Future Seeing and Philosophy of Philosophies ... Edmund Shaftesbury, 1930

Revolution remembered Edward Legon, 2019-03-11 After the Restoration parliamentarians continued to identify with the decisions to oppose and resist crown and established church This was despite the fact that expressing such views between 1660 and 1688 was to open oneself to charges of sedition or treason This book uses approaches from the field of memory studies to examine seditious memories in seventeenth century Britain asking why people were prepared to take the risk of voicing them in public It argues that such activities were more than a manifestation of discontent or radicalism they also provided a way of countering experiences of defeat Besides speech and writing parliamentarian and republican views are shown to have manifested as misbehaviour during official commemorations of the civil wars and republic The book also considers how such views were passed on from the generation of men and women who experienced civil war and revolution to their children and grandchildren

The Ninth Hour Harrison Mujica-Jenkins, 2008-10-03 The ninth hour is the hour in which the sun possesses us and we abandon ourselves to its burning blinding flame to think with a light so bright At noon we come out of Plato's cave and stare into the sun the unknown gazing into the unknown These writings do not owe anything to the philosophical sun the good sun of Plato that erases all differences the good sun of enlightened reason that is oblivious to the knowledge of the madman They are writings born beyond the sun on the rotten side of the sun unprotected by the shadow of logic writings come out of darkness of the spiritual umbra of he who stares directly at the sun And more specifically writings begotten out of the spiritual nigrescence of whom writes at the ninth hour at high noon

Disaffected Parties John Owen Havard, 2019-02-14 *Disaffected Parties* reveals how alienation from politics effected crucial changes to the shape and status of literary form Recovering the earliest expressions of grumbling irritability and cynicism towards politics this study asks how unsettled partisan legacies converged with more recent discontents to forge a seminal period in the making of English literature and thereby poses wide ranging questions about the lines between politics and aesthetics Reading works including Laurence Sterne's *Tristram Shandy* James Boswell's *Life of Johnson* the novels of Maria Edgeworth and Jane Austen and the satirical poetry of Lord Byron in tandem with print culture and partisan activity this book shows how these writings remained animated by disaffected impulses and recalcitrant energies at odds with available party positions and emerging governmental norms even as they sought to imagine perspectives that looked beyond the divided political world altogether No one can be more sick of or indifferent to politics than I am Lord Byron wrote in 1820 Between the later eighteenth century and the Romantic age disaffected political attitudes acquired increasingly familiar shapes Yet this was also a period of ferment in which unrest associated with the global age of revolutions including a dynamic transatlantic opposition movement collided

with often inchoate assemblages of parties and constituencies As writers adopted increasingly emphatic removes from the political arena and cultivated familiar stances of cynicism detachment and retreat their estrangement also promised to loop back into political engagement and to make their works parties all their own Oblivion Song By Kirkman & De Felici #22

Robert Kirkman,2019-12-11 It never should have happened but it has The Faceless Men are here on Earth **Nietzsche, Feminism and Political Theory** Paul Patton,2002-09-11 Are you visiting women Do not forget your whip Thus Spoke Zarathustra the democratic movement is a form assumed by man in decay Beyond Good and Evil Nietzsche s views on women and politics have long been the most embarrassing aspects of his thought Why then has the work of Nietzsche aroused so much interest in recent years from feminist theorists and political philosophers In answer this collection comprises twelve outstanding essays on Nietzsche s work to current debates in feminist and political theory It is the first to focus on the way in which Nietzsche has become an essential point of reference for postmodern ethical and political thought **Lady Anne Blunt in the Middle East** Lisa McCracken Lacy,2017-03-30 Lady Anne Blunt was a woman ahead of her time After marrying the poet Wilfrid Scawen Blunt in 1869 the pair travelled extensively in the Middle East developing an especial fondness for the region and its people In this book Lisa Lacy explores the life travels and political ideas of Lady Anne With a broad knowledge of the Arab world she challenged prevailing assumptions and as a result of her aristocratic heritage exerted strong influence in British political circles Her extensive journeys in the Mediterranean region North Africa Egypt Arabia Syria Iraq and Persia formed the basis of her knowledge about the Middle East She pursued an intimate knowledge of Bedouin life in Arabia the town culture of Syria and Mesopotamia and the politics of nationalism in Egypt Her husband Wilfrid Scawen Blunt gained a reputation as an anti imperialist political activist Lacy shows that Lady Anne was her husband s partner in marriage politics and travel and exerted strong influence not only on his ideas but on the ideas of the British political elite of the era *The Humanities and Public Life* Peter Brooks,2014-03-01 This book tests the proposition that the humanities can and at their best do represent a commitment to ethical reading And that this commitment and the training and discipline of close reading that underlie it represent something that the humanities need to bring to other fields to professional training and to public life What leverage does reading of the attentive sort practiced in the interpretive humanities give you on life Does such reading represent or produce an ethics The question was posed for many in the humanities by the Torture Memos released by the Justice Department a few years ago presenting arguments that justified the use of torture by the U S government with the most twisted ingenious perverse and unethical interpretation of legal texts No one trained in the rigorous analysis of poetry could possibly engage in such bad faith interpretation without professional conscience intervening to say This is not possible Teaching the humanities appears to many to be an increasingly disempowered profession and status within American culture Yet training in the ability to read critically the messages with which society politics and culture bombard us may be more necessary than ever in a world in which the manipulation of

minds and hearts is more and more what running the world is all about This volume brings together a group of distinguished scholars and intellectuals to debate the public role and importance of the humanities Their exchange suggests that Shelley was not wrong to insist that poets are the unacknowledged legislators of mankind Cultural change carries everything in its wake The attentive interpretive reading practiced in the humanities ought to be an export commodity to other fields and to take its place in the public sphere
