Resources in Education ,2001-04 **Higher Education in Africa. Crises, Reforms and Transformation** T.

Assie-Lumumba,2007-11-15 Higher Education in Africa Crises Reforms and Transformation Re-envisioning Higher Education's Public Mission Antigoni Papadimitriou,Marius Boboc,2020-11-21 This book covers initiatives related to higher education s public mission such as university community engagement knowledge transfer economic development and social responsibility using empirical and conceptual cases in the US South America Europe Africa and Asia In order to develop a better understanding of public mission initiatives in higher education across the globe the volume editors developed a theoretical framework emerging from organizational theory Each chapter analysis uses both external environmental elements political economic sociocultural and technological as well as internal institutional elements mission vision leadership and governance Finally each chapter highlights issues related to implementation and challenges with the intent of prompting readers to consider appropriate ways in which to adopt some of the lessons learned by the contributing authors Chapter 10 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

International Higher Education Volume 1 Philip G. Altbach,2011 This encyclopedia is the result of a highly selective enterprise that provides a careful selection of key topics in essays written by top scholars in their fields Comprehensive and in depth coverage of a limited number of countries regions and themes is provided The essays not only feature statistical and factual information but significant interpretation of those facts and figures The chapters on themes and topics are both analytic and interpretative and deal with the most important topics relevant to higher education everywhere More than a compendium of facts and figures the encyclopedia **Research in Education** ,1974 *New Directions in African Education* S. Nombuso Dlamini,2008 A collection of essays which critically examines education in the African context and presents possible courses of action to reinvent its future **Higher Education in Transition** Willis Rudy,2017-07-05 At a time when our colleges and universities face momentous questions of new growth and direction the republication of Higher Education in Transition is more timely than ever Beginning with colonial times the authors trace the development of our college and university system chronologically in terms of men and institutions They bring into focus such major areas of concern as curriculum administration academic freedom and student life They tell their story with a sharp eye for the human values at stake and the issues that will be with us in the future One gets a sense not only of temporal sequence by centuries and decades but also of unity and continuity by a review of major themes and topics Rudy s new chapters update developments in higher education during the last twenty years Higher Education in Transition continues to have significance not only for those who work in higher education but for everyone interested in American ideas traditions and social and intellectual history **Middle Eastern Societies in the 20th Century** Jerzy Zdanowski,2014-10-16 This book provides a comprehensive overview of the last 100 years in the Middle East from the perspective of social history It is apt to date the

beginning of the modern Middle East to the industrialization era while it extends its reach into the present Taking its lead from modernization theory this book illustrates past expectations of the present and helps to understand everyday occurrences rather than sensational events It adopts a multi disciplinary perspective and concentrates on the relationship between history and social theory From a historical perspective the categories of social anthropology and social theory are referred to as social mobility urbanization migration cultural change gender identities and the young generation The book addresses the primary issues of importance for the region namely natural and human resources demography and its dynamics family life patriarchy and the emancipation of women class structure and social mobility ethnic and religious minorities migration and its impact on culture and politics refugees problems in historical and contemporary contexts urbanization in the Middle Eastern context the challenges of development and finally the social and political consequences of the Arab Spring

The Transformation of University Institutional and Organizational Boundaries Emilia Primeri, Emanuela Reale, 2015-11-02

An emerging issue in higher education studies is that of boundaries crossing This is the main topic of the book The transformation of University institutional and organizational boundaries Several signals of shifting boundaries can be envisaged in higher education and research institutions which could be glimpsed through organizations the institutions and changes to the academic profession That of boundaries crossing in Higher Education is a complex and heterogeneous issue which characterizes scientific knowledge today and represents a key issue when looking at University transformations across contexts and policies instruments and practices The analysis of boundaries supplies interpretative frameworks for the interactions between the development of professions and disciplines as well as the relationships of the science with various parts of society such as state professionals and the market Fuelling further the discussion on HEIs transformations allows capturing changes in the function objectives and scope of higher education and research institutions the move beyond sectoral and disciplinary boundaries and the increasingly blurred boundaries of academic professions and of scientific work Public policies and HE reforms can push or impede the mentioned transformations but they can also derive from individual likelihood of moving in blurring spaces or from the transformations of the epistemic communities and the emergence of new fields and sectors Hence changes are there open to our observations
