Loose Women Lecherous Men

Linda LeMoncheck

Loose Women Lecherous Men:

Loose Women, Lecherous Men Linda LeMoncheck, 1997-10-09 Linda LeMoncheck introduces a new way of thinking and talking about women's sexual pleasures, preferences, and desires. Using the tools of contemporary analytic philosophy, she discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum. She argues that in order to capture the diversity and complexity of women's sexual experience, women's sexuality must be examined from two equally compelling perspectives: that of women's sexual oppression under conditions of individual and institutional male dominance and that of women's sexual liberation both in terms of each woman's pursuit of sexual agency and self-definition and in terms of women's sexual liberation as a class. **Loose Women, Lecherous Men** sheds crucial new light on such much-debated topics as promiscuity, adultery, sexual deviance, prostitution, pornography, sexual harassment, and sexual violence against women. Her book supports a dialogue that encourages both women and men to take up a feminist perspective in exploring the meaning and value of sexuality in their lives.

Loose Women, Lecherous Men Linda LeMoncheck, 1997 The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum. *The Sex Goddess in American Film, 1930-1965* Jessica Hope Jordan, 2009 In the first critical study of the sex goddess in film, Jessica Hope Jordan illustrates how Jean Harlow uses her sexualized body to affect and seduce viewers away from any primary identification with those characters and their plotlines that are supposed to lead the film to identifying instead with the kind of sexual empowerment and self-possession her characters consistently display. Linking the idea of sexual empowerment to the filmic and public celebration of hyper-feminine sexuality, the book additionally covers previous feminist discussions of Mae West's performances as feminist camp to argue that West sought to both celebrate and embody for women viewers what she viewed as cultural ideals of femininity and women's sexuality. With Lana Turner and the cinematic code, the book considers the many problems inherent in both the filmic and public celebration of hyper-feminine sexuality in relation to censorship and considers the effects of the Hays Code on hyper-feminine sexuality as depicted in film noir. The book also importantly presents the first critical discussion of the actress Jayne Mansfield, suggesting that her 1950s open acceptance, celebration, and public promotion of her feminine sexuality both onscreen and off makes her not only a precursor of the more sexually liberated 60s but also like the other actresses discussed here a kind of prescient performance artist even theorist of feminine sexuality in particular and cultural ideas about sexuality more generally. Beyond recouping her image as feminist, the book demonstrates how the kind of desire aroused by the sex goddess—a desire which remains endlessly suspended—works as a supreme example of the aesthetic apparatus of cinema itself. Writing through the Visual and Virtual Renée Larrier,Ousseina Alidou,2015-11-12 Writing Through the Visual and Virtual Inscribing Language Literature and Culture in Francophone Africa and the Caribbean interrogates conventional notions of writing The contributors whose disciplines include anthropology art history education film history linguistics literature performance studies philosophy sociology translation and visual arts examine the complex interplay between language literature arts and the visual and virtual domains of expressive culture The twenty five essays explore various patterns of writing practices arising from contemporary and historical forces that have impacted the literatures and cultures of Benin Cameroon C te d Ivoire Egypt Guadeloupe Haiti Martinique Morocco Niger Reunion Island and Senegal Special attention is paid to how scripts though appearing to be merely decorative in function are often used by artists and performers in the production of material and non material culture to tell stories of great significance co mingling words and images in a way that leads to a creative synthesis that links the local and the global the classical and the popular in new ways

Sexual Harassment Linda LeMoncheck,Mane Hajdin,2000-01-01 The question of what constitutes sexual harassment from suggestive remarks to outright threats from off color jokes to lewd posters on office walls is contentious as is the question of how to address sexual harassment Do all instances of sexual harassment constitute sex discrimination Are some instances merely sexual attraction gone wrong Do social policies aimed at eliminating sexual harassment in the workplace violate freedom of expression or do they make working relationships possible between women and men In this uncompromising yet respectful debate two philosophers of widely divergent views present clear arguments and then respond directly to each other s reasoning LeMoncheck argues for a feminist perspective on sexual harassment that is sensitive to the politics of gender Hajdin contends that this perspective is both morally confusing and legally problematic and that sexual harassment can be better addressed by traditional moral and legal categories

Sex Workers in the Maritimes Talk Back

Leslie Ann Jeffrey, Gayle MacDonald, 2011-11-01 Sex workers are often the objects of study for academics and policy makers. Theories about their lives and the policies that affect their work are usually developed without input from the sex workers themselves as they are rarely seen as capable of analyzing the social and political world in which they work. In this book, however, sex workers set the tone. Leslie Ann Jeffrey and Gayle MacDonald interview sex workers in three Maritime cities and those who work around them: police, health care providers, community workers, advocates, members of neighbourhood associations, and politicians. The sex workers discuss such issues as violence and safety, health and risk, politics and policy, media influence, and public perception of the trade, portraying the best and the worst facets of their working lives and expressing sentiments refreshingly at odds with commonly held opinions. Given recent Parliamentary recommendations to decriminalize prostitution, *Sex Workers in the Maritimes: Talk Back* represents a timely shift to public discussions about sex work. Engaging and accessible, this book will be of interest to public policy practitioners, students of social and political science, community advocates, police, and sex workers and their families.

Part-Time Perverts Lauren Rosewarne, 2011-04-19 This book offers an erudite yet highly accessible exploration of the presence of sexual perversion in popular culture and its manifestation in everyday life. An interdisciplinary exploration of sexual perversion in everyday life, *Part Time Perverts: Sex, Pop Culture, and Kink Management* starts from the premise that for better or worse everyone is exposed to a continual barrage of representations of sexual perversion, both subliminal and overt. Our involvement, Dr. Lauren Rosewarne contends, is universal, but our management strategies cover a spectrum of behavioral possibilities from total repression to total immersion. It is those strategies that she examines here. Drawing on her own experience as well as on pop culture and a multidisciplinary mix of theory, Rosewarne shifts the discussion of perversion away from the traditional psychological and psychiatric focus and instead explores it through a feminist lens as a social issue that affects everyone. Her book examines representations of perversion from suppression to dabbling to full body immersion and proposes a classification for perversion management and charts the diverse strategies we use to manage and perhaps enjoy exposure.

Love and Freedom Jorge N. Ferrer, 2021-06-24 In *Love and Freedom*, Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized, a step forward in the evolution of modern relationships. In the same way that the transgender movement surmounted the gender binary, Ferrer defines how a parallel step can and should be taken with the relational style binary. This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological, psychological, and sociocultural conditionings. To achieve these goals, Ferrer first discusses a number of critical categories: specifically, monopride, polyphobia, and polypride, monophobia, that mediate the contemporary mono/poly wars that is the predicament of mutual competition among monogamists and polyamorists. The ideological nature of these mono/poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality.

of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
