**Freedom Rooted in Revelation** Alexander Green,2021-01-18 Hi I Am therefore I think I m a messenger of God the Universal Consciousness God has made me a vessel so that you could stop thinking and reconnect to her easily We live in a time when many people claim to be prophets for profit I do not We are all infinite spiritual beings with the ability to influence time and space I am no different than you except I know that eternity exists beyond a shadow of any doubt and live within the Universal Mind at will The journey to the spiritual realm is the foundation of atonement freedom power and evolution These are the last days Scientists have warned that we must change our actions or destruction cataclysm and chaos will be the climatic and cultural condition You can stop thinking and I will show you how Learn to think perfectly and manifest destiny within moments We can stop anything as we eliminate everything we think too We must save us from ourselves This book contains the key to your freedom so that you can defeat the devil within be happy and love again You will learn of my decade long spiritual journey and the tools I have acquired along with the philosophy that corresponds with my experiences This is not a self help book This book helps you conquer the self You will either have a life changing experience that will usher in a new beginning or embark on a brain teasing conquest but you will not leave as you came I tell you that there is a moment before and after this life without when or where You were in darkness silence and stillness with awareness and knew that you were there But there were no things around you so love all that surrounds you That is why you must go back to the darkness and silence to remember yourself

New Testament Revelations Daniel G. Samuels,2018-05-06 For those who already are familiar with the messages received by James E Padgett Dr Samuels s channelings are a deep and profound blessing in that they provide continuity and integration between the teachings of the Bible and the revelations received through Mr Padgett The messages received by Dr Samuels are fundamentally different from the so called Padgett messages This is not surprising when you consider that Dr Samuels already had an extensive basic knowledge at his disposal while James Padgett had to start from scratch before he was even able to receive the messages from high Celestial spirits The lawyer James Padgett not only had the problem of coming into daily conflict with the principles of his upbringing as a strict Methodist he also had to fight against the many persistent doubts that stood in his way because of his profession being an attorney with a rather sober personality In order to even be able to receive such unique spiritual messages from the hereafter he had to learn step by step to protect the messages he received from the spirit world from the conscious or unconscious influence of his mind by first achieving a comprehensive spiritual development before all other things Jesus and other angels of God were therefore mainly occupied with teaching the basics before they could even think of proclaiming the renewal of the Glad Tidings which had already been lost shortly after Jesus life on earth Though James Padgett was plagued by grave doubts often questioning his own accountability he still followed the instructions of the Celestial spirits With heavy support from the spiritual kingdom he attained a spiritual growth that ultimately enabled him to make the true teachings of Jesus the Glad Tidings of Divine Love

available to mankind again Dr Samuels on the other hand was already aware of these basic revelations before he dedicated himself to the task of becoming active in mediumship Through Dr Leslie R Stone a close friend and confidant of Padgett he had not only experienced why Jesus of Nazareth had come to earth more than two thousand years ago he was also granted the privilege of feeling in his own body that Divine Love actually exists and is already here on earth as an experienceable physically perceptible reality Since Dr Samuels as a believing Jew did not belong to any of the many different Christian denominations he also had the decisive advantage of being able to look at the New Testament from a different perspective thus being much more objective The messages he received are therefore considerably more detailed and subtle than the more objective and sober descriptions James E Padgett received from the hereafter Another important difference in the legacy of both men is the fact that the messages James Padgett received have been almost all been published without some messages that were of a purely private nature whereas Dr Samuels only published what Jesus of Nazareth personally selected and explicitly released for publication Although the two books New Testament Revelations and Old Testament Sermons are relatively comprehensive in themselves it can be assumed that only a fraction of what Dr Samuels actually received is accessible to the public
