resounding yes Jamie's genius is in creating maximum flavour from quick easy to follow recipes It hasn't dated at all Daily Telegraph on The Naked Chef _____ *Jamie Oliver's Meals in Minutes* Jamie Oliver, 2011 This book is not about compromising on quality It's about being organized working fast and using shortcuts and clever tricks to put insanely delicious plates of food on the table in no time Each of the 50 meals inside has been carefully written so there's no messing about just good fast cooking *The Naked Chef* Jamie Oliver, 1999 When I first moved to London I rented a tiny flat in Hampstead with a kitchen the size of a cupboard After that I moved to a Hammersmith basement flat which wasn't much better so I knew only too well the restrictions of a small kitchen with only basic cooking equipment I had been cooking good food in a restaurant for some time but found it difficult to re-create many of the recipes at home for lack of time space equipment or sometimes the availability to the average shopper of good quality produce at reasonable prices So in an effort to re-create some exciting restaurant recipes in a limited kitchen I found myself stripping down those recipes to something quite basic I then adapted them using what I did have in the cupboard larder fridge or garden Using this principle I have built up a foolproof repertoire of simple delicious and feisty recipes At the same time I have tried to avoid culinary jargon and any complicated time consuming process that isn't justified by the end result **Jamie Oliver - Biography Series** Matt Green, 2016-07-12 Ever wondered how Jamie Oliver rose to stardom He grew up in Essex where his father Trevor and mother Sally were the owners of a highly respected pub and restaurant called The Cricketers Jamie was lucky that his parents ran that Inn where he took an early interest in food and at the age of 8 he influenced his career direction working in his parent's restaurant His fascination for food continued to grow and by the time he was eleven he could manage the kitchen staff with his severe skills and cooking expertise For more detailed information you must read his biography Grab your biography book now **Together** Jamie Oliver, 2021-11-02 1 INTERNATIONAL BESTSELLER Welcome friends and family back around your table with Jamie Oliver's brand new cookbook Together a joyous celebration of incredible food to share Being with our loved ones has never felt so important and great food is the perfect excuse to get together Each chapter features a meal from seasonal feasts to curry nights with a simple achievable menu that can be mostly prepped ahead Jamie's aim whether you're following the full meal or choosing just one of the 130 individual recipes is to minimize your time in the kitchen so you can maximize the time you spend with your guests Jamie's Together also helps to take the stress out of cooking by arming you with tips tricks and hacks to stay organized and get ahead of the game Inspirational but practical Together is about comfort celebration creating new memories and above all sharing fantastic food This is about memorable meals made easy Let's dig in together This edition has been adapted for the US market Praise for Jamie's 7 Ways Cooking dinner just got easier and tastier Brilliant Mail on Sunday Easy achievable and delicious Oliver has created another fail safe cookbook for families Daily Telegraph Perfect for anyone stuck in a cookery rut and in need of some inspiration Daily Mail Simple affordable and delicious food designed for all the family i The Recipe Reader Janet Floyd, Laurel Forster, 2017-03-02 Over the last decade

there has been an intense and widespread interest in the writing and publishing of cookery books yet there remains surprisingly little contextualized analysis of the recipe as a generic form This essay collection asserts that the recipe in all its cultural and textual contexts from the quintessential embodiment of lifestyle choices to the reflection of artistic aspiration is a complex distinct and important form of cultural expression In this volume contributors address questions raised by the recipe its context its cultural moment and mode of expression Examples are drawn from such diverse areas as nineteenth and twentieth century private publications official government documents campaigning literature magazines and fictions as well as cookery writers themselves cookbooks and TV cookery In subjecting the recipe to close critical analysis The Recipe Reader serves to move the study of this cultural form forward It will interest scholars of literature popular culture social history and women s studies as well as food historians and professional food writers Written in an accessible style this collection of essays expands the range of writers under consideration and brings new perspectives contexts and arguments into the existing field of debate about cookery writing
