

The Long Postwar Peace: Contending Explanations and Projections

Kegley, Charles W.

Note: This is not the actual book cover

Long Postwar Peace

David Jablonsky

Long Postwar Peace:

The Long Peace John Lewis Gaddis, 1987 In this fascinating new interpretation of Cold War history John Lewis Gaddis focuses on how the United States and the Soviet Union have managed to get through more than four decades of Cold War confrontation without going to war with one another Using recently declassified American and British documents Gaddis argues that the postwar international system has contained previously unsuspected elements of stability This provocative reassessment of contemporary history particularly as it relates to the current status of Soviet American relations will certainly generate discussion controversy and important new perspectives on both past and present aspects of the age in which we live *The Long Postwar Peace* Charles W. Kegley, 1991

Great Powers and World Order Charles W. Kegley, Gregory A. Raymond, 2020-02-12 Great Powers and World Order encourages critical thinking about the nature of world order by presenting the historical information and theoretical concepts needed to make projections about the global future Charles W. Kegley and Gregory Raymond ask students to compare retrospective cases and formulate their own hypotheses about not only the causes of war but also the consequences of peace settlements Historical case studies open a window to see what strategies for constructing world order were tried before why one course of action was chosen over another and how things turned out By moving back and forth in each case study between history and theory rather than treating them as separate topics the authors hope to situate the assumptions causal claims and policy prescriptions of different schools of thought within the temporal domains in which they took root giving the reader a better sense of why policy makers embraced a particular view of world order instead of an alternative vision Paradigm Lost? David Jablonsky, 1993 After every momentous event there is usually a transition period in which participants in the events whether individuals or nation states attempt to chart their way into an unfamiliar future In the United States in this century there are three such transitions each focused on America's role in the international arena After World War I the American people specifically rejected the global role for the United States implicit in Woodrow Wilson's strategic vision of collective security In contrast to this return to normalcy after World War II the United States moved inexorably toward international leadership in response to the Soviet threat The result was an acceptance of George Kennan's strategic vision of containing the Soviet Union on the Eurasian landmass and the subsequent bipolar confrontation of the two superpowers in a twilight war that lasted for over 40 years Sometime in the penultimate decade of the 20th century the United States and its allies won the cold war Once again in the current transition period the primary questions revolve around the management of power and America's role in global politics Once again there are the issues of change and continuity In terms of change the cold war set in train a blend of integrative and disintegrative forces and trends that are adding to the complex tensions of the current transition The integrative force that increasingly linked global economies in the cold war for instance also holds out the spectral potential of global depression or at the very least nations more susceptible to disintegrative actions as the Iraqi invasion of Kuwait

demonstrated In a similar manner the advances in communications and transportation that have spread the results of medical and scientific discoveries around the world are countered by the malign transnational results of nuclear technology the drug trade terrorism AIDS and global warming

The Waning of Major War Raimo Vayrynen, 2013-10-31 This book is a systematic effort by leading international scholars to map the trends in major power warfare and explore whether it is waxing or waning The main point of departure is that major power war as a historical institution is in decline This does not mean though that wars between states are in general disappearing While there is some convergence in the conclusions by individual authors they are by no means unanimous about the trend The articles explore different causes and correlates of the declining trend in major power warfare including the impact of the international structure nuclear weapons international law multilateral institutions sovereignty and value changes

Paradigm Lost? David Jablonsky, 1995-03-24 This book examines major historical post war transition periods with particular emphasis on the differences and similarities of the American experience after both world wars of this century and with the post Cold War transition currently underway Jablonsky provides a strategic vision that incorporates a multilateral great power approach to the international relations of our era After every momentous event there is usually a transition period in which participants in the events whether individuals or nation states attempt to chart their way into an unfamiliar future For the United States in this century there are three such transitions each focused on America's role in the international arena After World War I the American people specifically rejected the global role for the United States implicit in Woodrow Wilson's strategic vision of collective security In contrast to this return to normalcy after World War II the United States moved inexorably toward international leadership in response to the Soviet threat The result was an acceptance of George Kennan's strategic vision of containing the Soviet Union on the Eurasian landmass and the subsequent bipolar confrontation of the two super powers in a twilight war that lasted for more than 40 years Sometime in the penultimate decade of this century the United States and its allies won the Cold War Once again the United States faces a transitional period and the primary questions revolve around the management of power and America's role in global politics In this regard the Cold War set in train a blend of integrative and disintegrative forces and trends that are adding to the complex tensions of the current transition The realist paradigm still pertains in this situation where nation states are still the primary international actors In such a world American government elites must convince an electorate increasingly conscious of the domestic threats to national security of the need to continue to exercise global leadership in the management of power The answer as Jablonsky demonstrates is a strategic vision that incorporates a multilateral great power approach to international relations

