protección internacional de los derechos humanos ante el cual pueden accionar las víctimas de violaciones cuando no hayan sido protegidas de manera oportuna y efectiva por los Estados a fin de solicitar la protección de los derechos humanos reconocidos en el Pacto Internacional de Derechos Civiles y Políticos. El estudio hace especial referencia a las reglas de admisión de las quejas que se pueden formular ante el Comité entre ellas al principio del previo agotamiento de los recursos internos pero haciendo especial referencia a la peculiaridad en este caso que permite que el Comité pueda conocer de casos que hayan sido sometidos incluso ante otros órganos convencionales de protección siempre que ya han sido previamente decididos por los mismos. Es la regla procesal conocida como la excepción de litispendencia incluida en la regla de no duplicación paralela o simultánea de procedimientos de protección internacional. Ello en definitiva significa que un mismo caso que ha sido presentado en otro órgano internacional convencional no puede ser admitido por el Comité mientras este es examinado por aquel. Como lo explica el profesor Ayala Corao en el libro esta regla de admisión de los casos por el Comité de la ONU es consecuencia de la inexistencia de una prohibición expresa en el Pacto y su Protocolo Facultativo para que este pueda examinar los casos que ya han sido decididos por otros procedimientos internacionales lo cual lo convierte en el único órgano convencional de protección internacional de derechos humanos que tiene competencia para examinar un asunto que ya ha sido decidido por otro órgano convencional de protección internacional de derechos humanos. Ello tiene lugar cuando ese otro órgano internacional que podría ser por ejemplo la Corte Europea de Derechos Humanos la Comisión Interamericana de Derechos Humanos la Corte Interamericana de Derechos Humanos la Comisión Africana de Derechos Humanos y de los Pueblos y la Corte Africana de Derechos Humanos y de los Pueblos no ha otorgado una tutela integral y efectiva a la víctima ya sea por haber declarado su caso inadmisible o improcedente. En otros términos si la decisión de estos órganos no le brinda una protección integral y efectiva a la víctima esta podrá presentar su caso al Comité de Derechos Humanos de la ONU. Este libro precisamente explica los procedimientos y mecanismos de los cuales disponen las víctimas para poder acudir en esos casos ante el Comité en la búsqueda de protección convencional a sus derechos violados por los Estados.

El artículo traza cómo en estos cincuenta últimos años se ha pasado de declaraciones de principios en el recinto de salas de reuniones internacionales a la observación y verificación en el terreno de cómo los Estados aplican las normas de derechos humanos y cumplen con sus obligaciones internacionales. Analiza asimismo la integración de los derechos humanos en la política de las Naciones Unidas a través de los distintos mecanismos de protección que se han venido desarrollando en el terreno en materia de derechos humanos.
