The Love Revolution Joyce Meyer,2009-09-22 Joyce Meyer is not

satisfied with the status quo She believes that we each need to become a revolutionary and practice love every day And if Joyce has her way the revolution will spread person by person house by house town by town until the old culture of selfishness and greed gives way to a new culture of concern for others The book is a revolutionaries manual a hands on primer for bringing the Golden Rule to life in the twenty first century Meyer starts out by giving some stunning statistics Right now 210 000 children will die this week because of poverty 640 million children do not have adequate shelter every day 3 000 children are abducted into the sex trafficking industry every day 16 000 children die from hunger related causes She goes on to say that although crisis is global the solution is local We can t solve the world s problems but that isn t a reason to remain idle Love Revolution focuses on personal behavior on the local scale It s not just a call to action it is a call to being being the person who goes out of your way to encourage someone who s out of hope being the one who smiles at a stranger being the one who is willing to do something for nothing The paradox when we do something for nothing what we often get is something far greater

Chinese Visions of Family and State, 1915-1953 Susan L. Glosser,2003-02-12 At the dawn of the twentieth century China s sovereignty was fragile at best In the face of international pressure and domestic upheaval young urban radicals desperate for reforms that would save their nation clamored for change championing Western inspired family reform and promoting free marriage choice and economic and emotional independence But what came to be known as the New Culture Movement had the unwitting effect of fostering totalitarianism In this wide reaching engrossing book Susan Glosser examines how the link between family order and national salvation affected state building and explores its lasting consequences Glosser effectively argues that the replacement of the authoritarian patriarchal extended family structure with an egalitarian conjugal family was a way for the nation to preserve crucial elements of its traditional culture Her comprehensive research

shows that in the end family reform paved the way for the Chinese Communist Party to establish a deeply intrusive state that undermined the legitimacy of individual rights

Love in the Time of Revolution Andrew Cayton,2014-06-10 In 1798 English essayist and novelist William Godwin ignited a transatlantic scandal with *Memoirs of the Author of A Vindication of the Rights of Woman* Most controversial were the details of the romantic liaisons of Godwin's wife Mary Wollstonecraft with both American Gilbert Imlay and Godwin himself Wollstonecraft's life and writings became central to a continuing discussion about love's place in human society Literary radicals argued that the cultivation of intense friendship could lead to the renovation of social and political institutions whereas others maintained that these freethinkers were indulging their own desires with a disregard for stability and higher authority Through correspondence and novels Andrew Cayton finds an ideal lens to view authors characters and readers all debating love's power to alter men and women in the world around them Cayton argues for Wollstonecraft's and Godwin's enduring influence on fiction published in Great Britain and the United States and explores Mary Godwin Shelley's endeavors to sustain her mother's faith in romantic love as an engine of social change

Revolution Plus Love Liu Jianmei,2003-09-30 In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and

constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women's bodies reveal the complex interactions between political representation and gender roles Revolution Plus Love is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women's studies cultural studies and comparative literature **MMARA NE KYI**

depriving its citizens of their basic human rights and expanding its nuclear weapons program at the expense of a faltering economy Even the North's literary output is stigmatized and dismissed as mere propaganda literature praising the Great Leader Immanuel Kim's book confronts these stereotypes offering a more complex portrayal of literature in the North based on writings from the 1960s to the present The state seeking to write revolution prescribes grand narratives populated with characters motivated by their political commitments to the leader the Party the nation and the collective While acknowledging these qualities Kim argues for deeper readings In some novels and stories he finds the path to becoming a revolutionary hero or heroine is no longer a simple matter of formulaic plot progression instead it is challenged disrupted and questioned by individual desires decisions doubts and imaginations Fiction in the 1980s in particular exhibits refreshing story lines and deeper character development along with creative approaches to delineating women sexuality and the family These changes are so striking that they have ushered in what Kim calls a Golden Age of North Korean fiction Rewriting Revolution charts the insightful literary frontiers that critically portray individuals negotiating their political and sexual identities in a revolutionary state In this fresh and thought provoking analysis of North Korean fiction Kim looks past the ostensible state propaganda to explore the dynamic literary world where individuals with human emotions reside His book fills a major lacuna and will be of interest to literary scholars and historians of East Asia as well as to scholars of global and comparative studies in socialist countries Love, Death, and Revolution in Central Europe Peter C. Caldwell, 2009-06-22 The philosopher of religion and critic of idealism Ludwig Feuerbach had a far reaching impact on German radicalism around the time of the Revolution of 1848 This intellectual history explores how Feuerbach's critique of religion served as a rallying point for radicals and how they paradoxically sought to create a new post religious form of religiosity as part of the revolutionary aim At issue for the Feuerbachian radicals was the emergence of a humanity emancipated from the constraints of mere institutions able to express itself freely and harmoniously Caldwell also touches on Moses Hess Louise Dittmar and Richard Wagner in his discussion of the time This book reconstructs the nature of Feuerbach's radicalism and shows how it influenced early works of socialism feminism and musical modernism Revolutionary Love in Eighteenth- and Early Nineteenth-Century France Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d'Arnaud Pigault Lebrun and Madame de Staël make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies

an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature *First Love and Other Stories* Ivan Sergeevich Turgenev,1999 Bringing together six of Turgenev s best known stories in one volume this collection includes First Love Asya Mumu The Diary of a Superfluous Man Song of Triumphant Love and King Lear of the Steppes **In Love and Struggle** Stephen M.