Nuclear Weapons and Conflict Transformation Saira Khan, 2008-09-09 This new volume explores what the acquisition of nuclear weapons means for the life of a protracted conflict using the case study of the conflict between India and Pakistan

Point of Attack John Yoo, 2014-03-25 *Point of Attack* calls for a new understanding of the grounds for war by defending preventive war as a valid method used by the great

powers In this book John Yoo argues that new threats to international security come not from war between the great powers but from failed states human rights catastrophes terrorist groups weapons of mass destruction proliferation and destabilizing regional powers such as Libya Syria North Korea and Iran Point of Attack offers choice tools to bear on international legal rules to develop a new international legal regime that maximizes global welfare consistent with the realities of great power politics

The Future's Back Frank P. Harvey, 1997 Arguing that previous critiques of rational choice and deterrence theory are not convincing Frank Harvey constructs a new set of empirical tests of rational deterrence theory to illuminate patterns of interaction between rival nuclear powers He analyses the crisis management techniques used by the United States and the Soviet Union in twenty eight post war crises and isolates factors that promote or inhibit escalation of these crises This crises based data set serves as the basis for identifying patterns of response when one nuclear state is threatened by another The Future's Back offers new directions for testing that emphasize a more unified approach to theory building and assesses the feasibility of alternative courses of action to prevent escalation of future disputes characterized by nuclear rivalry

Understanding Conflict Resolution Peter Wallensteen, 2007 This thoroughly revised edition of Peter Wallensteen's text provides a comprehensive guide to understanding conflict resolution in the contemporary global environment Understanding Conflict Resolution draws on recent and classic research from around the world linking the theory of conflict resolution to in depth case studies throughout The first part reviews the development of conflict resolution since the Cold War and demonstrates the various approaches to conflict analysis The core of the book explores the settlement of three major types of international conflict inter state internal and those arising from state formation In the final part regional and international approaches are examined and questions posed regarding the future of conflict resolution This new edition has been brought fully up to date with coverage of the ongoing war on terror as well as events in Sudan Lebanon Sri Lanka and Zimbabwe Part Three considers the developments in UN reform and the increasing importance of civil society organizations Understanding Conflict Resolution remains an essential text for all students lecturers and researchers of peace and conflict resolution in international relations global politics and political science

The United States and the End of the Cold War John Lewis Gaddis, 1994-04-28 The Cold War ended with an exhilarating wave of events the toppling of the Berlin Wall the rise of the dissident poet Vaclav Havel the revolution in Romania Americans rejoiced at the dramatic conclusion of the long struggle But victories in wars hot or cold tend to unfocus the mind writes John Gaddis It can be a dangerous thing to have achieved one's objectives because one then has to decide what to do next In *The United States and the End of the Cold War* Gaddis provides a sharp focus on the long history of the Cold War shedding new light on its sudden ending as well as on what might come next In this provocative insightful book Gaddis offers a number of thoughtful essays on the history of international relations during the last half century His reassessments of important figures and themes from the Cold War are sometimes surprising For example he portrays John Foster Dulles and Ronald Reagan as far more flexible and perceptive statesmen than the

missile toting caricatures depicted in editorial cartoons And he takes a second look at the importance of espionage and intelligence in Cold War history a field often left to buffs and spy novelists Most important he focuses on the central elements in superpower relations In an eloquent account of the American style of foreign policy in the twentieth century for instance he explores how Americans having learned the lesson of Adolf Hitler consistently equated the forms of foreign governments with their external behavior assuming that authoritarian states would be aggressive states He also analyzes the tectonics of Cold War history demonstrating how long term changes in international affairs and Soviet bloc countries built up pressures that led to the sudden earthquakes of 1989 And along the way Gaddis illuminates such topics as the role of morality in American foreign policy the relevance of nuclear weapons to the balance of power and the objectives of containment He even includes and criticizes an essay entitled How the Cold War Might End written before the dramatic events of recent years to demonstrate how quickly the tide of history can overwhelm contemporary analysis Gaddis concludes with a thoughtful consideration of the problems and forces at work in the post Cold War world Author of such works as *The Long Peace* and *Strategies of Containment* John Lewis Gaddis is one of the leading authorities on postwar American foreign policy In these perceptive highly readable essays he provides a fresh assessment of the evolution of the Cold War and insight into the shape of things to come

Rethinking the Cold War Allen Hunter, 2010-06-02 A path breaking collection of essays by cutting edge authors that reassess the Cold War since the fall of communism

