witnessing her six year old daughter s indoctrination into radical Islamic politics at school At the heart of Saper s story is a harrowing and instructive tale of how extremist ideologies seized a Westernized affluent country and transformed it into a fundamentalist Islamic society

Evangelicals and Israel Stephen Spector, 2009 Most observers explain evangelical Christians bedrock support for Israel as stemming from the apocalyptic belief that the Jews must return to the Holy Land as a precondition for the second coming of Christ But the real reasons argues Stephen Spector are far more complicated In *Evangelicals and Israel* Spector delves deeply into the Christian Zionist movement mining information from original interviews web sites publications news reports survey research worship services and interfaith conferences to provide a surprising look at the sources of evangelical support for Israel Israel is God s prophetic clock for many evangelicals irrefutable proof that prophecy is true and coming to pass in our lifetime But Spector goes beyond end times theology to find a complex set of motivations behind Israel evangelical relations These include the promise of God s blessing for those who bless the Jews gratitude to Jews for establishing the foundations of Christianity remorse for the Church s past anti Semitism fear that God will judge the nations based on how they treated the Jewish people and reliance on Israel as the West s firewall against Islamist terrorism Spector explores many Christian Zionists hostility toward Islam but also uncovers an unexpected pragmatism and flexibility concerning Israel s possession of the entire Holy Land For evangelicals politics frequently mixes with faith Yet Spector argues that evangelical beliefs though often portrayed as

unifying and rigid are in reality various and even contradictory Spector uses George W Bush's beliefs about the Bible as a sounding board for these issues and explores the evangelical influence on his Middle East policies Evangelicals and Israel corrects much of the speculation about Bush's personal faith and about evangelicalism's impact on American Middle East relations and provides the fullest and most nuanced account to date of the motives and theology behind Christian Zionism
