Revelations of a Wife Adele Garrison, 2015-06-17 I WILL BE HAPPY I WILL I WILL Today we were married I have said these words over and over to myself and now I have written them and the written characters seem as strange to me as the uttered words did I cannot believe that I Margaret Spencer 27 years old I who laughed and sneered at marriage justifying myself by the tragedies and unhappiness of scores of my friends I who have made for myself a place in the world's work with an assured comfortable income have suddenly thrown all my theories to the winds and given myself in marriage in as impetuous unreasoning fashion as any foolish schoolgirl

My Revelations of Love Fabian D. Falls, 2007-10 As indicated in the title this is a study in the historical evolution of the major faiths of mankind and their religious beliefs It is not a study to prove who is right and who is wrong As such it certainly has a different approach to the subject The layout of the subject may not depict the usual traditional approach observed in religious works but it certainly preserves its true historical background This work therefore is mainly historical in its essence The subject matter of this discourse is not only interesting but it is also informative and educational When we talk about the history of mankind we also talk about the origin and the development of their religious beliefs their culture and the social values of their life Theology a critical study of religious ideas a dogmatic approach has often in past been a source of divisions among the people of diverse beliefs and cultures This planet would have been a much better place to live in for all human beings if man had learned to appreciate and respect the religious and cultural beliefs of the people different than those in which he had been brought up Rather than finding differences and keeping alive hatred

and dislike for other faiths and beliefs he would have done better if he had understood the common purpose that exists behind all faiths Much has been said and written about the conduct of people who in the name of religion have destabilized the world peace The dangers of such religious polemics are evident in many areas of our planet In the pluralistic world of today no one faith has the monopoly of the Truth People are Christians Jews Hindus Buddhists or Muslims out of their sincere convictions Endowed with the gift of intellect and historical inheritance people have chosen different paths and ways in their search for the Truth We all eat the food grown in the same soil drink water from the same springs and breathe the air from the same atmosphere Even while holding to our own religious views there is no reason why we can not respect and appreciate the beliefs of the others An old Japanese saying goes like this There are many paths at the foot of a mountain but the view of the moon is the same at the top I would consider myself rewarded if through this work I can arouse enough interest in the minds of my readers to know and appreciate the fundamental teachings of all religions namely the

that should be and is studied today it is the book of Revelation In fact God has pronounced a blessing on those who hear read and keep the words of Revelation May this book be a springboard to still greater light for you FIRST LOVE Patrick J Vaughan,2015-04-02 This is a message that has been burning on my heart the message of First Love This I am believing is not only a message but a strong principle that most have not totally grasped including myself Naturally in breaking this down to bring understanding we look at the two key words in this First and Love First means foremost most excellent highest and the best The first of anything is participating in and experiencing the best So doing something first experiencing something first or giving something first is doing experiencing and giving the best that we have As much as I am trying to explain this principle of first It feels that mere words are not doing this justice I know this is a spiritual principle for it goes deeper than what we can experience in the natural It is more important than what most of us has grasped or realized We are going to explore this principle deeper throughout the course of this book Then maybe just maybe we may begin to understand that there was a plan and purpose for everything on this earth Maybe we missed it but maybe it can be restored and reclaimed We will know more as we read and study more Revelations in Context The Church of Jesus Christ of Latter-day Saints,2017-08-16 This book contains stories told from the point of view of those who experienced the revelations in the Doctrine and Covenants giving us insight into their meaning While the section headings provide context for the revelations they don t tell the complete story What questions prompted the revelations What did the Lord s responses mean to those He addressed How did they respond Perfect for study with the Doctrine and Covenants Time Briton Hadden, Henry Robinson Luce,1928 Reels for 1973 include Time index 1973 Ritual Voices of Revelation James J. Fox,2024-11-26 This is a study of a collection of oral compositions of the Rotenese of eastern Indonesia Recited in semantic parallelism these compositions require a strict pairing of all words to produce correspondingly ordered verses These narrative verses create an elevated discourse a scriptural voice intended to reveal the origins of Rotenese cultural life The translations and exegeses of these origin narratives offer a work of world class poetic imagination that recounts a dynastic contest between the Sun and Moon and Lords of the Ocean Sea and its epic consequences As background to the presentation of these narratives this study provides a description of Rotenese life expressed in the complementary pairs that the Rotenese themselves use to categorise their world A concluding chapter examines the Rotenese acquisition of Christianity and the subsequent retelling of the Biblical Genesis in Rotenese parallel verse thus continuing the general examination of the use of parallelism as elevated ritual discourse Gathered from poets from two domains on the island most of these compositions date from fieldwork in 1965 66 and in 1973 The publication of these materials represents the summation of more than fifty years of research
