## **Return Reflections Continued:**

**Returning Home** Jerry M. Burger, 2011-03-16 Each year millions of American adults visit a childhood home Few can anticipate the effect it will have on them Often serving several important psychological needs these trips are not intended as visits with people from their past Rather those returning to their homes have a strong desire to visit the places that comprised the landscape of their childhood Approximately one third of American adults over the age of thirty have visited a childhood home This book describes some of their experiences and the psychology behind the journeys Most people who visit a childhood home are motivated by a desire to connect with their past Seeing the buildings schools parks and playgrounds from their youth helps to establish the psychological and emotional link between the child in the black and white photographs and the person they are today Many people use the trip to get in touch with the values and principles they were taught as children often as a means to get their lives back on track Others use that journey to strengthen emotional bonds between themselves and loved ones Still others return to former homes to work through psychological issues left over from sad or traumatic childhoods No matter the reason there are few experiences in one's life that can move a person as deeply and unpredictably as returning home

**Learning to Teach** Sue L. T. McGregor, 2023-10-01 This primer is about learning how to teach As its name suggests it provides a basic introduction to what is involved in becoming an effective efficient and efficacious educator The targeted audiences are a preservice teachers PST i e nonprofessional student teachers enrolled in a university Bachelor of Education degree b early career novice inservice teachers c or any educator for that matter who wants to build or bolster their essential foundation for teaching The primer is unabashedly oriented to a synthesis of the technical how to aspects of teaching because without prowess in these skills even the most dedicated and committed teacher may not be effective and efficient let alone efficacious Although teaching is both a science and an art this primer is about the science of teaching Other books focus on teaching as inquiry thinking educators reflective educators and the sociocultural political aspects of teaching The book adopts a before during after class approach It addresses how to a prepare lessons before a class learning styles learning objectives lesson planning and learning environments b deliver lessons during a class instructional strategies questioning strategies and classroom management and c evaluate learning after the class student assessment and evaluation strategies and teacher self reflection This basic tool kit is further underscored with details about the larger constructs of d

developing courses modules and units from which daily lessons emerge Higher level notions of educational philosophies curriculum theories and curriculum development approaches are also included to illustrate how they as the educational context shape teachers pedagogies

Going Home Through Seven Paths to Nowhere Katalin G. Kállay, 2003 This book is one of those rare combinations of intellectual brilliance stylistic clarity and sheer verve The book contains a series of major works of American short fiction by Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Henry James as occasions for a mode of reading in which the readers aim is to establish an intimate relationship with the special arrangement of words in a text governed by a trust in a happy coincidence of moments in which one might recognize the words relevance to ones life Dr Kllay calls this a good encounter a term she adopts from the writings of philosopher Stanley Cavell In her detailed theoretical introduction Dr Kllay lays bare her scholarly debt primarily to the writings of Cavell himself and to the work of literary critic Wolfgang Iser as she further develops and clarifies the idea of the good encounter Here she identifies the good encounter with a particular trope which appears within the tales themselves and which also
