inclusivity has expanded beyond those it originally sought to serve to encompass people of all races genders sexualities and religious backgrounds Lewin examines the seemingly paradoxical relationship between TFAM and traditional black churches focusing on how congregations and individual members reclaim the worship practices of these churches and simultaneously challenge their authority The book looks closely at how TFAM worship is legitimated and enhanced by its use of gospel music and considers the images of food and African American culture that are central to liturgical imagery as well as how understandings of personal authenticity tie into the desire to be filled with the Holy Spirit Throughout Lewin takes up what has been mostly missing from our discussions of race gender and sexuality close attention to spirituality and faith

Poverty and the Church in Igboland, Nigeria Anthony Okwudili Achunonu, 2012 The main objective of this book is to re evaluate the true meaning of the term poverty in the world as a whole and in Nigeria in particular From a sociological point of view poverty is the natural consequence of economic inequity amongst social groups a type of inequity often generated by the inability of the political class to provide and maintain basic amenities in the society This book highlights so many complex reasons that are responsible for this type of inability prominent amongst them being mismanagement of funds in most political setups Our investigation from this book shows that there s a great difference between the various forms of poverty in western countries and in other countries of the world Poverty may be caused by individual social cultural ethical and moral issues These various causes of poverty are often correlated In Nigeria poverty is mainly caused by lack of moral sensitivities amongst political leaders and by lack of initiatives for cultural social and economic empowerment of the less privileged Most striking is the fact that there is no basic well established governmental structure meant to assist those who languish in poverty This book discusses the real life situation of those who suffer and are living in abject poverty The book also discusses proposals that can help improve their condition In line with this the effective contributions the church can make in order to fight poverty will be taken into consideration In fact it is not enough for the church to know that the situation of long term injustice in Nigeria is crippling the country rather she has also to live up to her mission vis vis the poor and the marginalised who are living in the country

Two Millennia of Memorable Christian Women Stanley M. Burgess, Ruth Vassar Burgess, 2020-08-19 For over 2 000 years Christian women have struggled with inequities between the genders This certainly has been true in matters religious Christian women have shown ethical moral and spiritual strength while being deprived of leadership or power positions reserved for their male counterparts In this tome the authors celebrate a wide variety of such female heroines drawn from early Christian Roman Catholic Orthodox Protestant Pentecostal and Charismatic groups as well as a sprinkling of so called heretical individuals These women often have become saints martyrs visionaries missionaries and spiritual voices models to all generations At the same time it must be remembered that many of them also carried and gave birth to children raised them and fulfilled the other functions required of them in their social contexts The emphasis is on celebrating these memorable individuals

Journeys to Albania; Land of Besa Kalman Dubov, 2024-02-18 Although tiny in comparison with other European countries Albania looms large in terms of its people culture and history Blessed by an abundance of natural resources together with the resourcefulness of its people it stands strong in the face of much larger countries that have tried to control it and subjugate its people In the face of overwhelming odds Albania stood firm refusing to be subdued to others despite that dominant country remaining on its soil for centuries Descendants from the ancient Illyrians a relatively unknown group together with an obscure language unlike any other in Europe its people are a mystery and a conundrum in the face of larger and more powerful countries The Ottoman Empire for example dominated Albania and the Balkans for five centuries but were unable to subjugate these people Albanian embers for independence were nurtured and kept alive until in the end it achieved its national aspirations Its core identity remained unchanged and strong in the face of such challenge Perhaps the most remarkable aspect of Albanian is the concept of besa a term denoting a code of honor Once given to another whether an Albanian or a stranger the Albanian would rather forfeit his life than violate this code and promise It was due to this concept and code that Jews in Albania were protected and every manner of succor was extended to them Albania remains the only country in Nazi occupied Europe when at the end of that world war there was an increase in its Jewish population rather than the reverse The Nazis considered the Jewish population in Albania to be about 200 persons In fact by war's end 2 000 people emerged relating tales of the extraordinary courage and heroism extended to them by either Muslim or Christian Albanians To date the State of Israel's Yad Vashem has recognized 75 Albanians for its prestigious award of Righteous Among the Nations Ironically the very same code of honor that protected Jews during World War Two is now used by Albanians to perpetrate criminality across the world

The Albanian Mafia controls a vast international enterprise overseeing every form of crime. At its basest element the clannish hallmark of its membership is based on familial connections with the code of besa given to its leadership and other members. Thereby all in the clan are considered family for whom the code connects and protects demanding total unquestioned obedience. Efforts to infiltrate these clans has proven an impossible task because of the interconnected webs of duty and control exerted on all in that organization. Betrayal of the clan is a violation of family and community so that total obedience is a given at all times. Hence the same nobility of besa is also used negatively against society and normative social frameworks. In addition Albania still retains the cultural phenomenon of the third sex where women become sworn virgins. They are released from their traditional feminine role and become a man doing so by a formal oath given to twelve elders in the community. Afterwards none may remind this man of a previous life as a woman. Though the number of sworn virgins in Albania is small it is still present and any woman may assume this transformation despite modernity and its claims of equality. The Albanian diet reflects its Mediterranean culture using olive oil and an array of vegetables that provides an abundance of health to its people. There is much to learn from this ancient society. I hope this book does justice to the many traditions and culture of this unique people.

Simplifying the Soul Paula Huston, 2011-12-19. Award winning author and Benedictine oblate Paula Huston invites readers to de-clutter their minds, hearts, relationships and souls in a book of daily Lenten practices woven from the gospels, the Desert Fathers and the author's own wealth of spiritual experience. What are you giving up for Lent this year? It's the expected question amongst Christian friends each spring. In *Simplifying the Soul: Lenten Practices to Renew Your Spirit* Huston asks her readers a deeper alternative sort of question: How will you rid your life of excess this Lent? She encourages readers to see Lent as a time to seek out silence and free themselves of stuff and to acknowledge the connections between what they pray about and what they do. With honesty, vulnerability and grace, Huston challenges readers to move outward and act, showing them how everyday actions like cleaning out a junk drawer, giving away something no longer used or spending fifteen minutes in silence can be surprisingly powerful ways of experiencing a more meaningful Lent and a simpler life.

Whether cutting up a credit card visiting someone at the hospital or forgiving someone with whom they are angry readers experience under Huston's gentle and expert care how such practices lead to a more authentic Christian faith
