return to the core of our being to where the sacred comes into existence And the mystical feminine holds the key to this work of redemption and transformation Over the past two decades Llewellyn Vaughan Lee has given different teachings on the feminine and the anima mundi the World Soul They are compiled here for the first time Llewellyn Vaughan Lee presents us with a clear picture of the Feminine which is now essential to building a new vision and value for our dear planet earth MARION WOODMAN Ph D Jungian Analyst and author This book is the work of an alchemist a vitally important contribution to the Great Work of rescuing the human soul from the darkness that currently shrouds it In this dangerous transitional time where ignorance confusion and cruelty abound its theme of the need for us to recover and comprehend the Feminine is of absolute and urgent relevance Few people are able to define and evoke the Feminine in the way that Llewellyn Vaughan Lee does in poetic and beautiful prose he speaks directly from his soul to ours acting as advocate for the longing of the anima mundi the World Soul to be welcomed once again into our lives and our culture He knows that this is the time of humanity s awakening each one of us participates in the mystery of the light hidden within us and within all nature that is being awakened For exploring this mystery so directly and deeply and with such insight he deserves our deepest gratitude Women and men alike will welcome and treasure this book ANNE BARING co author The Myth of the Goddess Evolution of an Image and The Dream of the Cosmos A Quest for the Soul *Dictionary of All Scriptures and Myths* G. Love Simon May,2019-03-28 What is love s real intent Why can love be so ruthlessly selective How is it related to sex beauty and goodness And is the child now the supreme object of love In addressing these questions Simon May develops a radically new understanding of love as the emotion we feel towards whomever or whatever we experience as grounding our life as offering us a possibility of home in a world that we supremely value He sees love as motivated by a promise of ontological rootedness rather than as two thousand years of tradition variously asserts by beauty or goodness by a search for wholeness by virtue by sexual or reproductive desire by compassion or altruism or empathy or in one of today s dominant views by no qualities at all of the loved one After arguing that such founding Western myths as the Odyssey and Abraham s call by God to Canaan in the Bible powerfully exemplify his new conception of love May goes on to re examine the relation of love to beauty sex and goodness in the light of this conception offering among other things a novel theory of beauty and suggesting against Plato that we can love others for their ugliness while also seeing them as beautiful Finally he proposes that in the Western world romantic love is gradually giving way to parental love as the most valued form of love namely the love without which one s life is not deemed complete or truly flourishing May explains why childhood has become sacred and excellence in parenting a paramount ideal as well as a litmus test of society s moral health In doing so he argues that the child is the first genuinely modern supreme object of love the first to fully reflect what Nietzsche called the death of God Readers will find Love Excitingly new yet immediately recognizable that s the paradox at the very heart of love and it is what Simon May has achieved Los Angeles Review of Books Stories of the Goddess Marit Clementz,Ingvild Forbord,2024-05-14

The well known archaeologist Marija Gimbutas found through her excavations and research in Europe from prehistoric times that there have been societies that lived in peace for millennia and where the highest deity was feminine Gimbutas believed women played a central role in the religions and society of what she called ancient Europe In societies where the goddess was the supreme deity life was celebrated not death and men and women were equal People lived in harmony with nature and built their cities on fertile plains The knowledge of a possible peaceful society where the goddess ruled and where the union between man and woman was sacred has made women and men believe that a better world is possible On this background Clementz and Forbord try to find traces of the Great Goddess in symbolism that recurs in myths and fairy tales The book reproduces a selection of these and sheds new light on them with the help of religious historical theory We join the goddess Inanna to the underworld hear the legend of Kuan Yin follow the tracks of the black Madonnas investigate the Grail mysteries look into the Great Goddess of the North and see fairy tales about true love in a new light The interested reader can look forward to many moments of realization in the company of the authors and their interpretations of known and unknown myths and fairy tales all from a female perspective Ingvild Forbord is a teacher with a major in the history of religion Marit Clementz is a teacher and professional storyteller Together they run the Women s Academy which organizes workshops and travels related to the themes in this book They have an online course called Eve s Apples and lead Wise Women Circles online once a month
