Jackson's units at Chantilly which ended the campaign. The Maps of Second Bull Run plows new ground by breaking down the entire campaign into 24 map sets or action sections enriched with 122 detailed full page color maps. These cartographic originals bore down to the regimental and battery level. They include the march to and from the battlefields and virtually every significant event in between including cavalry actions. At least two and as many as ten maps accompany each map set. Keyed to each piece of cartography is a full facing page of detailed text describing the units' personalities, movements and combat including quotes from eyewitnesses depicted on the accompanying map, all of which make the cavalry actions come alive. This presentation allows readers to easily find a map and text on any portion of the sprawling campaign. Serious students will appreciate the extensive endnotes and complete orders of battle and take the book with them to the battlefields. A final bonus is that the maps unlock every other book or article written on any aspect of the campaign. Perfect for the easy chair or for stomping the hallowed grounds. The Maps of Second Bull Run is a seminal work that belongs on the bookshelf of every serious and casual student of the battle.
