SHERLOCK HOLMES'
NEMESIS LIVES AGAIN

JOHN GARDNER

Return Of Moriarty

Return Of Moriarty:

The Return of Moriarty John Gardner, 1974 It is the turn of the century and far from perishing during the struggle with Sherlock Holmes at the Reichenbach Falls Professor James Moriarty is alive and well and about to realize his plans to establish crime syndicates in the major cities of the United States But suddenly he is called back to London where his vast criminal society has been overrun by a rival concern led by the shadowy Sir Jordan Jack Idell or Idle Jack a supposed gentleman hoodlum acting on behalf of criminal elements in France Italy Spain and Germany John Gardner, 2021-11-15 Now back in print after forty years The first novel in John Gardner's bestselling series of Victorian crime thrillers pitting Sherlock Holmes against the Napoleon of crime Professor James Moriarty Once again the game is afoot What really happened in Switzerland between Moriarty and Sherlock Holmes in 1891 And why is Holmes now in London at 221B Baker Street curiously uncooperative with Scotland Yard's inquiries Furthermore why has Moriarty planned a grand meeting with the international crime syndicate These are the questions that make up the larger mystery of the sinister The Return of Moriarty Jack Anderson, 2025-09-09 After Professor Moriarty survives Professor Moriarty s return Reichenbach Falls and Sherlock Holmes dies Moriarty finds himself caught up in a locked room mystery Holmes couldn t solve This time it s up to Moriarty to crack the mystery perfect for fans of Sherlock Holmes ingenious retellings like the ones by Anthony Horowitz and Laurie R King Upon escaping from Reichenbach Falls his empire in ruins criminal mastermind James Moriarty takes the identity of wealthy inventor Hugo Strahm and embarks on a dark pilgrimage to the cliffside manor of Schloss Aber in Bayaria When medical student Clara Mendel returns to Scholss Alber she finds her childhood home on the verge of ruin A deadly feud over a priceless heirloom has thrown the Aber family into chaos while its walls play host to an unusual cast of characters the obstinate Lord Aber his strange and beleaquered children their cantankerous butler and of course their mysterious new quest Hugo Strahm When one of them is poisoned at dinner it s the first act in a spiraling criminal conspiracy in which any and all of them are suspects Working with the sharp and inquisitive Clara the former crime lord attempts to solve the mystery whilst trying to keep his true identity concealed Yet despite taking on the role of detective Moriarty does not share Sherlock Holmes methods nor his interest in justice Only one thing is certain for James Moriarty dying at the hands of Sherlock Holmes would have been an elegant end The question of what comes next is far more complicated This cleverly plotted mystery is a faithful and inventive take on the Sherlock Holmes legacy paying homage to Arthur Conan Doyle's signature style while adding its own devious tricks to the story that is destined to become a must read classic for Sherlock Holmes fans The Return of Moriarty Jack Anderson, 2025-11-06 Sherlock Holmes is dead But his nemesis is not James Moriarty is severely wounded his organisation has been dismantled and Sherlock Holmes is dead Fleeing to recover desperate to rebuild his empire Moriarty must assume a new identity Months after Sherlock's death aspiring doctor Clara Mendel returns to Schloss Alber after a six year absence The vast estate which hangs high upon the

cliffs of Bavaria is home to the noble Alber family A priceless sword on which the family s wealth and reputation depends has been stolen from the grave of the intended heir Clara's step father Lord Alber has placed his trust firmly in his esteemed new friend a Mr Hugo Strahm to find the sword and prevent the noble family s ruin Once they have spent more time together Clara becomes intrigued by Strahm's formidable intellect finally she has an equal at Schloss Alber But Clara isn't na ve She knows the secrets a great house like Schloss Alber can hide And as she spends more time in Mr Strahm's company she begins to suspect him of hiding his true identity Can she really trust him to find the missing sword The start of a fiendishly inventive and enjoyable new historical mystery series Jack Anderson's Moriarty Mystery books see Sherlock Holmes iconic villain re invented for a whole new generation of readers The Return of Moriarty John E. Townsend, 2010-09-04 The Mystery Fancier Volume 7 Number 2 March April 1983 contains Young Detective Kildare by Evelyn Herzog The World of Nero Wolfe by Asbjorn Skytte An Interview with Desmond Bagley by Jane S Bakerman and Deduction in Duplicate by Alan S Mosier Report of the Secretary of the **Senate** United States. Congress. Senate,2000 The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to

have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories Sherlock Holmes Handbook Christopher Redmond, 2009-09-28 Sherlock Holmes Handbook sums up a Canadian scholar s lifetime expertise about Sherlock Holmes the characters and themes the publishers and readers Victorian London and the Houdini connection radio actors and cartoonists the fans who cling to Holmes s reality and the professors who tease out motifs from the fifty six short stories and four novels The first edition of Sherlock Holmes Handbook appeared in 1993 This edition catches up on new films new books a few with a hint of the supernatural and the advent of the Internet which has spread Holmes's fame and Sherlockian fun even further worldwide The intervening years have brought three multi volume editions of the Sherlock Holmes stories with hundreds of footnotes providing new insights and new amusement They have also seen Holmes repeatedly on the amateur and professional stages including a few Canadian productions And there have been changes to everything from copyright rules to libraries booksellers and audio recordings <u>Disposition of Surplus Property</u> United States. Congress. House. Select Committee to Investigate Disposition of Surplus Property, 1946 The Devil's Blaze Robert J. Harris, 2022-11-01 Set during World War II in London a thrilling murder mystery where the world's greatest detective must uncover the truth behind a seemingly impossible series of high profile assassinations London 1943 Across the city prominent figures in science and the military are bursting into flame and being incinerated Convinced that the Germans have deployed a new terror weapon a desperate government turns to the one man who can track down the source of this dreadful menace Sherlock Holmes The quest for a solution drives Holmes into an uneasy alliance with the country's most brilliant scientific genius Professor James Moriarty Only Sherlock Holmes knows the truth that behind his fa ade of respectability Moriarty is the mastermind behind a vast criminal empire As they together pursue the trail of incendiary murders Holmes is quite sure that Moriarty is playing a double game and that there lies ahead a duel to the death from which they will not both survive Remote Sensing in Action Enders A. Robinson, Dean Clark, 2014-08-01 Remote Sensing in Action The Curious Case of Sherlock Holmes and Albert Einstein SEG Geophysical Monograph Series No 18 by Enders A Robinson and Dean Clark guestions a basic assumption of the scientific method that new theories or experimental results are communicated effectively by traditional methods e g presentations at professional meetings or publication in a peer reviewed journal and suggests that the scientific method needs to be applied to the

scientific method itself to find out if other styles of communication might work better In a highly entertaining format the book uses the enormously popular fictional characters created by Sir Arthur Conan Doyle to unravel and explain the historical underpinnings of remote sensing The extended appendices guarantee that all of the science of remote sensing is included in this book of scientific fiction The story covers more than 2000 years beginning with Pythagoras in ancient Greece and ending with Einstein's first article on relativity in 1905 Light years beyond a traditional science textbook this detective story set in 1905 will teach students of all ages about the exciting journey of scientific discovery
