*What Editors Do* Peter Ginna, 2017-10-06 Essays from twenty seven leading book editors Honest and unflinching accounts from publishing insiders a valuable primer on the field Publishers Weekly Editing is an invisible art in which the very best work goes undetected Editors strive to create books that are enlightening seamless and pleasurable to read all while giving credit to the author This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication What Editors Do gathers essays from twenty seven leading figures in book publishing about their work Representing both large houses and small and encompassing trade textbook academic and children s publishing the contributors make the case for why editing remains a vital function to writers and readers everywhere Ironically for an industry built on words there has been a scarcity of written guidance on how to approach the work of editing Serving as a compendium of professional advice and a portrait of what goes on behind the scenes this book sheds light on how editors acquire books what constitutes a strong author editor relationship and the editor s vital role at each stage of the publishing process a role that extends far beyond marking up the author s text This collection treats editing as both art and craft and also as a career It explores how editors balance passion against the economic realities of publishing and shows why in the

face of a rapidly changing publishing landscape editors are more important than ever Authoritative entertaining and informative Copyediting The Dissertation-to-Book Workbook Katelyn E. Knox, Allison Van Deventer, 2023-11-07 Writing an academic book is a daunting task Where to start This workbook So you've written a dissertation Congratulations But how do you turn it into a book Even if you know what to do when revising your dissertation do you know how to do those things This workbook by Katelyn E Knox and Allison Van Deventer creators of the successful online Dissertation to Book Boot Camp offers a series of manageable concrete steps with exercises to help you revise your academic manuscript into publishable book form The Dissertation to Book Workbook uses targeted exercises and prompts to take the guesswork out of writing a book You'll clarify your book's core priorities pinpoint your organizing principle polish your narrative arc evaluate your evidence and much more Using what this workbook calls book questions and chapter answers you'll figure out how to thread your book's main ideas through its chapters Then you'll assemble an argument and finally you'll draft any remaining material and revise the manuscript And most important by the time you complete the workbook you'll have confidence that your book works as a book that it's a cohesive focused manuscript that tells the story you want to tell Indispensable to anyone with an academic manuscript in progress the prompts examples checklists and activities will give you confidence about all aspects of your project that it is structurally sound coherent free of the hallmarks of dissertationese and ready for submission to an academic publisher *From Dissertation to Book* William Germano, 2014-02-27 How to transform a thesis into a publishable work that can engage audiences beyond the academic committee When a dissertation crosses my desk I usually want to grab it by its metaphorical lapels and give it a good shake You know something I would say if it could hear me Now tell it to us in language we can understand Since its publication in 2005 *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers Now revised and updated to reflect the evolution of scholarly publishing this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience a committee or advisors to those of a broader scholarly audience that wants writing to be both informative and engaging William Germano offers clear guidance on how to do this with advice on such topics as rethinking the table of contents taming runaway footnotes shaping chapter length and confronting the limitations of jargon alongside helpful timetables for light or heavy revision Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy whether reading on a page or a screen He also acknowledges that not all dissertations can or even should become books and explores other often overlooked options such as turning them into journal articles or chapters in an edited work With clear directions engaging examples and an eye

for the idiosyncrasies of academic writing he reveals to recent PhDs the secrets of careful and thoughtful revision a skill that will be truly invaluable as they add author to their curriculum vitae      *The Demise of the Library School* Richard J. Cox,2010 In *The Demise of the Library School* Richard J Cox places the present and future of professional education for librarianship in the debate on the modern corporate university The book is a series of meditations on critical themes relating to the education of librarians archivists and other information professionals playing off of other commentators analyzing the nature of higher education and its problems and promises      **The Reimagined PhD** Leanne M Horinko,Jordan M Reed,James M Van Wyck,2021-08-13 Long seen as proving grounds for professors PhD programs have begun to shed this singular sense of mission Prompted by poor placement numbers and guided by the efforts of academic organizations administrators and faculty are beginning to feel called to equip students for a range of careers Yet graduate students faculty and administrators often feel ill prepared for this pivot The Reimagined PhD assembles an array of professionals to address this difficult issue The contributors show that students faculty and administrators must collaborate in order to prepare the 21st century PhD for a wide range of careers The volume also undercuts the insidious notion that career preparation is a zero sum game in which time spent preparing for alternate careers detracts from professorial training In doing so The Reimagined PhD normalizes the multiple career paths open to PhD students while providing practical advice geared to help students faculty and administrators incorporate professional skills into graduate training build career networks and prepare PhDs for a variety of careers      **The Book Proposal Book** Laura Portwood-Stacer,2021-07-13 *The Book Proposal Book A Guide for Scholarly Authors* is not just a compendium of abstract advice it s a structured program complete with worksheets and concrete tasks that takes readers through each step of researching and writing a proposal that will sell their book to an editor at a scholarly press The handbook is premised on the fact that an effective proposal doesn t merely describe a book project it makes an active case that the manuscript should exist in published form because it has the potential to reach and appeal to actual readers The Book Proposal Book works though the implications of this premise showing authors how a focus on audience and usability must inform every element of their pitch Readers of this handbook will learn how to both write a complete book proposal and confidently navigate the scholarly publishing process from pitch to contract to publication Moreover they will gain invaluable insight into their own research and the message they want to share with the world      **Handbook for Academic Authors** Beth Luey,2022-03-24 Encouraging no nonsense advice for academic authors who want their research to reach the widest possible audience      [Publishing for Impact](#) Dawn Duke,Pam Denicolo,Erin Henslee,2019-12-04 Publishing research content can be a difficult task to undertake along with other academic activities This book addresses how newer researchers can proactively plan write promote and disseminate their work and increase their chances of both academic citation and real world impact It focuses on how to Attract diverse audiences to your work Find value in peer review processes Produce multiple content from one research work Use multiple media such as blogs and webinars to increase

