Return of the Dead Gecko Dennis Fujitake, Kevin Patrick Sullivan, 1995-01-01 **Deathtripping** Jack Sargeant, 2007-12-01 This exhaustive study focuses on the New York filmmakers that coalesced around the radical manifesto espoused by downtown filmmaker Nick Zedd none shall emerge unscathed Placing their work within the wider alternative film and downtown post punk scenes Deathtripping offers detailed analyses of the movement s films alongside interviews with the filmmakers and their collaborators including Richard Kern Nick Zedd Tommy Turner Beth B Joe Coleman and Lydia Lunch Also discussed are seminal influences such as the Kuchar brothers Jack Smith and Andy Warhol as well as the history of underground and trash cinema *Cargoes in Motion* Burkhard Schnepel, Julia Verne, 2022-02-08 An innovative collection of essays that foregrounds specific cargoes as a means to understand connectivity and mobility across the Indian Ocean world Scholars have long appreciated the centrality of trade and commerce in understanding the connectivity and mobility that underpin human experience in the Indian Ocean region But studies of merchant and commercial activities have paid little attention to the role that cargoes have played in connecting the disparate parts of this vast oceanic world Drawing from the work of anthropologists geographers and historians *Cargoes in Motion* tells the story of how material objects have informed and continue to shape processes of exchange across the Indian Ocean By following selected cargoes through both space and time this book makes an important and innovative contribution to Indian Ocean studies The multidisciplinary approach deepens our understanding of the nature and dynamics of the Indian Ocean world by showing how transoceanic connectivity has been driven not only by economic social cultural and political factors but also by the materiality of the objects themselves Essays by Edward A Alpers Fahad Ahmad Bishara Eva Maria Knoll Karl Heinz Kohl Lisa Jenny Krieg Pedro Machado Rupert Neuh fer Mareike Pampus Hannah Pilgrim Burkhard Schnepel Hanne Sch nig Tansen Sen Steven Serels Julia Verne Kunbing Xiao **The God Gene** Dean C. Moore, 2016-10-05 It s an Age of Abundance No longer do humans struggle to meet their basic needs Arguably they live better than kings of old But despite this it s the intelligence explosion that steals the limelight technological innovations come so rapidly that they create a backlash The risks to the new world order are just too great And now there s talk of both a nano man comprised of a shape shifting swarm of nanites and a human with the god gene Even with a planetary ubermind to keep things under control fears are that one or another of them will be able to hack the ubermind Have they done so already And if so how long after they settle their score with one another to see who s top dog before they re free to mess with the entire human race For one woman and the two men that love her these concerns are more than simply academic You see one of the three carries the god gene Pick up a copy now to see if the very thing that truly makes us stronger our relationships survives the latest onslaught of a technology that hits like a tsunami wave NOTE CONCEIVED IN THE SPIRIT OF IAIN M BANKS CULTURE SERIES THE NOVELS IN THE AGE OF ABUNDANCE SERIES LIKEWISE ARE STAND ALONE BOOKS THAT CAN BE READ IN ANY ORDER THEY FEATURE

Gregory Shushan, 2018-07-03 Near death experiences are known around the world and throughout human history They are sometimes reported by individuals who have revived from a period of clinical death or near death and they typically feature sensations of leaving the body entering and emerging from darkness meeting deceased friends and relatives encountering beings of light judgment of one's earthly life feelings of oneness and reaching barriers only to return to the body Those who have NDEs almost invariably understand them as having profound spiritual or religious significance In this book Gregory Shushan explores the relationship between NDEs shamanism and beliefs about the afterlife in traditional indigenous societies in Africa North America and Oceania Drawing on historical accounts of the earliest encounters with explorers missionaries and ethnologists this study addresses questions such as Do ideas about the afterlife commonly originate in NDEs What role does culture play in how people experience and interpret NDEs How can we account for cross cultural similarities and differences between afterlife beliefs Though NDEs are universal Shushan shows that how they are actually experienced and interpreted varies by region and culture In North America they were commonly valorized and attempts were made to replicate them through shamanic rituals In Africa however they were largely considered aberrational events with links to possession or sorcery In Oceania Micronesia corresponded more to the African model while Australia had a greater focus on afterlife journey shamanism and Polynesia and Melanesia showed an almost casual acceptance of the phenomenon as reflected in numerous myths legends and historical accounts This study examines the continuum of similarities and differences between NDEs shamanism and afterlife beliefs in dozens of cultures throughout these regions In the process it makes a valuable contribution to our knowledge about the origins of afterlife beliefs around the world and the significance of related experiences in human history **Contributions to Thermal Physiology** Z. The Murder of Norman Ware Rosamund Kendal, 2013-02. The golfing eco estate on the KwaZulu Natal coast seems idyllic with its diplomatic level security, smart country club and resort style pools and restaurants. But beneath the luxurious and well manicured surface corruption, lechery, evil and debauchery seethe. It is in this rotten stew that a series of seemingly random and coincidental events leads to the murder of one of the estate's most respected residents, advocate Norman Ware. As Detective De Villiers sifts through the witnesses and suspects a philandering plastic surgeon, a harvester of body parts, a property tycoon, a serial killer with a penchant for teenage girls, a recluse with ophidiophobia and a cross dressing homophobe, the pillars of lies and deceit upon which the exclusive estate residents' lives have been built start collapsing. Clever and macabre, this South African novel plays with the ideas of fate and of action and consequence.

Stop Them Dead Peter James, 2023-09-28. Ruthlessly efficient entertainment. Pedigree fun. The Times. Discover the darkness that lurks around every corner in the latest instalment of the award winning Grace series, now a major ITV series. A ruthless crime. A race against time. In the dead of night a farmer hears a suspicious noise. It's everyone's worst nightmare. A break in. When he confronts the intruders he has no idea that just minutes later he will be left lying in a pool of blood. But the chilling truth lies not in the act itself but what the perpetrators were willing to kill for. At the scene of the crime Detective Superintendent Roy Grace senses something amiss. This is no mere botched robbery, it's the tip of the iceberg of a nationwide crime epidemic. Ruthless gangs operating with military precision have discovered a new black market flourishing in the shadows, an unthinkable source of wealth even more profitable than drugs. Grace's investigation into this deadly trade pits him against some of the most ruthless people he has ever encountered, people who will kill anyone who gets in their way because where there is greed there is murder. The clock is ticking and the stakes have never been higher. Out of his element and out of time can Roy Grace put a stop to these criminal masterminds before more innocent lives are lost? Peter James is one of the best British crime writers and therefore one of the best in the world.
