Laurel Weldon,2018-03-01 When and why do governments promote women's rights Through comparative analysis of state action in seventy countries from 1975 to 2005 this book shows how different women's rights issues involve different histories trigger different conflicts and activate different sets of protagonists Change on violence against women and workplace equality involves a logic of status politics feminist movements leverage international norms to contest women's subordination Family law abortion and contraception which challenge the historical claim of religious groups to regulate kinship and reproduction conform to a logic of doctrinal politics which turns on relations between religious groups and the state Publicly paid parental leave and child care follow a logic of class politics in which the

strength of Left parties and overall economic conditions are more salient The book reveals the multiple and complex pathways to gender justice illuminating the opportunities and obstacles to social change for policymakers advocates and others seeking to advance women s rights **Gender Inequality in the Public Sector in Pakistan** K.

Chauhan,2015-12-05 As gender training is applied increasingly as a development solution to gender inequality this book examines gender inequality in Pakistan s public sector and questions whether a singular focus on gender training is enough to achieve progress in a patriarchal institutional context **Gender, Globalization, and Health in a Latin American**

Context J. Gideon,2014-10-15 Using a political economy of health Gender Globalization and Health in a Latin American Context demonstrates how the development of health systems in Latin America was closely linked to men s participation in formal labor This established an inherent male bias that continues to shape health services today While economic liberalization has created new jobs that have been taken up mainly by women these jobs fail to offer the same health entitlements Author Jasmine Gideon explores the resultant tensions and gender inequalities which have been further exacerbated in the context of health care commercialization Gender in Latin America Sylvia H. Chant,Nikki Craske,2003 A comprehensive state of the art review of gender in one of the world s most diverse and dynamic regions The authors draw on a wide range of sources including their own field research to explore changes and continuities in gender roles relations and identities during the late twentieth century into the twenty first Debunking traditional universalizing stereotypes diversity in gender is highlighted in relation to the cross cutting influences of age class sexuality ethnicity rural urban residence and migrant status