output This useful resource supports you to disseminate your work and offers forward thinking ways to take control of your publishing processes to enhance academic knowledge societal impact and the value of your research      **Doing Your**

**Undergraduate Social Science Dissertation** Karen Smith,Malcolm J. Todd,Julia Waldman,2009-03-04 Are you a final year social science student who has to do a dissertation or final year project Do you have no idea where to start If so Doing Your Undergraduate Social Science Dissertation is the book for you covering the whole dissertation journey from project planning to submission Using a mixture of useful information exercises practical strategies case study material and further reading it helps you through the process giving hints and tips on beginning and managing your research project and working with your supervisors Packed with proven practical advice it also identifies many other sources of information and resources making it your most dependable starting point and guide on your dissertation journey Also included are links to accompanying materials on the Routledge website The authors have extensive experience in teaching at all levels in the social sciences supervising social science undergraduates and dissertations      **Analyzing and Interpreting Qualitative Research**

Charles Vanover,Paul Mihas,Johnny Saldana,2021-04-14 This text provides comprehensive coverage of the key methods for analyzing interpreting and writing up qualitative research in a single volume and drawing on the expertise of major names in the field Covering all the steps in the process of analyzing interpreting and presenting findings in qualitative research the authors utilize a consistent chapter structure that provides novice and seasoned researchers with pragmatic how to strategies Each chapter introduces the method uses one of the authors own research projects as a case study of the method described shows how the specific analytic method can be used in other types of studies and concludes with questions and activities to prompt class discussion or personal study      **The Craft of Innovative Theology** John Allan Knight,Ian S.

Markham,2022-01-04 A comprehensive collection of resources showing students of theology how to prepare and write creative research oriented material The Craft of Innovative Theology Argument and Process delivers a thorough examination of the method of producing and writing creative theological theses and projects explaining to students how to write elegant innovative research oriented articles Through a collection of papers written by distinguished scholars the text exhibits numerous examples of well executed creative writing on topics as varied as theodicy and evolution and artificial intelligence and baptism Each article includes an introduction by the editor that serves to guide the student through the material and elucidates what makes the work stand out as exceptional The articles are also annotated to assist with the appreciation of the methodology and style used by the author The Craft of Innovative Theology assists theology students in improving their research writing to a point where they ll be ready for a Masters thesis or PhD dissertation and is an excellent resource for a research methods course in a graduate program The works incorporated by the editors include A thorough introduction to God and the Incarnation including knowing God through religious pluralism An exploration of God and church including racial stigma and the southern Baptist public discourse in the twentieth century and the appropriateness of baptizing

artificial intelligence A discussion of God and the world including where humanity has come from and where we re going and the challenges posed by biological evolution to Christian theology A treatment of God and ethics including sin and the faces of responsibility Perfect for students of postgraduate theology and research methods courses The Craft of Innovative Theology Argument and Process will also earn a place in the libraries of students in courses that prepare them to write a Masters thesis in theology or to begin shaping their PhD dissertation topic

