Recently our citizens throughout the nation had a revealing and painful experience. For the first time in our national history they saw, through the miracle invention of television, their government at work in the hearings conducted by the Senate Crime Committee, of which I was privileged to be a member. They watched a parade of witnesses from the underworld appear in court before the committee. They studied the faces of these witnesses, watched their reactions to questions propounded by committee members, heard their refusals to answer questions, as they repeated parrotlike, time after time, those words, "I refuse to answer on the grounds that it might tend to incriminate me." Guilt was manifest, but the only recourse our committee had was to order them to answer and them, if they persisted in their refusal, to cite them for contempt on the Senate floor.

In our visits to various sections of the country we found sordid and corrupt conditions almost everywhere.

An Elementary System of Theoretical and Practical Morality* Henry Noble Day, 2024-06-18 Reprint of the original first published in 1876 How to Philosophize with a Hammer and Sickle Jonas Ceika, 2021-11-09 From the creator of the Cuck Philosophy YouTube channel comes this timely and explosive re evaluation of Marx and Nietzsche for the 21st century left Modernity has been defined by humanity s capacity for self destruction Over the last century the means which threaten not only life s joy but its very existence have only multiplied At the same time as a new wave of nationalism and right wing politics spreads across the world fewer and fewer people are being convinced that socialism could improve their everyday lives let alone save us from our own destruction In this timely and explosive book philosopher and YouTuber Jonas eika aka Cuck Philosophy re invigorates socialism for the

twenty first century Leaving behind its past associations with bureaucracy and state tyranny and its lifeless and drab theoretical accounts eika instead uses the works of Marx and Nietzsche to reconnect socialism with its human element presenting it as something not only affecting but created by living breathing suffering human individuals At a time when ecological collapse is hurtling towards us and capitalism offers no solution except more growth and exploitation How to Philosophise with a Hammer and Sickle shows us the way forward to a socialism grounded in human experience and accessible to all

Profits and Morality Robin Cowan, Mario J. Rizzo, 1995 Are profits morally justifiable While neoclassical economists have traditionally endorsed the pursuit of profits many moral philosophers have challenged profit making on a variety of ethical grounds Through the lenses of economics philosophy and law these six essays explore the morality of profits from libertarian utilitarian and consequentialist perspectives Presenting arguments for and against the morality of profit making the contributors examine the nature of profits and which ethical theories can support them Two essays address how profits are made one explores entrepreneurship as a legitimate source of profit while another argues that recent advances in welfare economics weaken the case for the morality of profits The other chapters focus on ethical theory covering the right to profits from economic rent the morality of how profits are used those directed toward library or university endowments for example are considered morally acceptable and whether or not profits are deserved

Moral Injury among Returning Veterans Joshua Morris, 2021-08-23 Josh Morris privileges the voices of veterans to argue that returning soldiers need families friends and religious communities to listen to their stories with compassion to avoid amplifying the effects of moral injury When society greets returning soldiers in ways that reinforce cultural norms that frame military service as heroic rather than acknowledging its ambiguities and harmful effects it exacerbates moral injury and keeps veterans from resolving inner conflicts and coping effectively with civilian life Morris a military chaplain and veteran who served in Afghanistan knows these difficulties first hand Using stories from other veterans Morris helps us see how cultural assumptions about military service can complicate moral injury and a veteran's return home Drawing from liberation theologies ideology critique and Antonio Gramsci's advocacy for the working class the book suggests useful perspectives and spiritual care resources for military chaplains religious leaders caregivers and concerned civilians Morris argues that military chaplains are uniquely positioned to help returning soldiers resist the amplification of existing moral injury Moving from thank you for your service to liberative solidarity can galvanize resistance and make change possible
