Faith and Order Commission Papers ,1988 Christianity and Natural Law Norman Doe,2017-07-20 This book compares historical and modern natural law ideas across global Christian traditions and explores their use in church law **The Vocation of Anglicanism** Paul Avis,2016-08-11 Paul Avis charts a pathway of theological integrity through the serious challenges facing the Anglican Communion in the first quarter of the 21st century He asks whether there is a special calling for Anglicanism as an expression of the Christian Church and expounds the Anglican theological tradition to shed light on current controversies He argues in conclusion that Anglicanism is called like all the churches to reflect the nature of the Church that we confess in the Creed to be one holy catholic and apostolic The book provides a clear view of the way that the Anglican tradition holds together aspects of the church that in other traditions are sometimes allowed to drift apart as the Anglican understanding of the Church reveals itself to be catholic and reformed episcopal and synodical universal and local biblical and reasonable traditional and open to fresh insight Avis combines accessible scholarly analysis with constructive arguments that will bring fresh hope and vision to Anglicans around the world **Democracy in the Christian Church** ,2012-04-12 A survey of historical theological and philosophical arguments for a democratization of the Christian church

Making Heretics Michael P. Winship,2009-02-09 Making Heretics is a major new narrative of the famous Massachusetts disputes of the late 1630s misleadingly labeled the antinomian controversy by later historians Drawing on an unprecedented range of sources Michael Winship fundamentally recasts these interlocked religious and political struggles as a complex ongoing interaction of personalities and personal agendas and as a succession of short term events with cumulative results Previously neglected figures like Sir Henry Vane and John Wheelwright assume leading roles in the processes that nearly ended Massachusetts while more familiar hot Protestants like John Cotton and Anne Hutchinson are relocated in larger frameworks The book features a striking portrayal of the minister Thomas Shepard as an angry heresy hunting militant helping to set the volatile terms on which the disputes were conducted and keeping the flames of contention stoked even as he ostensibly attempted to quell them The first book length treatment in forty years Making Heretics locates its story in rich contexts ranging from ministerial quarrels and negotiations over fine but bitterly contested theological points to the shadowy worlds of orthodox and unorthodox lay piety and from the transatlantic struggles over the Massachusetts Bay Company's charter to the fraught apocalyptic geopolitics of the Reformation itself An object study in the ways that puritanism generated managed and failed to manage diversity Making Heretics carries its account on into England in the 1640s and 1650s and helps explain the differing fortunes of puritanism in the Old and New Worlds Christian Faith Peter Crafts Hodgson,2001-01-01 Addresses three issues including the struggle for justice cultural and religious pluralism and ecological and cosmological awareness arguing for the necessity of revising Christian faith in order to handle changing circumstances Original American Catholicism Transformed Joseph P. Chinnici,2021 Situating the church within the context of post World War II globalization and the Cold War American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large and Vatican Council II During this time the Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church's vision This convergence of international and national forces of renewal and resistance to them will continue to shape the American Catholic community's global identity in the twenty first century *The Christian Witness and Advocate of Bible Holiness* ,1899 *The Publishers Weekly* ,2006
