Looking At Britain

Andrew Chatterton

Looking At Britain:

Britain's Competitiveness Dr Christopher Carr,2003-09-02 This book addresses the widespread concern regarding British industry's ability to compete internationally Through an analysis of the UK automotive components sector the author examines the central issues at the core of the competitiveness debate and outlines why there has been such a widespread and severe decline in the performance of British manufacturing It draws on findings from visits to thirty British manufacturers and also to thirty overseas manufacturers in Germany the USA and Japan matched on a product basis to allow comparisons and a genuine international perspective The author concludes that competitive decline is due in part to a weakness in the strategic management capability of many UK companies and also to the lack of adequate co ordination and co operation between customer and supplier industries Dr Carr identifies the remaining areas of vulnerability and priorities for action and finally considers the implications for Britain's overall competitiveness

A History of Britain in Thirty-six Postage Stamps Chris West,2013-10-22 Explores the history of England through 36 of its fascinating often beautiful and sometimes eccentric postage stamps emphasizing how stamps have always mirrored the events attitudes and styles of their time

Britain's Secret Defences Andrew Chatterton,2024-01-05 The first full history of the highly trained and ruthless civilian volunteers secretly trained across Britain to be deployed in the case of a German invasion The narrative surrounding Britain's anti invasion forces has often centered on Dad's Army like characters running around with pitchforks on unpreparedness and sense of inevitability of invasion and defeat The truth however is very different Top secret highly trained and ruthless civilian volunteers were being recruited as early as the summer of 1940 Had the Germans attempted an invasion they would have been countered by saboteurs and guerrilla fighters emerging from secret bunkers and monitored by swathes of spies and observers who would have passed details on via runners wireless operators and ATS women in disguised bunkers Alongside these secret forces the Home Guard were also setting up their own guerrilla groups and SIS MI6 were setting up post occupation groups of civilians including teenagers to act as sabotage cells wireless operators and assassins had the Nazis taken control of the country The civilians involved in these groups understood the need for absolute secrecy and their commitment to keeping quiet meant that most went to their grave without ever telling anyone of their role not even their closest family members There has been no official and little public recognition of what these dedicated men and women were willing to do for their country in its hour of need and after over 80 years of silence the time has come to highlight their remarkable role

and how it eventually led to triumph over adversity At times funny and uplifting and at others sad above all this is a real life story that will inspire

Britain's Medieval Episcopal Thrones Charles Tracy, 2015-01-30 This book is the first major investigation of a subject of seminal importance in the study of church history and archaeology The two stone thrones at Wells and Durham the three timber monuments at Exeter St Davids and Hereford and the mid 14th century bishop's chair at Lincoln all come under a searching empirical enquiry The Exeter throne is the largest and most impressive in Europe It is a distinguished innovatory example of the English Decorated style with antecedents passing back to the court of Edward I It exemplifies most of the historical and formal strands that suffuse the entire book visual appearance distinctiveness within the building prestige construction stylistic context finance and the patronage and personal role of the bishop himself as well as the subtler issues of the personal and collective politics of bishop and chapter the monument's liturgical applications its relationship with the cathedral's relics its symbolism and what it tells us about the aspirations of the institution within the existing ecclesiastical hierarchy The thrones also reveal much about the personal circumstances of an individual bishop and where he stood on the scale of a good diocesan on the one hand and ambitious politician on the other as exemplified at Exeter and Durham The text is by the art historian Dr Charles Tracy a seasoned expert on church furniture both in Britain and on the continent of Europe The chapter on the stone thrones was prepared by Andrew Budge who is currently preparing a Ph D thesis on English Chantry Churches at Birkbeck College The polychromy authority Eddie Sinclair spent many hours on the scaffold to bring forward her remarkable report on the Exeter throne Her full report is to be published online The Exeter throne is also interpreted by the established timber conservation practitioner Hugh Harrison and the St Davids throne by the experienced draughtsman Peter Ferguson In an age of the CAD his meticulous measured drawings of the Exeter and St Davids monuments are one of the most remarkable features of book The architect Paul Woodfield prepared the drawings for the Lincoln chair

Beardsley,2025-11-04 Harry Edward Vickers aka Flannelfoot was possibly Britain s most successful ever burglar Not financially he stole cash and low value items even bizarrely false teeth The success was in his hundreds of burglaries spread over many years without being caught The lives of career criminals are invariably dotted with prison sentences but thanks to his caution and cunning Flannelfoot operated night after night year after year with an impunity which embarrassed the police In the twenties and thirties Londers were deserting the overcrowded capital for the burgeoning suburbs of Metroland Flannelfoot was equally attracted to these areas and one of his hallmarks was to steal a bicycle at the scene of his last break in of the night and cycle to the nearest tube station Burglars and burglaries are never glamorous but one reason why the Flannelfoot saga engendered fascination more than fear is that he was never confrontational never violent and in fact so stealthy that few ever saw him His one man crime epidemic led to Scotland Yard assembling a team more used to solving murders than the plundering of gas meters After a lengthy and painstaking investigation a carefully planned night time surveillance operation involving several teams of officers led to the sensational capture of Flannelfoot Flannelfoot routinely features in crime anthologies and was the subject of a feature film but this is the first full biography of the man who became a legend in his own lifetime *Britain's Forgotten Serial Killer* John Lucas,2019-04-30 This true crime biography reveals the full story of a remorseless serial killer once proclaimed the most dangerous man in Britain and where he is now For a few days in the winter of 1975 it looked as though police had unmasked a serial killer whose reign of terror was unprecedented in British crime history Convicted of three killings suspected of another eight Patrick Mackay was dubbed the Monster of Belgravia the Devil s Disciple and simply The Psychopath The Nazi obsessed alcoholic had stalked the upmarket streets of West London hunting for victims and gruesomely murdered a priest he had once befriended in Kent Yet many of his suspected murders remain unsolved to this day Not long after his conviction the public outrage at his crimes faded Now after more than forty years behind bars Mackay has been allowed to change his name and transfer to an open prison steps that put him closer to freedom For the first time Britain s Forgotten Serial Killer

dictionary of agriculture and of the arts ... necessary to the farmer ... John Marius Wilson,1848 **Britain's Retreat**

from East of Suez Saki Dockrill, 2002-07-09 This book based on recently declassified documents in Britain and the USA is the first detailed account of Britain's East of Suez decision which was taken by the Harold Wilson Government in 1967-68. Contrary to received opinion the author argues that the decision was not taken hastily as a result of the November 1967 devaluation. Nor is there any hard evidence to support the notion that there existed a Pound Defence deal with the USA. Despite Washington's pressure to maintain Britain's East of Suez role the decision was taken by the Labour Government on the basis of a long term effort to re-examine Britain's world role since 1959 and it marked the end of an era for postwar Britain.
