Time, Space and the Human Body: An Interdisciplinary Look Rafael F. Narváez, Leslie R. Malland, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Concerns about the human body and soul and their relationship to the world around us are as old as Western Culture itself Beyond philosophy and theology these sorts of preoccupations have also marked the arts literature and poetry and to be sure they have influenced Western culture and have marked westerners imaginations and our everyday understanding of human nature This book considers various ways in which the body is and has been addressed and depicted over time and it is also a reflection on the ways in which the very spaces that we design and inhabit likewise reflect perceived ideas and misconceptions about the human body

All American Boys, An Insider's Look at the U.S. Space Program (New Ed.) Walter Cunningham, 2010-02-03 The most realistic look yet at astronaut life Chicago Sun Times The best of all the astronaut books Los Angeles Times The All American Boys is a no holds barred candid memoir by a former Marine jet jockey and physicist who became NASA s second civilian astronaut Walter Cunningham presents the astronauts in all their glory in this dramatically revised and updated edition that was considered an instant classic in its first edition over two decades ago From its insider s view of the pervasive astropolitics that guided the functioning of the astronaut corps to its thoughtful discussion of the Columbia tragedy The All American Boys resonates with Cunningham s passion for humanity s destiny in space which endures today This is a story of the triumph of American heroes Cunningham brings us into NASA s training program and reveals what it takes to be an astronaut He poignantly relates the story of the devastating Apollo 1 fire that took the lives of three astronauts and his own later successful flight on Apollo 7 This new edition includes an update of the manned space program and his tell it like it is observation of NASA s successes and failures It also includes commentary on the Shuttle disasters of Challenger and Columbia and his views on what NASA should be doing to get back on track and to regain public support

The Epic Structure of Space 1999 John K. Balor, 2018-02-18 This book contains transcripts from

Online Alpha discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll s stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **The Poetics of Stage Space** Bruce A. Bergner,2013-05-11 This book analyzes theatre scene design through the powers and characteristics of physical space Physical space is central to creative composition in the theatre but the author extends the reach of the book to individuals concerned with spatial design architects interior designers industrial designers artists and other performers A theory is presented on how design and its creative process echo the process of human awareness and action The book covers an array of considerations for the theatre designer the observable features of given physical spaces their layout detailing and atmosphere and presents these features from the points of view of various disciplines There are chapters on the physics of space the geography of space and the music of space The author also speaks to the less tangible qualities sensed more personally such as the spirituality or the psyche of space A discussion of the collaborative process of creating space is included Instructors considering this book for use in a course may request an examination copy [here](#)

Briefs New York State Appellate Division , *The Visual Preacher* Steve Thomason,2022-07-19 In *The Visual Preacher* Proclaiming an Embodied Word Steve Thomason s winsomely illustrated text shows preachers basic principles and visual techniques to create and use images that will make them even more effective communicators than they already are

Preachers need not be skilled artists or technological wizards to apply Thomason s ideas **The Musical Times & Singing-class Circular** ,1925 **Coloring the Universe** Travis Rector,Kimberly Arcand,Megan Watzke,2015-11-15 With a fleet of telescopes in space and giant observatories on the ground professional astronomers produce hundreds of spectacular images of space every year These colorful pictures have become infused into popular culture and can found everywhere from advertising to television shows to memes But they also invite questions Is this what outer space really looks like Are the colors real And how do these images get from the stars to our screens *Coloring the Universe* uses accessible language to describe how these giant telescopes work what scientists learn with them and how they are used to make color images It

talks about how otherwise unseeable rays such as radio waves infrared light X rays and gamma rays are turned into recognizable colors And it is filled with fantastic images taken in far away pockets of the universe Informative and beautiful Coloring the Universe will give space fans of all levels an insider's look at how scientists bring deep space into brilliant focus

Look Andrew L. Yarrow, 2021-11 Andrew L Yarrow tells the story of Look magazine one of the greatest mass circulation publications in American history and the very different United States in which it existed The all but forgotten magazine had an extraordinary influence on mid twentieth century America not only by telling powerful thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals Yarrow describes how the magazine covered the United States and the world telling stories of people and trends injustices and triumphs and included essays by prominent Americans such as Martin Luther King Jr and Margaret Mead It did not shy away from exposing the country's problems but it always believed that those problems could be solved Look which was published from 1937 to 1971 and had about 35 million readers at its peak was an astute observer with a distinctive take on one of the greatest eras in U S history from winning World War II and building immense increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of Black and female citizens Because the magazine shaped Americans beliefs while guiding the country through a period of profound social and cultural change this is also a story about how a long gone form of journalism helped make America better and assured readers it could be better still
