Looking Good Feeling Beautiful:

Digging Into Popular Culture Ray Broadus Browne, Pat Browne, 1991 This volume presents archeological studies in conjunction with cultural anthropological studies as a means to enhance popular culture studies Scholar Malcolm K Shuman points out that the study of archeology must be careful to chart the total human content of an artifact because archeology is a profoundly human and humanizing endeavor that cannot be divorced from the matrix of human life The other ten essays cover aspects of archeology and cultural anthropology and the authors are meticulous in studying their subject in context

Looking Good . . . Every Day Nancy Nix-Rice, 2014-09-01 Any woman can look and feel lovely regardless of her age bank balance or pant size and Looking Good Every Day defines a simple yet sophisticated standard for women to determine exactly which clothes and accessories will showcase their unique beauty The points of connection method explains that the more characteristics that exist in common between a woman and her outfit the more lovely she will look It shifts emphasis from hiding her perceived figure challenges and focuses on spotlighting her personal assets By choosing wardrobe additions in this way everything in her closet will work together She has more outfits from fewer garments allowing her to buy higher quality garments without increasing her budget Photography of real women ranging from 22 to 80 years old and from size 4 to 24 illustrates the universal impact points of connection make in their appearance The Beauty Paradox Chiara Piazzesi, 2023-03-06 Why must beauty be seen as a binary that is either oppressive or empowering for women The Beauty Paradox Femininity in the Age of Selfies argues that women s experiences of beauty as both validating and belittling is grounded in the contradictory injunctions that they receive regarding their participation in beauty culture Piazzesi identifies the four main paradoxes of Western beauty culture the worth paradox the authenticity paradox the power paradox and the commitment paradox and examines how they trail women s everyday experiences choices and reflections regarding beauty She examines the role of beauty in women s everyday lives and in a variety of contexts informal social encounters work and career settings parenting intergenerational relationships self care and online networking practices The author broadens the current discourse on beauty with an emphasis on the digital world primarily the use of selfies **Feminist New**
