Russians Among Us Gordon Corera,2020-02-18 With intrigue that rivals the best Le Carré novels Russians Among Us tells the explosive story of Russia's espionage efforts against the United States and the West from the end of the Cold War to the present and the significant threat of hacking the 2020 election Spies have long been a source of great fascination in the world of fiction but sometimes the best spy stories happen in real life Russians Among Us tells the full story of Putin's escalating espionage campaign in the West the Russian deep cover spies who penetrated the US and the years long FBI hunt to capture them This book also details the recruitment running and escape of one of the most important spies of modern times a man who worked inside the heart of Russian intelligence In this

thrilling account Corera tracks not only the history but the astonishing evolution of Russian espionage including the use of cyber illegals who continue to manipulate us today and pose a significant threat to the 2020 election Like a scene from the TV drama *The Americans* in the summer of 2010 a group of Russian deep cover sleeper agents were arrested It was the culmination of a decade long investigation and ten people including Anna Chapman were swapped for four people held in Russia At the time it was seen simply as a throwback to the Cold War But that would prove to be a costly mistake It was a sign that the Russian threat had never gone away and more importantly it was shifting into a much more disruptive new phase Today the danger is clearer than ever following the poisoning in the UK of one of the spies who was swapped Sergei Skripal and the growing evidence of Russian interference in American life *Russians Among Us* describes for the first time the story of deep cover spies in America and the FBI agents who tracked them In intimate and riveting detail it reveals new information about today's spies as well as those trying to catch them and those trying to kill them *The Forgotten Planet* Doug Wilhelm, 1993 While on your communications job you discover the disappearance of a space probe near the planet Minos Should you investigate Only you can decide what happens next *Young People's Books in Series* Judith K. Rosenberg, C. Allen Nichols, 1992 This volume describes and lists series published for young people from early elementary grades through high school Fiction series from 1976 through 1990 and new titles in existing series through 1991 are included as well as nonfiction series which are limited to in print titles only **Magic Master** R A Montgomery, Edward Packard, 1992 When famous magician Magic Master whose spellbinding feats of magic have astounded audiences the world over moves downtown readers visit his house to discover the secret of his powers and find his door unlocked *The Terrorist Trap* Shannon Gilligan, 1991 You the reader find a note from your brother a reporter for a newspaper saying if he is not back by six o'clock to sound the alarm After six what should you do **Master of Martial Arts** Richard Brightfield, 1992 When your friend Billy disappears you'll need all your martial skills to defeat the mysterious enemy called the Dragon and rescue your friend *Return of the Ninja* Jay Leibold, 1995 The reader's decisions control the course of an adventure involving a ninja family feud in the mountains of Japan **The Lost Ninja** Jay Leibold, 1991 You are a skilled fighter in the art of ninjutsu A fellow ninja has been kidnapped by Japanese gangsters Try to help Saito yourself or choose to let the police handle it
