Longman Exam Skills Proficiency Reading Teachers:

New Progress to Proficiency Teacher's Book Leo Jones, 2002-01-31 This teacher's book has been completely revised and updated for the December 2002 Proficiency exam specifications. It provides systematic coverage of skills and techniques for all five Proficiency papers.

New Proficiency Reading Mary Stephens, 2002 The Longman Exams Skills series is for students preparing for the First Certificate and Proficiency exams. The books in each set provide thorough preparation for each of the papers with lots of practice based on real exam tasks.

Exam Skills First Certificate Patrick McGavigan, John Reeves, 1999 Designed for students preparing for the Cambridge exams, each book in this series offers both students and teachers comprehensive support including revision sections, mini dictionaries and appendices in the students' books, and model answers, photocopiable tests and marking schemes in the teacher's books. The books can be used either as free-standing supplementary material or as a complete exam preparation series. They are designed to develop the essential language skills and sub-skills students need for each exam paper; they also offer specific training and guidance for each part of the exams with an abundance of practice based on realistic test tasks.

New Proficiency Writing Mary Stephens, 2002 The Longman Exams Skills series is for students preparing for the First Certificate and Proficiency exams. The books in each set provide thorough preparation for each of the papers with lots of practice based on real exam tasks.

Global Perspectives on Effective Assessment in English Language Teaching Fernández Álvarez, Miguel, Montes, Amanda Lira Gordenstein, 2023-08-25 English language programs depend on the effective assessment of the measure of student proficiency for purposes of placement, advancement and completion. A variety of approaches may be adopted depending on the program, its objectives and the students it serves. Teachers and administrators in many contexts may also be required to meet institutional accountability expectations often externally imposed and related to accreditation standards. The need for appropriate and accurate assessment of student learning, whether internally sought or externally required, provides the opportunity for teachers and administrators to consider current practices, implement reforms and because of ongoing assessment findings, improve student learning through curricular change, teacher training and modification of classroom practice. *Global Perspectives on Effective Assessment in English Language Teaching* explores approaches, models, principles and techniques related to effective assessment at the classroom and program levels. Covering topics such as language program evaluation, curriculum alignment and alternative assessment methods, this book is ideal for classroom teachers, administrators, researchers and students.

The British National Bibliography Arthur James Wells, 2002

Teaching ESL/EFL Listening and Speaking Jonathan M. Newton, I.S.P. Nation, 2020-10-26 This guide for teachers and teacher trainees provides a wealth of suggestions for helping learners at all levels of proficiency develop their listening and speaking skills and fluency using a framework based on principles of teaching and learning. By following these suggestions, which are organised around four strands: meaning-focused input, meaning-focused output, language-focused learning and fluency.

Shadowing for Listening Yo Hamada, 2016-07-01 Shadowing an active and highly cognitive technique for EFL listening skill development in which learners track heard speech and vocalize it simultaneously is gradually becoming recognized. However, there remain a lot of mysteries and misunderstandings about it. This book uncovers shadowing in terms of theory and practice. This book cements shadowing as a separate technique from other similar techniques such as Elicited Imitation, Mirroring, and simple repetition, and provides ample empirical data to explain the function of shadowing. It also elaborates on how shadowing should be used in terms of materials, procedure, and learners' psychology, which would aid in instructors' use of shadowing in teaching. A guide on a method effective in improving learners' bottom-up listening skills; this book will certainly prove useful to English language learners and instructors in their linguistic pursuits. **Subject Guide to Books in Print**, 1991
