**Because** Mark R. Brewer,2021-06-06 As a devoted fan of the lads from Liverpool Mark considers himself an expert on their songs both with the Beatles and during their solo careers He has selected his favorite forty songs and tells their story in each chapter      Lennon and McCartney Thomas MacFarlane,2022-09-30 Lennon and McCartney Painting with Sound explores the work of two of the most influential composers of the twentieth century Five decades after the breakup of the Beatles the music of John Lennon and Paul McCartney continues to fascinate and inspire Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art Following on that idea this book explores the creative dialogue between John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul s early collaborations with painter and musician Stuart Sutcliffe This is followed by discussions of select works created by the Beatles between 1962 69 II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s III New Colours considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon s death in 1980 Here the focus is on Paul s development as a painter its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory

*Fleetwood Mac* Donald Brackett,2007-09-30 Fleetwood Mac s distinctive sound first really captured in the 1977 record Rumours launched the group into the commercial stratosphere and over the past three decades they have never looked back All along the way their dysfunctional relationships have informed their professional success as well as their personal downfalls By writing and singing about their problems Fleetwood Mac has transformed what breaks them apart into what keeps them together They have turned their dark relationship dilemmas into glittering entertainment In this highly entertaining chronicle author Donald Brackett provides readers with a special opportunity to review the band s complicated history and reconsider the personal dynamic sources of their classic albums and enduring hits The band drummer Mick Fleetwood and bassist John McVie started in 1967 has gone through more personnel changes and stylistic innovations than any other pop group in our cultural history The story of the group began when John Mayall and Alexis Korner the band s mentors launched a mid 60s British blues revival Ex Mayall players Fleetwood and McVie then went on to form an incendiary band of psychedelic blues under the name Fleetwood Mac But it was not until hearing a little known 1973 record from

Lindsey Buckingham and Stevie Nicks that Mick Fleetwood heard the future sound and true pop potential of his own group

**Words of Wisdom** Michael McGowan,2024-06-25 More popular than Jesus Despite the uproar it caused in America in 1966 John Lennon s famous assessment of the Beatles vis vis religion was not far off The Beatles did mean more to kids than the religions in which they were raised not only in America but everywhere in the world By all accounts the Beatles were the most significant musical group of the twentieth century Their albums sold in the hundreds of millions and the press was always eager to document their activities and perspectives And when fan appreciation morphed into worship Beatlemania took on religious significance Many young people around the world began to look to the Beatles their music their commentary their art for meaning in a turbulent decade Speaking Words of Wisdom is a deep dive into the Beatles relationship to religion through the lenses of philosophy cultural studies music history and religious studies Chapters explore topics such as religious life in Liverpool faith among individual band members why and how India entered the Beatles story fan worship deification and the Beatles long lasting legacy In the 1960s the Beatles facilitated a reevaluation of our deepest values The story of how the Beatles became modern day sages is an important case study for the ways in which consumers

make culturally and religiously significant meaning from music people and events In addition to the editor the contributors to this book include David Bedford Kenneth Campbell John Covach Melissa Davis Anthony DeCurtis Mark Duffett Scott Freer Murray Leeder Sean MacLeod Grant Maxwell Christiane Meiser and Eyal Regev
