The Revolution Will Not Be Televised Revised Ed Joe Trippi, 2008-09-30 When Joe Trippi signed on to manage Howard Dean's 2004 presidential campaign the long shot candidate had 432 known supporters and 100 000 in the bank Within a year the most obscure horse in the field was the front runner with 50 million in the campaign till thanks to Trippi and his team The Revolution Will Not Be Televised is the incredible story of how Joe Trippi s revolutionary use of the Internet forever changed politics as we know it Trippi s memoir cum manifesto offers a blueprint for engaging Americans in real dialogue and is an instruction manual for how businesspeople government leaders and anyone else can make use of democracy In a new afterword Trippi reviews how these lessons have influenced the 2008 campaign a race marked by higher voter interest than any other in recent history The Revolution Will Not Be Televised Joe Trippi, 2009-07-01 In a blend of Wired magazine and The Boys on the Bus the man who invented Internet politics tells the story of how it was done and reveals how every sector can benefit from tech revolution Campaign manager Joe Trippi who signed on to run Howard Dean's campaign when there was less than 100 000 in the till and fewer than 500 people involved transformed the most obsure candidate in the field into the Democratic frontrunner and all but coronated party nominee in less than a year The secret of Trippi s off the charts success a revolutionary use of the Internet and an impassioned contagious desire to overthrow politics as usual Before Dean knew it he had a groundswell of 600 000 Americans behind him was leading in every poll and had raised 45 million more money than any Democrat in history We now know that unprecedented fundraising unheard of numbers of people checking in on the Internet chatting on blogs reaching out to their fellow voters and showing up at house parties really can compete with and in so many ways exceed the more traditional approaches to winning in politics But the why s and how s leave much fertile ground to plow and for the first time Trippi an icon to all the Dean supporters he energized is sharing his lessons learned along with colorful behind the scenes stories from the campaign trail Perhaps lulled by the bust of the dot com boom many have dismissed the Internet as old news But if Dean's campaign wasn't enough of a wake up call this book is Trippi reveals just how the sleeping power of technology can be harnessed and illuminates how every organization and individual in America can benefit from the tidal wave of change on the horizon Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporar The Revolution Will Not Be Televised Joe Trippi, 2005-07-05 When Joe Trippi signed on to run Howard Dean's 2004 presidential campaign the long shot candidate had 432 known supporters and 100 000 in the bank Within a year Trippi and his team had transformed the most obscure candidate in the field into a Democratic front runner with a groundswell of 640 000 supporters and more money than any Democrat in history mostly through donations of one hundred dollars or less Trippi s revolutionary use of the Internet and an impassioned contagious desire to overthrow politics

as usual grew into a national grassroots movement and changed the face of politics forever As Trippi argues persuasively the Internet is distributing power to the people right now And the companies that understand the coming revolution will be the first movers in this new era while those that wait will be left behind From his behind the scenes look at Dean's shocking rise and fall to his seven inviolable irrefutable ingenious things your business or institution or candidate can do in the age of the Internet that might keep you from getting your ass kicked but then again might not Joe Trippi offers an inspiring glimpse of the world we are becoming And he shows how power in the hands of all of us changes everything Club Daniel Kreiss, Kirsten Adams, Jenni Ciesielski, Haley Fernandez, Kate Frauenfelder, Brinley Lowe, Gabrielle Micchia, 2020-08-18 The MeToo movement has catalyzed an international discussion about the routine challenges women face in their professional lives as a result of male dominated industries and office cultures These include well documented cases of sexual harassment and assault but also unequal opportunities unequal pay sexist stereotypes and a devaluation of women s labor While these are problems women face in all industries and at all levels the political and technology sectors are particularly rife with them Recoding the Boys Club is a ground breaking deep dive into the work experiences of women in the political technology field in the United States Political technology sits at the intersection of two fields dominated by men politics and technology and has become a cornerstone of operations in political campaigns and political institutions more generally Drawing on a unique dataset of 1004 staffers working in political technology on presidential campaigns from 2004 2016 analysis of hiring patterns during the 2020 presidential primary cycle and interviews with 45 women who worked on 12 different presidential campaigns this book reveals the underrepresentation of women in political technology especially leadership positions as well as the struggle women face to have their voices heard within the boys clubs and bro cultures of political technology It chronicles the gendered expectations women face to provide emotional labor stereotypes about women s competencies that shape their opportunities the ways in which women s ideas are discredited and the formal and informal forms of exclusion in campaign culture leading to widespread feelings of imposter syndrome among women in this environment These issues are often compounded by a mentality that the well being of staffers must come secondary to the goals of the campaign despite what campaigns might profess publically about gender and labor Since these campaigns are important entry and training points for the wider field of political technology the gendered inequities encountered within them have implications for women s professional experiences and careers long after campaigns have ended This book aims to help political practitioners create more gender equitable and inclusive workplaces ones that value the ideas and skills of all those who work to get candidates elected Political Campaigns and Political Advertising Frank W.
