## Revolution No 9:

**The Beatles and Fandom** Richard Mills, 2019-12-12 Sex death and nostalgia are among the impulses driving Beatles fandom the metaphorical death of the Beatles after their break up in 1970 has fueled the progressive nostalgia of fan conventions for 48 years the death of John Lennon and George Harrison has added pathos and drama to the Beatles story Beatles Monthly predicated on the Beatles good looks and the letters page was a forum for euphemistically expressed sexuality The Beatles and Fandom is the first book to discuss these fan subcultures It combines academic theory on fandom with compelling original research material to tell an alternative history of the Beatles phenomenon a fans history of the Beatles that runs concurrently with the popular story we all know

**War on War** R. Craig Nation, 1989-10-12 The outbreak of World War I precipitated a schism in the international socialist movement that endures today Heeding calls for rational defense the leading European socialist democratic parties abandoned their vision of peace and internationalism as an integral part of the struggle for social justice and set aside their view of interstate war as the clearest example of the irrational essence of competitive capitalism Only the Zimmerwald Left led by Lenin continued to speak out for internationalism R Craig Nation utilizes sources in Dutch French German Italian Russian and Swedish to provide the first comprehensive history of the Zimmerwald Left as an international political tendency

Astronomical and Magnetical and Meteorological Observations Made at the Royal Observatory, Greenwich, in the Year ,1857 Bogdanov and His Work John Biggart, Georgii Gloveli, 2017-07-05 Alexander Bogdanov was a co founder with Lenin of the Bolshevik faction of the Russian Social Democratic Party in 1904 His ideas on the sociology of culture led to the founding of the Proletkult in 1917 and during the 1920s these ideas were taken up adapted and often distorted in the course of the Cultural Revolution Bogdanov s textbooks in sociology and economics were widely used during the 1920s This bibliography of Bogdanov s works takes advantage of the opening of the Party and State archives and provides references to the principal relevant archives in Europe and the United States Its publication is a landmark in the history of Bolshevism and in the history of Russian social thought

*Lenin on the Train* Catherine Merridale, 2017-03-28 A gripping meticulously researched account of Lenin s fateful 1917 rail journey from Zurich to Petrograd where he ignited the Russian Revolution One of The Economist s Best Books of the Year In April 1917 as the Russian Tsar Nicholas II s abdication sent shockwaves across war torn Europe the future leader of the Bolshevik revolution Vladimir Lenin was far away exiled in Zurich When the news reached him Lenin immediately resolved to return to Petrograd and lead the revolt But to get there he would have to cross Germany which meant accepting help from the deadliest of Russia s adversaries Now in *Lenin on the Train* drawing on a dazzling array of sources and never before seen archival material renowned historian Catherine Merridale provides a riveting nuanced account of this enormously consequential journey the train ride that changed the world as well as the underground conspiracy and subterfuge that went into making it happen Writing with the same insight and formidable intelligence that distinguished her earlier works she