**Design Methods and Practices for Research of Project Management** Beverly Pasian,Rodney Turner,2016-08-12 Design Methods and Practices for Research of Project Management is the most comprehensive guide on how to do research of and in project management Project management as a discipline has experienced near exponential growth in its application across the business and not for profit sectors This second edition of the authoritative reference book offers a substantial update on the first edition with over 60% new content and so provides both practitioner and student researchers with a fully up to date and complete guide to research practice on project management In Design Methods and Practices for Research of Project Management Beverly Pasian and Rodney Turner have brought together 27 original chapters from many of the leading international thinkers in project management research The collection looks at each step in the research stages including research strategy management methodology quantitative and qualitative techniques as well as how to share and publish research findings The chapters offer an international perspective with examples from a wide range of project management applications engineering construction mega projects high risk environments and social transformation Each chapter includes tips and exercises for the research student as well as a complete set of further references The book is the go to text for practitioners undertaking research in companies and also doctoral and masters students and their supervisors who are involved in research projects in and for universities

**Essentials of Publishing Qualitative Research** Mitchell Allen,2016-07-01 Getting a qualitative article or book published involves more than simply doing the research writing it up and sending it off You also need to know how to navigate the social relations of presenting your work to the journal editor or book publisher and how to craft your message to them if you want to be successful Written by a highly respected publisher of qualitative research this brief practical resource shows you how to identify the right home for your work It also guides you through the publications process from crafting the abstract to writing production and marketing once you ve found the best publisher The author demystifies what publishers and journal editors do how they make their decisions on qualitative articles research studies and methods books discusses edited books how to publish from your dissertation and when to consider open access and electronic publications and includes case studies appendixes forms and resources to help the aspiring academic

[How to Write and Get Published](#) Tammy Ivins,Anne Pemberton,2019-04-22 Selected as a 2025 Doody s Core Title Written by two librarians with extensive publication experience this book provides practical techniques and tools to prepare librarians to publish successfully This book is neither a research methodology nor a craft of writing book Instead its sole goal is to help librarians and other

information science professionals start writing identify an outlet for publication and publish successfully It dispels the myths surrounding scholarly writing by providing practical tools and advice to help soon to be authors get started on the publication journey now This book will guide aspiring authors step by step through the writing and publication process from nurturing an idea to fruition all the way to enjoying a successful publication Along the way readers will learn how to identify the best publication type and venue gather the needed information to make a convincing argument and skillfully manage even the most complex project Topics range from cerebral such as how to maintain motivation through a project to technical such as common grammar and vocabulary errors but all are designed to be practical and of immediate use to a writer Whether a graduate student at the beginning of your career in the field of information sciences a newly minted librarian fresh out of graduate school a library administrator at the peak of your career or somewhere in between publishing can keep you engaged in the issues facing the profession and enhance your career and professional success Readers will be inspired and ready to contribute to library scholarship and start building their own successful scholarly habit

**Data Privacy and Competition Law in the Age of Big Data** Samson Y. Esayas, Associate Professor of Law Samson Y Esayas, 2024-09-20 Drawing insights from emergent properties and complexity science Samson Y Esayas examines the interplay between data privacy law and competition law to address challenges resulting from the commercialization of data

The Handbook of Scholarly Writing and Publishing Tonette S. Rocco, Timothy Gary Hatcher, 2011-03-22 Focusing on writing for publication The Handbook of Scholarly Writing and Publishing discusses the components of a manuscript types of manuscripts and the submission process It shows how to craft scholarly papers and other writing suitable for submission to academic journals The handbook covers how to develop writing skills by offering guidance on becoming an excellent manuscript reviewer and outlining what makes a good review and includes advice on follow through with editors rejection and rewrites and re submittals

Write No Matter What Joli Jensen, 2017-04-28 With growing academic responsibilities family commitments and inboxes scholars are struggling to fulfill their writing goals A finished book or even steady journal articles may seem like an impossible dream But as Joli Jensen proves it really is possible to write happily and productively in academe Jensen begins by busting the myth that universities are supportive writing environments She points out that academia an arena dedicated to scholarship offers pressures that actually prevent scholarly writing She shows how to acknowledge these less than ideal conditions and how to keep these circumstances from draining writing time and energy Jensen introduces tools and techniques that encourage frequent low stress writing She points out common ways writers stall and offers workarounds that maintain productivity Her focus is not on content but on how to overcome whatever stands in the way of academic writing Write No Matter What draws on popular and scholarly insights into the writing process and stems from Jensen s experience designing and directing a faculty writing program With more than three decades as an academic writer Jensen knows what really helps and hinders the scholarly writing process for scholars in the humanities social sciences and sciences Cut down

the academic sword of Damocles Jensen advises Learn how to write often and effectively without pressure or shame With her encouragement writers of all levels will find ways to create the writing support they need and deserve
