**Faces of Medicine** W.J. van der Steen, P.J. Thung, 2012-12-06 1 MEDICINE Illness disease and disability plague man in every culture But the form they take is not the same everywhere Neither is man's reaction Coping strategies and the experience and knowledge backing them depend very much on cultural setting So medicine the fabric of strategy and knowledge can only be understood in the context of culture In western society today severe judgements are passed on medicine Its store of knowledge and experience and its repertory of strategies have grown immensely during the last few decades But it hardly alleviates dominant ailments especially chronic diseases diseases of old age and disturbances of social

and mental functioning We know that these ailments have come to the fore as the incidence of more primitive diseases declined in industrial societies Infant deaths and malnutrition and infections striking at young age have dwindled to marginal significance in Western Europe and life expectancy at birth is twice that of some 150 years ago Thus our new troubles are connected with past successes

**Psychological and Psychiatric Problems in Men** Joan Gomez, 2018-09-21 What causes a man to become depressed or even psychotic This book originally published in 1991 provides an account of a grossly neglected subject the social sexual psychological and psychiatric problems facing men Dealing with issues such as aggression violence criminality sexuality and alcohol and drug dependence it will be essential reading for health professionals social workers and welfare officers as well as those interested in gender studies
