Revelation Explained 1918:

The Desolations of the Sanctuary Emil & Otto Sadlack, 2010 This is a reprint of the 1928 1930 critique of Judge J F Rutherford and the direction in which he had led the Watch Tower Bible Tract Society after the death of Pastor Russell Many of these observations are still valid today *The Apocalypse Or Book of Revelations, Explained According to the Spiritual Sense, Wherein are Disclosed the Arcana Therein Foretold which Have Been Hitherto Hidden* Emanuel Swedenborg, 1919

Counting the Days to Armageddon Robert Crompton, 1996 Counting the Days to Armageddon is work is of vital importance for all concerned with the Jehovah s Witness movement It provides a thorough examination of their eschatological development treating Watch Tower theology objectively but sympathetically Crompton also speculates about the future direction of Jehovah s Witness teaching The book begins with a brief consideration of the biblical foundations of doctrines of the last days particularly the books of Daniel and Revelation There follows an outline summary of some of the main aspects of the history of this doctrine within the Protestant mainstream during the late eighteenth and early nineteenth centuries and an outline of the Adventist teaching of William Miller 1782 1849 in the U S A During the time following the failure of Miller s expectations of the end of the world his ideas were developed by Charles Taze Russell 1852 1916 prime mover of the Watch Tower movement Counting the Days to Armageddon explores the way in which Russell amended Miller s ideas and also the distinctive way in which he handled the Dispensational categorisation of history of John Nelson Darby 1800 1882 to create an extension of historicist speculation on the application of prophecy to the modern world The response of the Watch Tower movement to the failure of Russell s expectations in 1914 is explored and the new body of doctrine which has replaced Russell s is examined The ways in which these doctrines have been modified in the past suggest ways in which future doctrine may develop especially in response to the protracted delay of Armageddon What is envisaged in the light of the history of Watch Tower doctrine is no dramatic collapse of the movement but rather an increasing emphasis upon other less vulnerable areas of doctrine together with a greater turnover of membership which may in due course undermine the movement s stability

Life in Christ William Robert West, 2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it
