 The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic. This volume discusses the diversity of the colonial political experience, a diversity that modern scholars have found defies easy synthesis, as well as the long-term conflicts, policies, and events that led to revolution and the ideas underlying independence.

**VOLUME 2: The Early Republic 1784-1840**  
 Volume Editor: Michael A. Morrison, Purdue University  
 No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic. This volume discusses the era of Confederation, the shaping of the U.S. Constitution, and the development of the party system.

**Faith and Slavery in the Presbyterian Diaspora**  
 William Harrison Taylor, Peter C. Messer, 2016-01-28  
 Faith and Slavery in the Presbyterian Diaspora considers how in areas as diverse as the New Hebrides, Scotland, the United States, and East Central Africa, men's and women's shared Presbyterian faith conditioned their interpretations of and interactions with the institution of chattel slavery. The chapters highlight how Presbyterians' reactions to slavery, which ranged from abolitionism to indifference to support, reflected their considered application of the principles of the Reformed Tradition to the institution. Consequently, this collection reveals how the particular ways in which Presbyterians framed the Reformed Tradition made slavery an especially problematic and fraught issue for adherents to the faith. Faith and Slavery, by situating slavery at the nexus of Presbyterian theology and practice, offers a fresh perspective on the relationship between religion and slavery. It reverses the all too common assumption that religion primarily served to buttress existing views on slavery by illustrating how groups and individuals' reactions to slavery emerged from their understanding of the Presbyterian faith. The collection's geographic reach, encompassing the experiences of people from Europe, Africa, America, and the Pacific, filtered through the lens of Presbyterianism, also highlights the global dimensions of slavery and the debates surrounding it. The institution and the challenges it presented, Faith and Slavery stresses, reflected less the peculiar conditions of a particular place and time than the broader human condition as people attempt to understand and shape their world.