The Proliferation Puzzle Zachary S. Davis, Benjamin Frankel, 2020-12-01 Originally published in 1993 this volume was unique in its scope and approach Unlike most literature on nuclear weapons proliferation at the time the essays in this volume offer theoretical discussions and suggest testable hypotheses about the causes and effects of nuclear weapons proliferation The proliferation of nuclear weapons is an ideal subject for social science scholarship and such scholarship is especially timely now Among the topics discussed in *The Proliferation Puzzle* are The building of nuclear weapons is a complex task touching upon many of the subjects of study at the core of social science and international relations Nuclear weapons may be acquired as a hedge against external threat for reasons of national prestige or as a result of pressures by domestic coalitions among scientists bureaucrats and the military They may be sought for defensive purposes or to support hegemonic aspirations Nuclear weapons also raise questions about civilian command and control especially in crisis situations During the last two decades the acquisition of nuclear weapons has been proscribed by the non proliferation regime The decisions countries made about acquiring these weapons and the manner they chose to build them serve as a test of the efficacy of this particular regime and of international regimes more generally Nuclear weapons were introduced at the time bipolarity became the international order As the world moves away from bipolarity there is a need to answer questions such as What would be the effect of nuclear weapons in a multipolar order How will the spread of nuclear weapons affect the distribution of capabilities among states If nuclear weapons spread to additional countries will they enhance stability or exacerbate instability Can the spread of these weapons be managed or

controlled This book brings together scholars from different schools within international relations and the social sciences to address the question of why nuclear weapons spread A disciplined rigorous examination of proliferation is important not only for scholarship but also for informed policymaking The purpose of social science is to formulate hypotheses and devise theories that advance our understanding of society and aid in the fashioning of enlightened policy The essays in this volume show how explicit hypotheses about the causes and consequences of nuclear weapons proliferation provide a deeper understanding of the problem and suggest specific theory informed policy recommendations What Do We Know about War? John A. Vasquez, 2012-03-15 What Do We Know About War reviews the causes of war and the conditions of peace Drawing analyses from the thirty five year history of this discipline leading researchers explore the roles played by alliances territory arms races interstate rivalries capability and crisis bargaining in increasing the probability of war They emphasize international norms and the recent finding that democratic states do not fight each other as factors that promote peace

What Do We Know about War? Sara McLaughlin Mitchell, John A. Vasquez, 2024-01-09 This invaluable text assesses the current research on the causes of both war and peace In this revised third edition now with a brand new chapter on the Russian Ukraine War leading international relations scholars explore the role of territorial disputes power alliances arms races rivalry and nuclear weapons in bringing about war the outcomes and consequences of war and the factors that promote peace including democracy norms capitalist economies and stable borders The revised third edition includes a section on emerging trends in research on cyber war the environment and climate change leaders war financing and trends in interstate conflict Reviewing fifty years of scientific research the contributors provide an accessible and up to date overview of current knowledge and a road map for future research *Rediscovering Gandhi (Volume 10)* R.P. Misra, 2018-01-01 This is the tenth volume of Rediscovering Gandhi series of books edited by Prof R P Misra The volume is a collection of papers written by Prof Misra and published in various international and national journals and lectures delivered by him during the last two decades The volume covers all aspects of Gandhi s life childhood adolescence and youth his South African sojourn and birth of non cooperation movement there which was transformed into Satyagraha his return to India and call for Home Rule as the first step to secure Purna Swaraj complete independence for India and his non violent movement Satyagraha to free India from the British Rule Then there are chapters which cover themes like Truth is God Sarvodaya Swaraj Gram Swaraj Gandhian Economics Modernism and Post modernism Democracy Human Rights Ecology Education and Peace Liberal Peace Michael Doyle, 2011-08-05 This volume comprises the key writings of Prof Michael Doyle on the Liberal Peace from the 1980s up to the present day **The Ambiguous Legacy** Michael J. Hogan, 1999-11-13 This collection assesses the record of American foreign policy in the twentieth century *Fundamental Principles of International Relations* J. Martin Rochester, 2010-02-23 This lucid and engaging volume provides an essential framework for introducing students to the fundamentals of world politics by clarifying the complexities of its rapidly changing context

Long Postwar Peace Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Long Postwar Peace PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers

individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Long Postwar Peace PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Long Postwar Peace free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Long Postwar Peace Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Long Postwar Peace is one of the best book in our library for free trial. We provide copy of Long Postwar Peace in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Long Postwar Peace. Where to download Long Postwar Peace online for free? Are you looking for Long Postwar Peace PDF? This is definitely going to save you time and cash in something you should think about.
