The Thebaid in Times of Crisis Ralph Birk,Laurent Coulon,2025-01-27 This collective volume explores societal crises in Hellenistic Egypt focussing regionally on the Thebaid from small scale insurgencies to full fledged secession As a result of an international conference held at the Freie Universit t Berlin May 2 4 2019 the presented case studies ask how actors and modern scholars of Ptolemaic Egypt shape and frame times of crisis and what traces remain thereof in the record As decisive moments in time crises reveal fundamental features of societies and structure the flow of events into historically meaningful yet potentially teleological trajectories In Ptolemaic historiography from Polybius till today the Great Theban Revolt 206 186 BCE served as such a turning point demarcating rise and decline By confronting the historiographic record with independent

and yet partially unexploited sources such as temple epigraphy Demotic literary texts archaeological numismatic and private documentation the reunited studies aim at diversifying the perspectives on and in societal conflicts in Ptolemaic Egypt in order to gain a fuller and more nuanced picture of how various actors kings queens officials and priests coped with times of crisis

Cosmology and the Polis Richard Seaford, 2012-01-12 In the earliest drama the clash between the old world of ritual and the new world of money is revealed *Nothing to Do with Dionysos?* John J. Winkler, Froma I. Zeitlin, 2020-07-21 These critically diverse and innovative essays are aimed at restoring the social context of ancient Greek drama Theatrical productions which included music and dancing were civic events in honor of the god Dionysos and were attended by a politically stratified community whose delegates handled all details from the seating arrangements to the qualifications of choral competitors The growing complexity of these performances may have provoked the Athenian saying nothing to do with Dionysos implying that theater had lost its exclusive focus on its patron This collection considers how individual plays and groups of dramas pertained to the concerns of the body politic and how these issues were presented in the convention of the stage and as centerpieces of civic ceremonies The contributors in addition to the editors include Simon Goldhill Jeffrey Henderson David Konstan Franois Lissarrague Oddone Longo Nicole Loraux Josiah Ober Ruth Padel James Redfield Niall W Slater Barry Strauss and Jesper Svenbro
