García Lorca at the Edge of Surrealism David F. Richter, 2014-10-15 García Lorca at the Edge of Surrealism The Aesthetics of Anguish examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico García Lorca 1898-1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader André Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca's surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897-1962 who was expelled from Breton's authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review Documents 1929-1930 in terms of a dissident surrealist ethno-poetics This brand of the surreal underscores the prevalence of the bleak or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period García Lorca at the Edge of Surrealism offers the first book-length consideration of Bataille's thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By reading Lorca's surrealist texts including Poeta en Nueva York Viaje a la luna and El público through the Bataillean lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means

Lorca, Buñuel, Dalí Gwynne Edwards, 2009-06-17 Lorca Buñuel and Dalí were in their respective fields of poetry and theatre cinema and painting three of the most imaginative creative artists of the twentieth century their impact was felt far beyond the boundaries of their native Spain But if individually they have been examined by many their connected lives have

rarely been considered. It is these ties that bind them that constitute the subject of this illuminating book. They were born within six years of each other and as Gwynne Edwards reveals their childhood circumstances were very similar. Each was affected by a narrow minded society and an intolerant religious background which equated sex with sin and led all three to experience sexual problems of different kinds. Lorca the guilt and anguish associated with his homosexuality. Bunuel feelings of sexual inhibition and Dali virtual impotence. Having met during the 1920s at the Residencia de Estudiantes in Madrid they developed intense personal relationships and channelled their respective obsessions into the cultural forms then prevalent in Europe. In particular Surrealism. Rooted in emotional turmoil their work from Lorca's dramatic characters in search of sexual fulfilment to Bunuel's frustrated men and women and Dali's potent images of shame and guilt is highly autobiographical. Their left wing outrage directed at bourgeois values and the Catholic Church was strongly felt and in the case of Lorca in particular was sharpened by the catastrophic Civil War of 1936-9 during the first months of which he was murdered by Franco's fascists. The war hastened Bunuel's departure to France and Mexico and Dali's to New York. Edwards describes how for the rest of his life Bunuel clung to his left wing ideals and made outstanding films while the increasingly eccentric and money obsessed Dali embraced Fascism and the Catholic Church and saw his art go into rapid decline.

Blood Wedding
 Federico Garcia Lorca, Gwynne Edwards, 2020-02-27. Blood Wedding is set in a village community in Lorca's Andalusia and tells the story of a couple drawn irresistibly together in the face of an arranged marriage. This tragic and poetic play is the work on which his international reputation was founded. Like many of Lorca's passionate and intensely lyrical plays that focus on peasant life and the forces of nature Blood Wedding combines innovative dramatic technique with Spanish popular tradition. Methuen Drama Student Editions are expertly annotated texts of a wide range of plays from the modern and classic repertoires. As well as the complete text of the play itself the volume contains a chronology of the playwright's life and work an introduction giving the background to the play a discussion of the various interpretations notes on individual words and phrases in the text and questions for further study.

Lorca: Yerma J. Minetti, John E. Lyon, 1987-01-01. One of Lorca's best known plays tells the story of a young peasant wife in rural Spain whose sole conscious desire is to embody what she regards as the natural moral and social laws governing her life as a woman in motherhood.