brings to life a world of counter espionage and intrigue wartime desperation illicit finance and misguided utopianism When Lenin arrived in Petrograd s now famous Finland Station he delivered an explosive address to the impassioned crowds Simple and extreme the text of this speech has been compared to such momentous documents as Constantine s edict of Milan and Martin Luther s ninety five theses It was the moment when the Russian revolution became Soviet the genesis of a system of tyranny and faith that changed the course of Russia s history forever and transformed the international political climate Drenched in atmosphere her account has all the stuff of a spy thriller *Newsday* *USSR*, 1960-07 [Exploiting Africa](#) Donovan Chau, 2014-04-15 *Exploiting Africa* examines China s role in Algeria Ghana and Tanzania from the 1950s to the 1970s The Chinese arrived in Africa with little fanfare yet they achieved an active presence that was more pragmatic than revolutionary Though often couched in ideological rhetoric Chinese goals in Africa were those of an aspiring world power China skillfully used its limited diplomatic intelligence and economic means to shape events and to exploit its relationships to gain lasting influence on the continent It is crucial to understand the nature and character of China s historical actions in Africa in order to properly grasp the nation s current and future policies Rather than merely looking forward one must look backward to comprehend the true nature of China in Africa *Applied Mechanics Reviews*, 1962 **The American Monthly Magazine**, 1908 [Dyke's Automobile and Gasoline Engine Encyclopedia](#) Andrew Lee Dyke, 1925 **Mao's Way** Edward E. Rice, 2023-11-10 This major biography of Mao draws on never before seen documents to reveal surprising details about Mao s rise to power and leadership in China This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 *Illustrated Catalogue of Machine Tools, Wood Working Machinery, Etc. for Manufacturing Plants and Machine Shops* Fairbanks Company, New York, Thomas N. Fairbanks Company, 1907 **The Beatles** Bob Spitz, 2012-06-25 The definitive biography of The Beatles hailed as irresistible by the New York Times riveting by the Boston Globe and masterful by Time As soon as The Beatles became famous the spin machine began to construct a myth one that has continued to this day But the truth is much more interesting much more exciting and much more moving the highs and the lows the love and the rivalry the awe and the jealousy the drugs the tears the thrill and the magic to never be repeated In this vast revelatory exuberantly acclaimed and bestselling book Bob Spitz has written the biography for which Beatles fans have long waited *Music and Protest in 1968* Beate Kutschke, Barley Norton, 2013-04-25 In fifteen case studies from around the world contributors explore the relationship between music and socio political protest in 1968 [Paul McCartney](#) Peter Ames Carlin, 2009-11-03 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist More than a rock star more than a

celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo In this definitive biography Peter Ames Carlin examines McCartney's entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty year relationship with his first wife Linda McCartney He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist reached the top of the charts with a new band and once again drew hundreds of thousands of screaming fans to his concerts Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it Built on years of research and fresh revealing interviews with friends bandmates and collaborators spanning McCartney's entire life Carlin's lively biography captures the many faces of the living legend

DYKE'S AUTOMOBILE AND GASOLINE ENGINE ENCYCLOPEDIA A. L. DYKE,1920

*Bibliography of Periodical Literature on the Near and Middle East* ,1969

**Who Could Ask for More?**

Chris Gregory,2008 Who Could Ask For More is both an in depth study of The Beatles songs and an often oblique commentary on their life and times Identifying the constant fear of an imminent nuclear holocaust as the spark for the huge social changes of the decade Chris Gregory seeks to reclaim The Beatles from the tendency to position them within a fake sixties nostalgia industry Combining analysis of their words and music with fictionalised sequences depicting key episodes in their career the book provides a unique insight into an artistic and cultural phenomenon whose effects still resonate strongly many decades after the group broke up The extraordinary evolution of their art is discussed in relation to the musical context of their day with particular emphasis on the influence of 50s rock and roll and 60s soul music

Music and Technology

James E. Perone,2022-05-18 This book introduces readers to the most significant technological developments in music making and listening including such topics as metronomes and the development of music notation as well as synthesizers the latest music collaboration apps and other 21st century technologies Rather than focusing on technical and mechanical details Music and Technology A Historical Encyclopedia features the sociological role of technological developments by highlighting the roles they have played in society throughout time Students and music fans alike will gain valuable insight from this alphabetized encyclopedia of the most significant examples of technological changes that have impacted the creation production dissemination recording and or consumption of music The book also contains a chronology of milestone events in the history of music and technology as well as sidebars that focus on several key individual musicians and inventors

*International Higher Education Volume 2* Philip Altbach,2014 This encyclopedia is the result of a highly selective enterprise that provides a careful selection of key topics in essays written by top scholars in their fields Comprehensive and in depth coverage of a limited number of countries regions and themes is provided The essays not only feature statistical and factual information but significant interpretation of those facts and figures The chapters on themes and topics are both analytic and interpretative and deal with the most important topics relevant to higher education everywhere More than a

compendium of facts and figures the encyclop
