Revelling In The Wild Business Lessons Out Of Africa:

Revelling in the Wild Reg Lascaris, Mike Lipkin, 1993 **Prophecies and Protests** Henk van den Heuvel, Mzamo Mangaliso, Lisa van de Bunt, 2006 What can managers around the globe learn from the indigenous African term Ubuntu humane ness For the first time ever African management advocates interpretative scholars and academic skeptics are brought together in a unique book displaying the richness of the debate on Afrocentric management vision This debate is characterized by polarization cultural protest emancipatory aspiration mystification and opportunism Prophecies and Protests offers a broad spectrum of remarkably diverse views from different backgrounds and could be seen as an important step to foster the dialogue between protagonists and critics between practitioners and academics Especially today the central theme of the book is relevant in an era of worldwide cultural diffusion and a longing for authenticity and romanticized histories

Lessons from the Boot of a Car Reg Lascaris, 2013-10-01 Reg Lascaris one of South Africa s most celebrated marketers literally started out from the boot of an old car The road leading from the one point to the other has been long uneven and often difficult but in one respect it never failed there was always a lesson to be learnt Lascaris together with his partner John Hunt sparked not only some of the most iconic ad campaigns in the world but the transformation of the South African advertising industry into a twenty first century powerhouse This is where the famous Nando s campaign was born these were the men the ANC turned to for their first election campaign They were the first to inject human emotion into financial services for South Africa s best loved bank Standard Bank And who can forget the BMW mouse Lessons from the Boot of a Car traces an extraordinary journey by an extraordinarily successful entrepreneur reciting at each point the lessons learnt career and business lessons as much as they are lessons for life

Human Person Chris Vervliet, 2009-01-01 The Human Person African Ubuntu and the Dialogue of Civilisations contributes to the ongoing discussions about the clash of civilisations illustrating the potential of a dialogue based on the dignity of the human person The author invites the reader to an intellectual exploration which is premised on the thesis that a person is a person through other persons the central idea of the South African Ubuntu philosophy He discusses the differences and similarities in the philosophies of such reputed African leaders like the late Leopold Senghor Julius Nyerere and Kwame Nkrumah showing how Ubuntu not only shares similar concerns about interpersonal relations but also attempts to come to terms with present day requirements and hindsight The book highlights Ubuntu s potential to promote corporate life and reconcile it with African concerns for consultation and participation It widens the debate by comparing Ubuntu with the personalism inherent in European American and some non Western traditions through a discussion of such themes as corporate culture societal pluralism and sustainable development
