Revelations 2000 Predictions For The Millennium:

From Rapture to Revelation Michelle Grace Lyerly, 2006-08-01 Ever since the September 11 2001 attacks on the World Trade Center in New York City there has been a renewed interest in the area of Islamic fundamentalism Consequently the interest in Christian fundamentalism has shifted into the background as it had been a chief concern of a number of authors since the 1970s In 1993 the World Alliance of Reformed Churches WARC the Lutheran World Federation LWF and the Pontifical Council for Promoting Christian Unity PCPCU conducted a multilateral dialogue addressing the worldwide phenomena of Christian fundamentalism and they eventually published a report on their findings entitled Christian Fundamentalism Today The Papers and Findings of the WARC LWF PCPU Consultation 22-26 February 1993 ed H S Wilson Geneva World Alliance of Reformed Churches 1994 While such writings serve to inform the reader on the issue of Christian fundamentalism they offer no practical steps on how ecumenically minded Christians can more effectively address the spiritual and theological concerns of those who are seeking refuge from the fundamentalist worldview especially within the context of the United States This work will focus on the problem of how ecumenically minded Christians could more effectively address the spiritual and theological concerns of former fundamentalists in the United States especially when dealing with the difficult theological topics of biblical inerrancy and eschatology Since evangelicals closely resemble fundamentalists in doctrine and practice the author will approach this task by conducting a textual analysis of the documents that came out of some of the official bilateral dialogues between evangelical and non evangelical groups in hopes that the results of these documents will offer some clues as to how to improve relations between former fundamentalists and ecumenically minded Christians especially when it comes to dealing with the aforementioned theological issues **Revelation** Craig S. Keener, 2000 The NIV Application

Commentary helps readers with the vital task of bringing the ancient message of the Bible into a contemporary context It gives preachers and teachers the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written **Challenging the Professionalization of Adult Education** André P.

Grace, Tonette S. Rocco, 2009-06-02 This is groundbreaking book examines the influence of the radical educator and social critic John Ohliger and provides a challenge to orthodox approaches to adult education Ohliger's call to focus on the necessity of learning to democracy and his critique of those that fail to keep freedom and responsibility at the center of the learning enterprise provide rich material for the authors reflections on the many ways in which Ohliger's work has influenced contemporary practice in the field The book also includes his most influential works also allows the reader to engage with his ideas directly **The Isaiah Effect** Gregg Braden, 2009-02-04 Seventeen hundred years ago key elements of our ancient heritage were lost relegated to the esoteric traditions of mystery schools and sacred orders Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations In his groundbreaking new book The Isaiah

Effect Gregg Braden turns to the Isaiah Scroll perhaps the most important of the Dead Sea Scrolls discovered in 1946 to offer insight into a powerful form of ancient prayer In The Isaiah Effect Braden author of Awakening to Zero Point and Walking Between the Worlds combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities rather than forecast impending doom and that we have the power to influence those possibilities In addition to describing multiple futures the Isaiah texts take us one step further clearly describing the science of how we choose our futures Tracing key words of Isaiah s text back to their original language we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations ranging from healing life threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru In each instance the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence the prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience Each time we engage ourselves our loved ones and our communities with Isaiah s life affirming message of hope we secure nothing less than our future and the future of the only home we know Revelation 12-22 (ITC)

Peter J. this way can we realistically give peace a chance Anna Belcastro is a Numerology Profiler and Life Purpose Counsellor Her study research and incisive application of number in our lives and in our world is made evident within the pages of this book www.annabelcastro.com

Handmaiden of Death: Apocalypse and Revelation Alexandra Simon-López, Mankhrawbor Dunai, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 The future holds many secrets that it will not reveal to us easily Pry as we may the curtain of mystery is too difficult to completely unveil It is no surprise therefore that there have been many attempts to imagine what these future possibilities may be More often than not the future projections inevitably paint a picture of desolation and destruction The varying social as well as environmental forces that assault our world always seem to indicate an impending doom around the corner if we don t buck the trend of passive disregard for the ills of the present world The apocalypse seems like an inevitable event This volume therefore does brilliantly in capturing this quest for answers in a world that seems to be hurling towards different imaginings of the end Whether imagined through the voices of doomsayer prophets the wonderfully expressive lens of the digital media or the pages of literature the volume will take the reader through the different discourses regarding the apocalypse and what we can learn from it To safeguard our future this volume seeks to offer answers to prevent our world from going up in flames

Deadly Cults Robert L. Snow, 2003-11-30 How does a Vampire Cult differ from a Satanic Cult How do seemingly normal or ordinary citizens suddenly find themselves committed to a group whose leader promotes criminal activities and isolation from families and friends What should you do if a loved one becomes indoctrinated by a potentially dangerous cult This book focuses on various cults and their often criminal belief systems Most readers are shocked by stories of mass suicides and ritualized cult killings but few understand how such crimes come to be committed Snow a seasoned police officer with experience working on cult crimes examines those cults that commit offenses from murder and fraud to kidnapping and sexual assault By providing specific accounts of dangerous cults and their destructive acts Snow illustrates how seemingly innocent groups can turn pernicious when under the sway of a charismatic leader with an agenda or when members take things too far He offers advice on how to avoid falling victim to cult indoctrination concluding with chapters on how to identify cults how to protect yourself and your family and what to do if a loved one is ensnared by such a group
